

Adler

Accessible power

Integrated lighting

Soft close storage

A private office with all the features you imagined

When we set out to design a new private office collection, we began where it always starts - by listening. Adler was shaped by the real needs of today's professionals, balancing design, performance, and personal expression. Its sculpted forms and subtle details create an inviting workspace rooted in clarity and purpose.

Elevated, intentional design

Adler redefines the private office through purposeful design and refined functionality. With elements like a rotating bench, integrated power, layered surfaces, and smart storage options, Adler supports both focus and collaboration—adapting seamlessly to the rhythm of your day.

OFS Design Team

OFS Design Team

The OFS Design Studio represents a collaborative effort of dynamic backgrounds and geographic origins among industrial design and engineering teammates with one thing in mind... people. Pencil sketches, 3D printed parts, and rough prototypes serve

as the journey to fine tune the last 10%, so that people can feel the difference between good design and great design. Our goal is to deliver design value in a very intentional way where products are simple, personal, and purposeful.
