Standard finish selection

<https://ofs.com/resources/finishes>

- Veneer
 - Grain runs horizontal on vertical surfaces
 - Quartered veneers
- Paint
 - White available on overlays and door/drawer fronts

Worksurfaces

- 1.1875" thick worksurfaces feature 3-ply construction
- Primary worksurfaces are externally hardwood banded on approach and user sides
- Secondary worksurfaces are externally hardwood banded on user side only
- Semi-fill finish on worksurfaces
- Peninsula/runoff worksurfaces available in rectangular and arc end
- Rectangular grommet offered in multiple locations
- Overlay desks have the end panels mitered to the worksurface
- Veneer grain is waterfall
- All overlay models create a layered vertical and horizontal plane
- Drawer fronts and doors overlay tops/worksurfaces

Drawers

- Casegoods
 - Drawer sides and back are .4375" thick 9-ply baltic birch plywood and is assembled using dowel construction
 - Drawer bottoms are .25" thick.
 - Interiors are sanded and UV finished
 - 5-sided drawers can be adjusted and removed in field without unloading drawers
 - High quality suspensions with lifetime warranty have positive cushioned in-out stops, steel ball bearings, and zinc finish to ensure a smooth ride
 - Box and file drawers are full extension
 - File drawers accommodate letter or legal filing

Locking

- Locking is optional (clean aesthetic v. security)
- Pedestal locks secure all drawers with the turn of a single key
- Removable lock cores for re-keying
- All units ship keyed alike unless otherwise specified

Chassis assembly

- Butt-joint construction
- Structural joints secured by 16-gauge steel angle brackets, post and cam and wood glue blocks for ultimate stability
- Adjustable levelers feature insert nuts to prevent glide tear-out
- Casegoods ship fully assembled

Peninsula tops

- Rectangular or arc available
- Overlay and standard height

Peninsula bases

- Post base
- Panel base
- 12" Pedestal with integrated side pull
- 15" Pedestal with integrated center pull

Wire management

- Worksurface trough with pencil lip available with all panel configurations only
- Optional hinged wall access panels provide simple, clean wire management

Functionality

- Electric driven system with three preset heights provides a sit-to-stand solution
- Height range of 30.4375" - 46"
- Integrated in mitered wood base for clean aesthetic in up position
- Workwall panel options include veneer, magnetic glass or fabric
- High efficiency LED task lighting, which is recessed into the bottom of overhead for a clean aesthetic is optional
- Hidden box drawers provide clean lines and fewer break lines
- Hidden drawer includes veneer front
- Overhead door options include painted, veneer or back painted glass
- Pedestal options include drawers, doors, printer storage and waste can
