

PS-78

PS-78 power supply

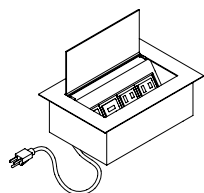

The PS-78 power unit is a compact and efficient solution, featuring two outlets, two USB charging ports, and an open data port for versatile connectivity. With a 6-foot cord and a hard-wired 72-inch whip infeed, it provides flexibility in device placement. UL listed for safety, the PS-78, with its anodized aluminum finish, offers a sleek and reliable option for managing power and data needs in various settings.
