

CENTRO
COLORS

STONESOURCE

Tales of inspiration

To describe the Centro Colors collection we have chosen a story set in the Romagna Riviera that, inspired by Luigi Ghirri's horizons, evokes the sounds of a bright, complex and inviting landscape.

COLORS

Lines, thicknesses, materials and colours. These are the elements that simultaneously define physical and interior space by designing states of body, mind and soul.

Contrasts that create a world that is light, but also rich and deep. Tradition fused with contemporary style. Rhythm and music.

Colour and matter

Colour, modulated in a series of different shades and degrees of intensity is the style driver in this Centro Colors white body wall tile collection. 12 shades, ranging from white to black and passing through yellow ochre, antique pink, sugar paper blue, metallic and the new Blue: deep, sophisticated and ultra-contemporary.

The long side of the strip tile stands out for its gentle chamfer and pigment concentration, both of which give this wall tile a dynamic energy while the matte or gloss surfaces increase its expressiveness and application options as well as offering a constant invitation to be looked at and touched.

ATTENZIONE COLORI METALLICI:
I colori metallizzati sono realizzati con smalti speciali che tendono ad avere un effetto crackle naturale e una bassa resistenza a prodotti acidi ed alcalini.
Non utilizzare prodotti di pulizia aggressivi, come candeggina, ammoniaca e anticalcare.

WARNING: TILES WITH METALLIC COLORS:
Metallic colors are made with special glazes that tends to have a natural crackle effect and low resistance to acidic and alkaline cleaning products. Do not use aggressive cleaning products, such as bleach, ammonia or antilimescale.

Istruzioni di posa laying instructions

Istruzioni di posa per piastrelle con variazione cromatica:

Si consiglia di prelevare le piastrelle da più scatole contemporaneamente per garantire una corretta stonalizzazione che esalti la variabilità e la casualità della superficie finita.

Laying instructions for tiles with colour variation:

It is recommended to take tiles from several boxes at a time to ensure proper shade variation that enhances the variability and randomness of the finished surface.

Instructions de pose pour les carreaux avec variation de couleur :

Il est conseillé de prendre les carreaux de plusieurs boîtes en même temps pour assurer une pose correcte qui améliore la variabilité et le caractère aléatoire de la surface une fois la pose terminée.
