General notes   transaction comparisons	3
Transaction counter desks	4-13
Transaction box desks	14-23

**General Notes**

**Shipping**

- Stone transaction counters are crated on a skid separate from cartons noted on following pages. Example: EL-T72S and EL-T84S would ship as two cartons and one skid

**Transaction comparisons**

**Transaction counter**

- Transaction height: 45”h
- Transaction counter on standoffs along approach side of reception desk

**Transaction box**

- Transaction height: 47.75”h
- Transaction box with interior cubbies along approach and side of reception desk

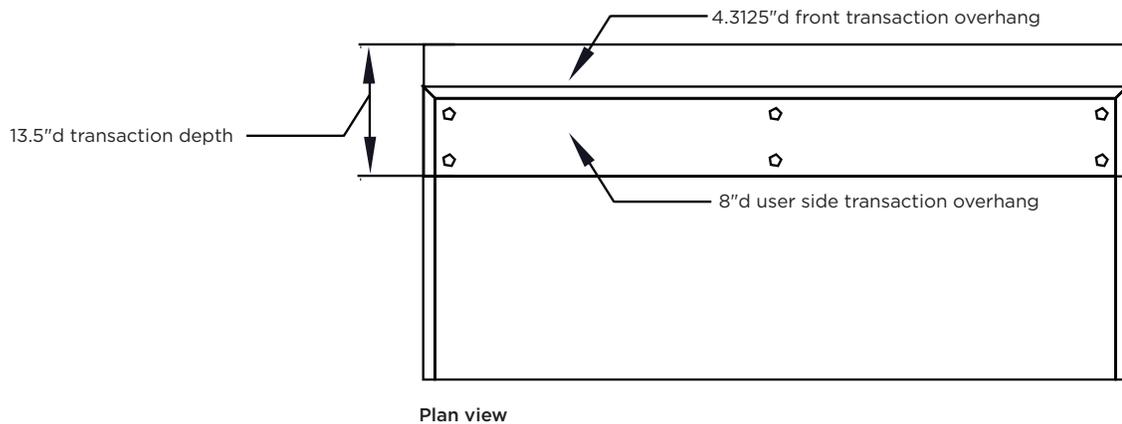

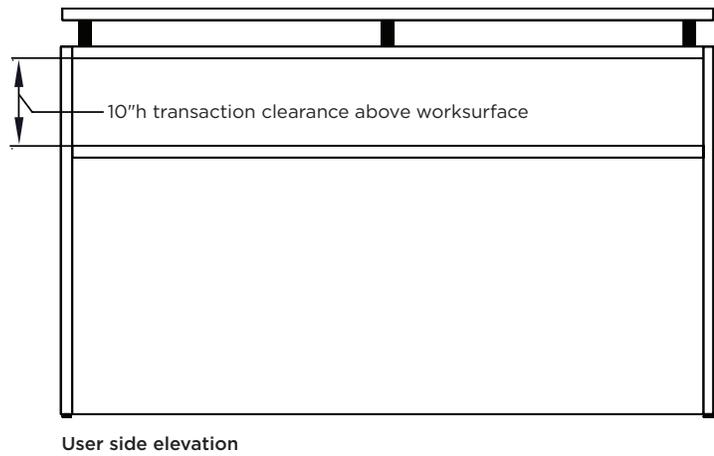

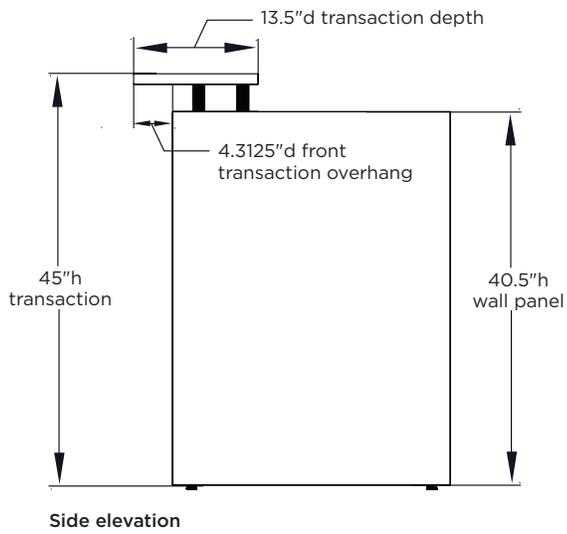

**Transaction counter dimensions**

**Wall panel storage**

- Transaction counter height: 45" h
- Wall panel height: 40.5" h
- 13.5" d transaction shelf with 8" d subtop on 3" h standoffs. Standoffs under tops
- **Note:** Glass transaction counters do not include a subtop. Standoff top cap comes through material
- 4.3125" d transaction overhang
- 10" clearance between worksurface and transaction shelf

**Transaction dimensions**

## Transaction counter desk dimensions - shell desk

### Models

- EL-T72S | EL-T84S
- Ships in two cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

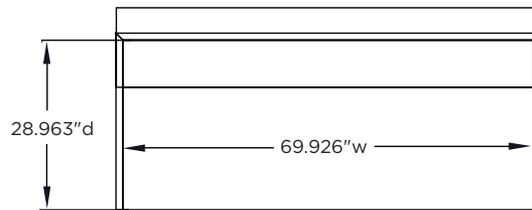

### Overview dimensions

- Overall widths: 72"w or 84"w
- Overall depth: 34.3125"d

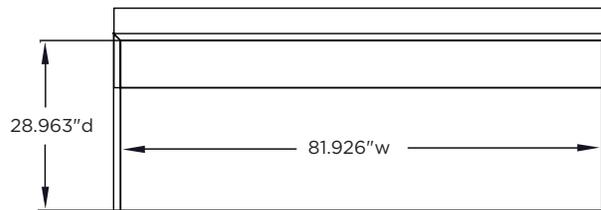

### Desk worksurface dimensions

- Worksurface widths: 69.926"w (72"w desk) or 81.926"w (84"w desk)
- Worksurface depth: 28.963"d

### Worksurface dimensions

## Transaction counter desk dimensions - L desk

### Models

- EL-T72LL48 | EL-T72LL60 | EL-T84LL48 | EL-T84LL60 consists of right desk and left return
- EL-T72RL48 | EL-T72RL60 | EL-T84RL48 | EL-T84RL60 consists of left desk and right return
- Ships in three cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

### Overall dimensions

- EL-T72LL48 | EL-T72RL48: 72" w x 82.3125" d x 45" h
- EL-T72LL60 | EL-T72RL60: 72" w x 94.3125" d x 45" h
- EL-T84LL48 | EL-T84RL48: 84" w x 82.3125" d x 45" h
- EL-T84LL60 | EL-T84RL60: 84" w x 94.3125" d x 45" h

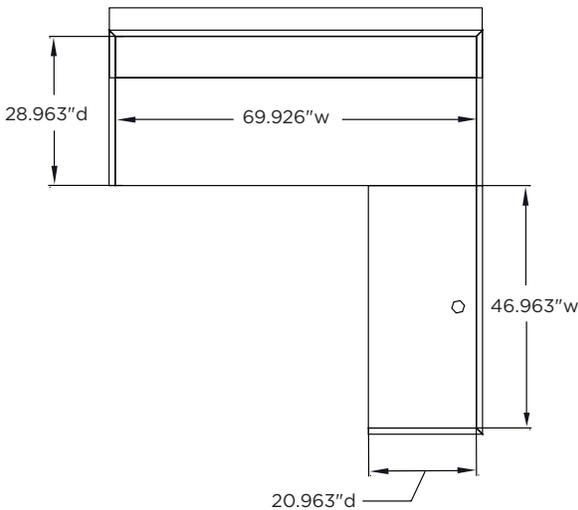

### Desk worksurface dimensions

- Worksurface actual widths: 69.926" w (72" w desk) or 81.926" w (84" w desk)
- Worksurface actual depth: 28.963" d

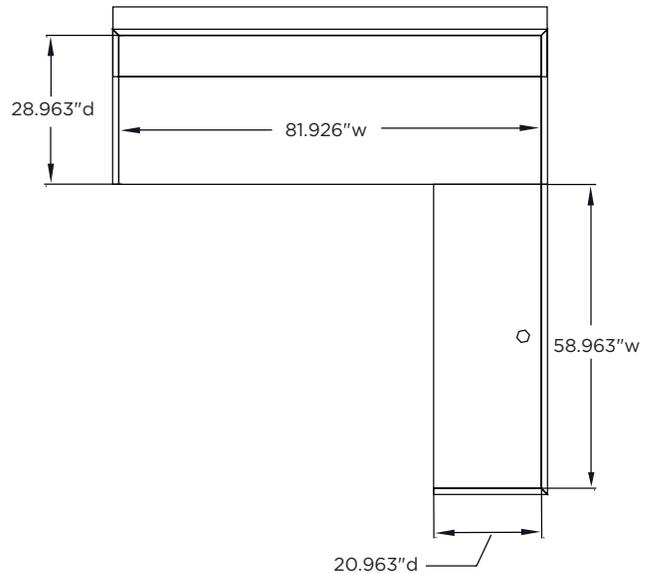

### Return worksurface dimensions

- Return surface actual widths: 46.963" w (48" w return) or 58.963" w (60" w return)
- Return surface actual depth: 20.963" d

### Worksurface dimensions

## Transaction counter desk dimensions - open L desk

### Models

- EL-T72LL48C | EL-T72LL60C | EL-T84LL48C | EL-T84LL60C consists of right desk with open end and left return
- EL-T72RL48C | EL-T72RL60C | EL-T84RL48C | EL-T84RL60C consists of left desk with open end and right return
- Ships in three cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

### Overview

- Overall widths: 72" w or 84" w
- Overall depth: 82.31" d or 94.31" d

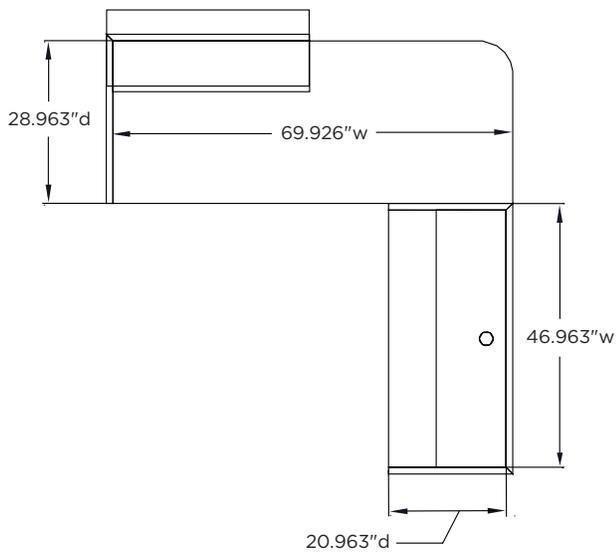

### Desk worksurface dimensions

- Worksurface actual widths: 70.8125" w (72" w desk) or 82.8125" w (84" w desk)
- Worksurface actual depth: 28.963" d
- 36" w opening on approach
- Curved radius on open worksurface corner

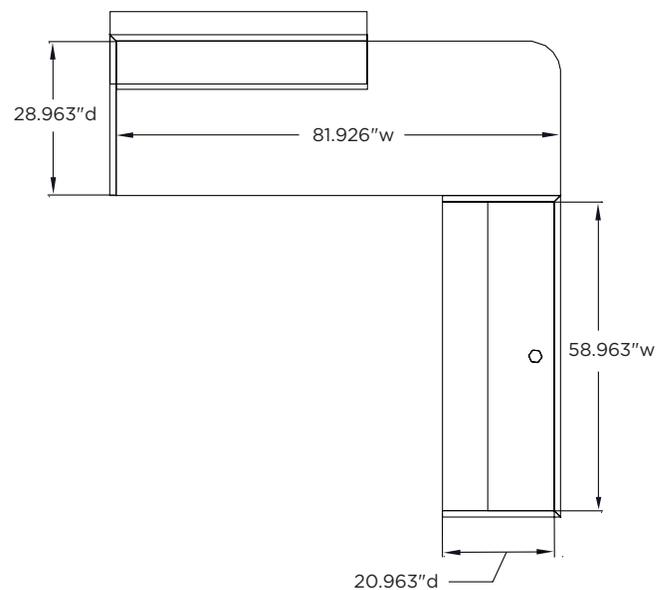

### Return worksurface dimensions

- Return surface actual widths: 45.625" w (48" w return) or 57.625" w (60" w return)
- Return surface actual depth: 20.963" d
- 48" w paper organizer overall dimensions: 45.625" w x 12.375" d x 6.375" h
- 60" w paper organizer overall dimensions: 57.625" w x 12.375" d x 6.375" h
- Paper organizer interior dimensions: 10.8125" w x 11.625" d x 4.875" h per section
- 4.625" clearance under paper organizer to top of the worksurface

## Transaction counter dimensions - U desk

### Models

- EL-T72LU48 | EL-T72LU60 | EL-T84LU48 | EL-T84LU60 consists of right desk, bridge, and left credenza
- EL-T72RU48 | EL-T72RU60 | EL-T84RU48 | EL-T84RU60 consists of left desk, bridge, and right credenza
- Ships in four cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

### Overview

- Overall widths: 72" w or 84" w
- Overall depth: 104.3125" d or 115.8125" d

### Desk worksurface dimensions

- Worksurface actual widths: 69.926" w (72" w desk) or 81.926" w (84" w desk)
- Worksurface actual depth: 28.963" d

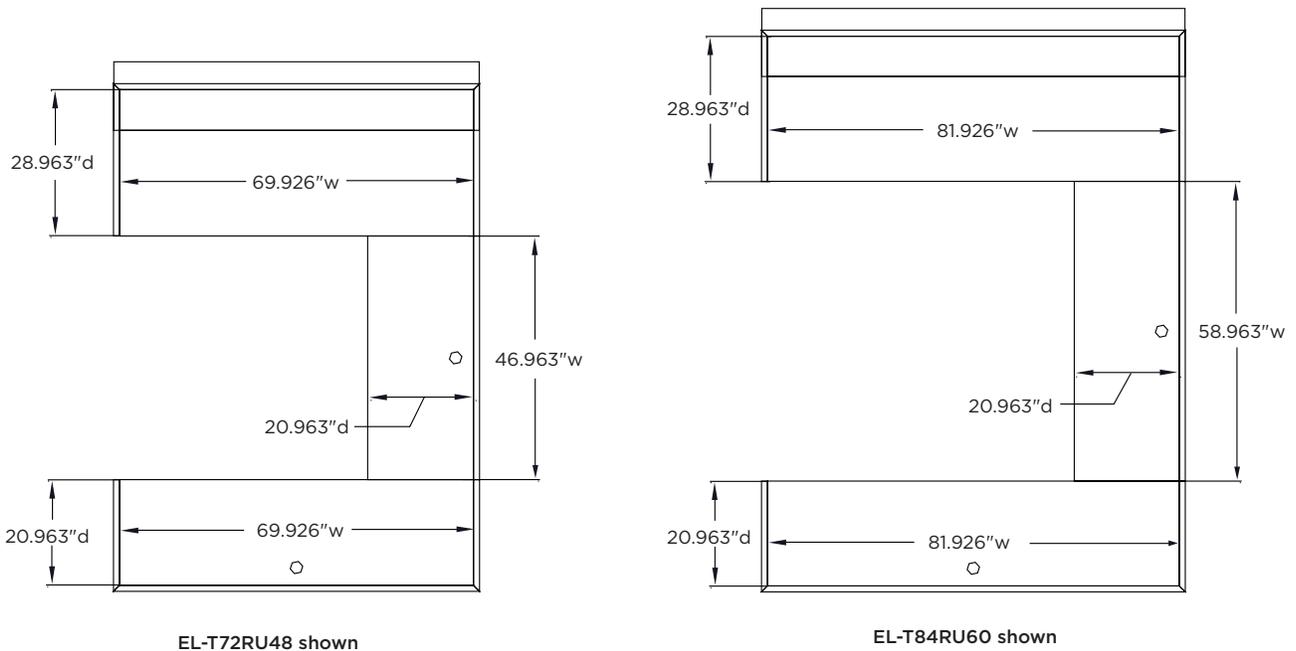

### Bridge worksurface dimensions

- Bridge surface actual widths: 48" w (48" w bridge) or 59.5" w (60" w bridge)
- Bridge surface actual depth: 20.963" d

### Credenza worksurface dimensions

- Credenza surface actual widths: 69.926" w (72" w credenza) or 81.926" w (84" w credenza)
- Credenza surface actual depth: 20.963" d

### Worksurface dimensions

## Transaction counter dimensions - double desk with open center

### Models

- EL-T72DC | EL-T84DC
- Ships in five cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

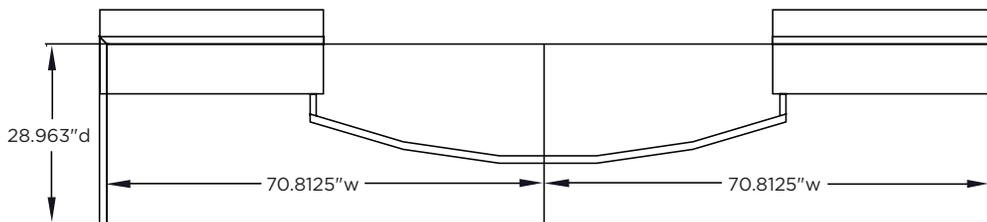

### Overview

- Overall widths: 144"w or 168"w
- Overall depth: 34.3125"d
- Two worksurfaces with vertical panel support at seam
- 48"w transaction counters at each end
- 72"w opening in center between transaction counters
- Opening depth below worksurface 19.5"d in center, 13.125"d at ends
- **Note:** Desk pedestals may be used at each end, not for use at center of the unit

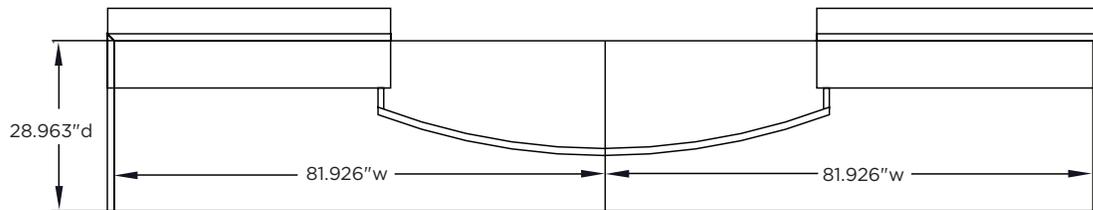

### Desk worksurface dimensions

- Worksurface widths: 70.8125"w (72"w desk) or 82.926"w (84"w desk)
- Worksurface depth: 28.963"d
- Two worksurfaces with center seam

### Models

- EL-T72D | EL-T84D | EL-T72D2
- Ships in four cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

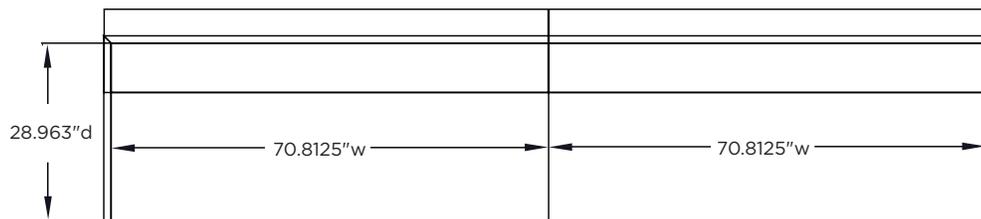

### Overview

- Overall widths: 144"w or 168"w
- Overall depth: 34.3125"d

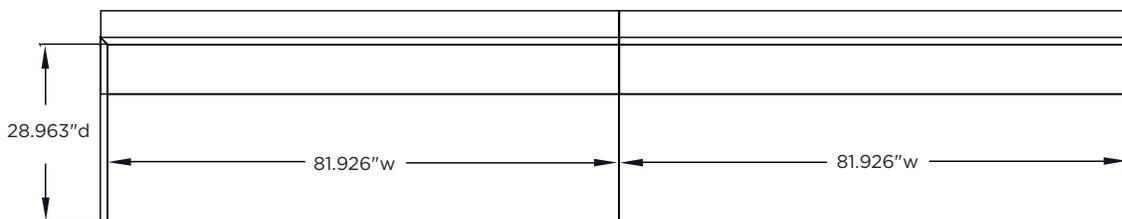

### Desk worksurface dimensions

- Worksurface widths: 70.8125"w (144"w desk) or 82.926"w (168"w desk)
- Worksurface depth: 28.963"d
- Two desk surfaces with vertical support panel at seam
- **Note:** Desk pedestals can be added on either side of support panel, or, support panel can be removed and replaced with a EL-1628MBFC or EL-1628MFFC pedestal. Order pedestal separately

### Models

- EL-T72D48 | EL-T72D60 | EL-T84D48 | EL-T84D60
- Ships in six cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

### Overview

- Overall widths: 144" w or 168" w
- Overall depth: 82.3125" d or 94.3125" d

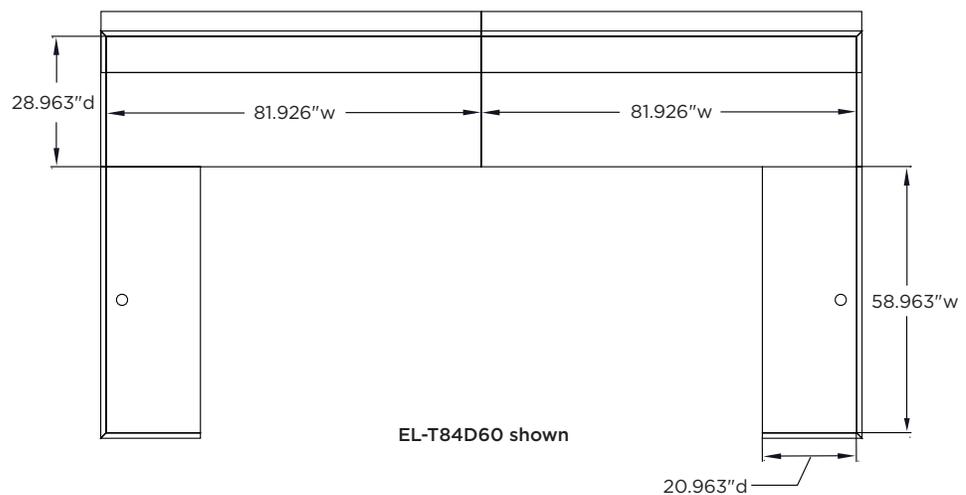

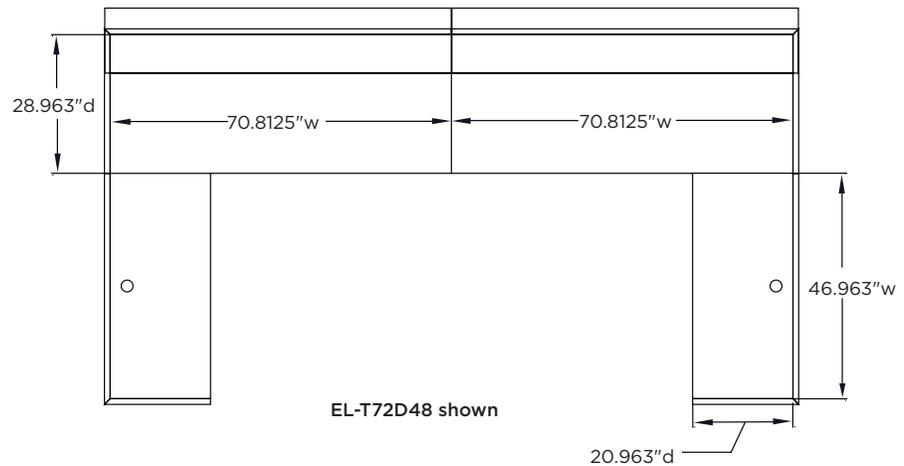

### Desk worksurface dimensions

- Worksurface actual widths: 70.8125" w (72" w desk) or 82.8125" w (84" w desk)
- Worksurface actual depth: 28.963" d
- Two desk surfaces with vertical support panel at seam
- **Note:** Desk pedestals can be added on either side of support panel, or, support panel can be removed and replaced with a EL-1628MBFC or EL-1628MFFC pedestal. Order pedestal separately

### Return worksurface dimensions

- Two returns, located on left and right sides
- Return surface actual widths: 46.963" w (48" w return) or 58.963" w (60" w return)
- Return surface actual depth: 20.963" d

### Worksurface dimensions

## Transaction counter dimensions - triple desk

### Models

- EL-T72T | EL-T84T
- Ships in six cartons. **Note:** Ordering a stone transaction top will add one skid to carton count

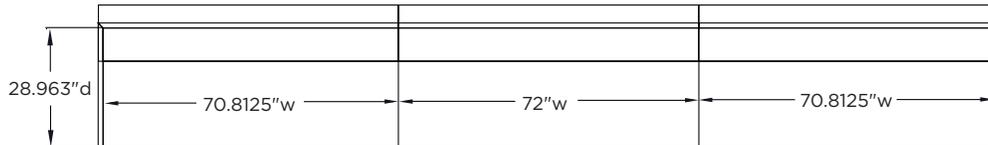

### Overview

- Overall widths: 216"w or 252"w
- Overall depth: 34.3125"d

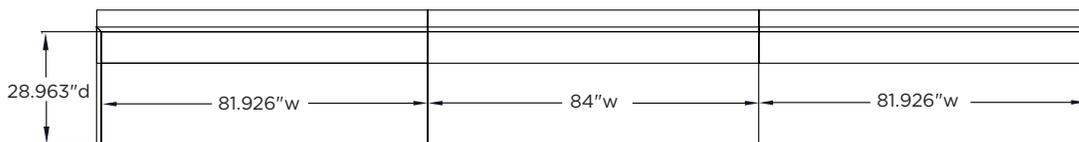

### Desk worksurface dimensions

- Outer worksurface actual widths: 70.8125"w (72"w desk) or 82.8125"w (84"w desk)
- Center worksurface actual widths: 72"w (72"w desk) or 84"w (84"w desk)
- Worksurface depth: 28.963"d
- Two desk surfaces with vertical support panel at worksurface seam
- **Note:** Desk pedestals can be added on either side of support panel, or, support panel can be removed and replaced with a EL-1628MBFC or EL-1628MFFC pedestal. Order pedestal separately

### Overview

- Overall widths: 216" w or 252" w
- Overall depth: 82.3125" d or 94.3125" d

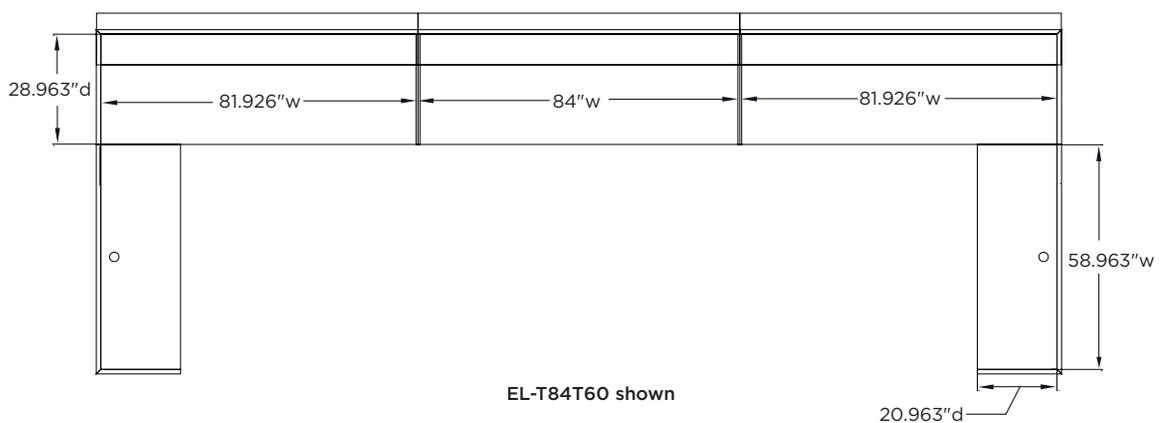

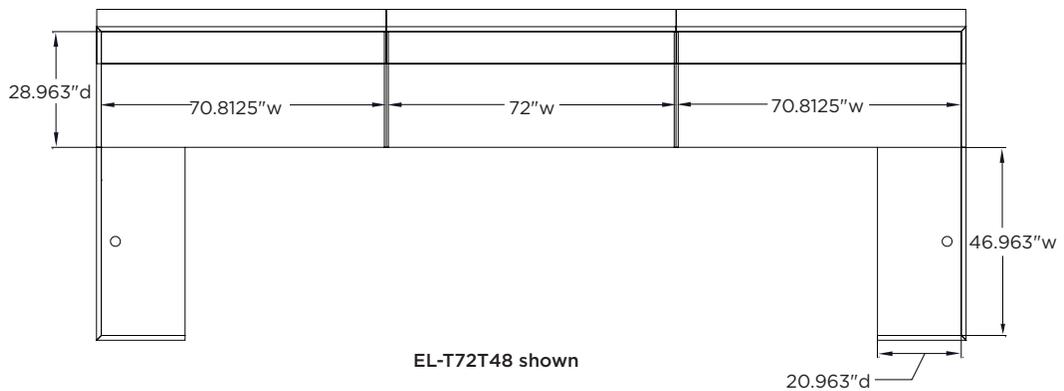

### Desk worksurface dimensions

- Outer worksurface actual widths: 70.8125" w (72" w desk) or 82.8125" w (84" w desk)
- Center worksurface actual widths: 72" w (72" w desk) or 84" w (84" w desk)
- Worksurface actual depth: 28.963" d
- Three desk surfaces with vertical support panel at each worksurface seam.
- **Note:** Desk pedestals can be added on either side of support panel, or, support panel can be removed and replaced with a EL-1628MBFC or EL-1628MFFC pedestal. Order pedestal separately

### Return worksurface dimensions

- Two returns, located on left and right sides
- Return surface actual widths: 46.963" w (48" w return) or 58.963" w (60" w return)
- Return surface actual depth: 20.963" d

### Worksurface dimensions

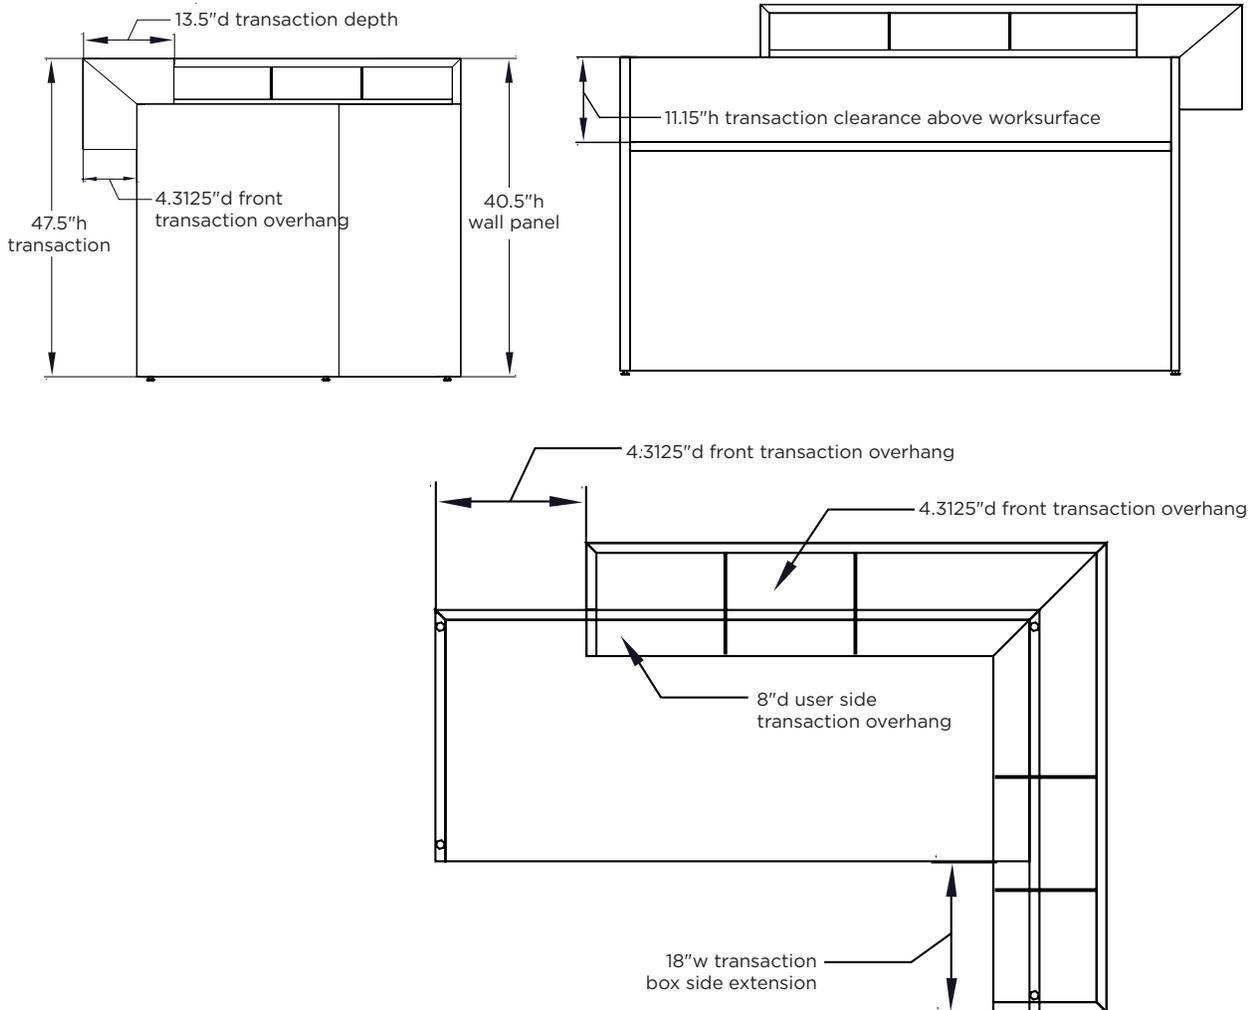

**Transaction box dimensions**

**Wall panel storage**

- Height: 47.5”h with transaction counter. 40.5”h end, front, and back panels. Width and depth vary by model
- Transaction box overhangs front panel 8”, and overhangs user side worksurface 4.5”
- Transaction box side extension extends 18” past the worksurface on user side. For L and U desks, this will overhang the return or bridge wall. **Note:** Excludes open L desk
- 11.15” clearance between worksurface and transaction box
