VITA CARVE is inspired by Mediterranean woven fibres—wickerwork baskets, straw hats, cane roofs, brushwood fences and esparto rope—, natural fibres traditionally used to create a wide variety of objects. The collection conjures up the very essence of these woven fibres in an artisanal design with a warm, natural allure.

VITA CARVE features three models: one with volumes, one without and a third transitional model, combinable in endless different compositions. The tiles can be laid vertically or horizontally, taking advantage of their shapes, colours and light and shade to create settings with a smooth-feeling texture evocative of natural fibres. The collection comes in a 32x90 format in a choice of white, sand and silver.
