Punto

Evoluzione del concept che aveva ispirato la collezione Pico, Punto è un elemento decorativo tridimensionale, pensato specificamente per essere utilizzato a rivestimento. Il pattern, caratterizzato da grossi punti scavati (Down) o a rilievo (Up), trova la sua massima espressione utilizzato su superfici di grandi dimensioni. A seconda di come vengono colpiti dalla luce, gli elementi prendono vita attraverso inaspettati giochi chiaroscurali che ravvivano gli interni. Ognuna delle varianti Up e Down esiste nel formato singolo di 4x31.5 cm, fornito su reti di cinque pezzi ciascuna. La palette comprende cinque colorazioni con finitura Matt (White, Grey, Red, Green e Blue) e cinque con finitura Glossy (Blanc, Gris, Rose, Vert e Brun), ottenuta applicando uno smalto trasparente, lucido e brillante. La tecnica di bicottura tradizionale ha permesso di enfatizzare la ricchezza delle superfici, in modo particolare nei colori Vert e Brun, a cui è stato aggiunto uno smalto reagente tipico delle realizzazioni artigianali, che ha garantito una resa del colore eccezionale.

Developed from the concept that inspired Pico collection, Punto is a three-dimensional decorative element that can be used only on walls. The pattern is characterised by big sunken dots (Down) or elevated dots (Up) and finds its highest expression when used on large surfaces. Depending on how light hits the elements, they create unexpected chiaroscuro effects that enliven interiors.

Both the Up and Down options are available in a single size of 4x31.5 cm, provided on meshes of five pieces each. The palette presents five colours in Matt finish (White, Grey, Red, Green and Blue) and five in the Glossy one (Blanc, Gris, Rose, Vert and Brun), which is obtained by applying a transparent, polished and bright glaze. The traditional double-firing production technique enhanced the preciousness of surfaces, especially in the shades Vert and Brun where a reacting enamel typical of handcrafted pieces guaranteed an exceptional colour rendering.
