Mile Marker.G2
MODULAR CABINETRY

Elevating healthcare environments

Mile Marker.G2 is designed to balance aesthetics, functionality, adaptability, and cost-effectiveness.

It promotes healing and efficiency within public, patient, and caregiver spaces through proven durability and customizable features.

FEATURES & BENEFITS

- 1. Soffit filler panels** create a cohesive aesthetic by completing the gaps between the cabinets and ceiling.
- 2. Storage cabinets** optimize access to medical supplies and equipment while enhancing caregiver workflow.
- 3. Soft-close doors and drawers** eliminate noise and keep drawer contents in place.
- 4. Integrated sink and backslash** promote infection control by reducing seams and simplifying cleaning.
- 5. Glove box openings** organize and provide easy access to gloves.
- 6. Toe kicks (4" and 6"h)** accept laminate toe kick rail or vinyl cove molding and help prevent damage to cabinets.

ADDITIONAL OPTIONS

Sloped top panels help prevent build-up of debris and create unique elevation details.

Access back panels allow for convenient reach to electrical and data connections.

Pull out trash cabinets conceal bins while maximizing floor space.

Notched shelves provide clean, finished access for task light cords.
