STONESOURCE

CARRARA

that which is
left over is
history

Every stone is a story in which nature and culture come together in the delicacy of a streak or in the admirable form of a work of art. We have transferred these sensations to a surface that amazes us with its grace and elegance.

STATUARIO

magnificent,
entrancing
purity

The finest and most precious white marble, the predilection of sculptors and artists since time immemorial, is enriched with superior technical and aesthetic qualities. Its calming lustre and compact structure are synonyms for understatement and elegance in sophisticated designer environments.
