

Ally

A new approach to private office

In a world of traditional office configurations, Brian Graham and Molly Prior imagined a private office that could break down hierarchy so managers and employees can connect as equals.

Meet Ally, a private office solution designed to build trust and reimagine the role of leadership in the workplace today.

Humans over hierarchy

Ally was designed as an entire series of height adjustable workstations, storage, wall panels, occasional tables, and lounge to design a private office where creativity and connection thrive.

A collection to reimagine leadership

With the help of Ally, managers become mentors, employees become partners, meetings become collaborations. This is not just an office; it's a sanctuary, filled with pieces that will fit your specific needs.

Organic materiality + curves

Spaces that empower

Choose the right combination of lounge, occasional tables, workstations, storage, and interactive details to design a space that empowers the people within.

Thoughtful storage solutions

A broad family of solutions
