Shelter for the digital nomad

The way we work has changed. We are living in nomadic times, venturing from place to place searching for the perfect space to touch down for worksessions with just our laptops and our ideas.

It’s time to think of our workspace as fluid, ebbing and flowing with flexible destinations designed to fit our needs. Spaces where acoustic privacy leads to lively creativity.

Meet The Acoustic Lounge, where acoustics meet aesthetics, designed for touch downs so your big ideas can take off.

The Details
Solo

01 Power Outlets*
1 AC Outlet, 1 USB-C and 1 USB-A (25W combined) outlet to keep you charged and connected.

02 Sound Absorbing Fabric
Custom polyester fabric with acoustic insulation that absorbs noise for distraction-free worksessions.

03 Acoustic Panels
59” high vertical fabric panels designed to keep prying eyes away from private work.

04 Sofa Seating
Single-person seating comfortably designed for long, productive days in durable fabric for frequent use.

05 Custom Workstation*
Soft-touch side table that accommodates up to a 16” laptop, giving you ample room for all of your essentials.

06 Storage*
Built-in oak veneered storage compartment to keep you organized.

07 Assembly
DIY assembly in less than 20 minutes or let us do the heavy lifting with professional assembly and trash removal.

08 Solid Oak Legs
Chair legs with integrated leveling for sturdy work sessions that go the distance.

09 Plug
A standard 120V plug with a 6ft long power cord (4.5’ exposed) gives you freedom to make room where you need it most.

* Solo unit available without desk. Does not come with Power Outlets, Custom Workstation or Storage.

Safety Instructions

Distributed by OFS Brands Holdings Inc.

Made in China.

For patent or patent application information, visit room.com/patents

California 9312.2(a) Compliant for Formaldehyde. TSCA Title VI compliant.

Electrical Power Unit is **ETL** listed and conforms to UL STD 962A and conforms with CSA C22.2 No. 203.

Power: 120VAC (NA) / 100-240VAC (Europe and Australia), 8A (MAX), 50-60Hz.

WARNING -
Risk of fire and shock,
Use only SJTW or SJT type 14 AWG cord

IMPORTANT SAFETY INSTRUCTIONS
SAVE THESE INSTRUCTIONS

When using an electrical furnishing, basic precautions should always be followed, including the following. Read all instructions before using.

1. **DANGER – To reduce the risk of electric shock:** Always unplug this furnishing from the electrical outlet before cleaning. Connect this furnishing to a properly grounded outlet only.
2. **WARNING – To reduce the risk of burns, fire, electric shock, or injury to persons:** Unplug the outlet before putting on or taking off parts.
3. Close supervision is necessary when this furnishing is used by, or near, children, invalids, or disabled persons.
4. Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
5. Never operate this furnishing if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water.
6. To prevent a trip hazard, make sure the power cord is kept free from walkways.
7. Keep the cord away from heated surfaces.
8. Wrap and protect cord during storage to avoid any accidental damage.
9. Never drop or insert any object into any opening.
10. Do not use outdoors. Only use in dry indoor environments.
11. Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
12. To disconnect, remove plug from outlet.
13. This unit is for use on a nominal 120-volt circuit in North America, and a 100-240V circuit in Europe and Australia. Make sure that the product is connected to an outlet having the same configuration as the plug, protected by an approved branch circuit breaker rated to a maximum of 20A. No adapter should be used with this product.

Care and Maintenance

For all us, a little TLC can go a long way. The Acoustic Lounge is no different. Here's the proper way to care for your new product.

Desktop
Apply a neutral pH cleanser with a microfiber cloth or sponge. Rinse with cool water, and make sure to dry the area with an absorbent cloth. Great cleanser options include the Forbo Neutral pH Cleaner 3M™ Neutral Cleaner 3H, and Ecolab® QC 34 High Performance Neutral Floor Cleaner.

Wall and Seating Fabric
Light vacuuming on a regular basis will keep the fabric looking fresh. For spot treatments, dab with warm water.

Guarantee and Warranty

We cover the full cost of repairs or replacements needed due to manufacturing defects. View our warranty details and restrictions here:
