Ardha

# Ardha

Ardha's sleek frame marks a light contrast to the traditionally heavy furniture of healthcare spaces. Designed to blur the lines between education, workplace, and healthcare, this piece meets you wherever you need—bar height, counter or caregiver stool—flexibility to support connection when we need it most.

## Thought starters

Our experienced healthcare team at Carolina works closely along side The OFS Design Studio. This collaboration of dynamic backgrounds and geographic origins among industrial design and engineering teammates brings to life the most patient-centered product solutions the healthcare industry has to offer. Pencil sketches, 3D printed

parts and rough prototypes serve as the journey to fine tune the last 10% so that patients, and the people caring for them can experience the difference between good design and great design. Our goal is to deliver design value in a very intentional way where healthcare products are simple, personal and purposeful.
