TRACING LANDSCAPES

Nature's Palette.

Inspired by beautiful vistas, undulating hillsides, and rugged cliff lines, Tracing Landscapes connects nature and design. Drawing from organic influences, this collection offers a relaxed color palette featuring warm neutrals and natural tones, as well as earthy browns and calming contemporary greens.

commitment to sustainability.

## RED LIST FREE

Healthy materials are the foundation for effective circularity, reducing community pollution and cleaner living for all.

- The Living Building Challenge Red List contains the “worst in class” materials, chemicals and elements known to pose serious risks to human health and the greater ecosystem.
- Red List Free certification is the absence of Red List chemicals in building and home furnishings.
- Our products have been completely vetted and verified to contain no Red List Chemicals at levels at or above 100 ppm or 0.01 percent.
- Affords superior recycling potential of clean-based products.

Achieving LBC Red List Free is a commitment to significantly cut down on the output and use of harmful chemicals. It reflects our company's prioritization on human health and ensuring a brighter future for generations to come.

## M/PACT™ Carbon Neutral Product

Climate change is one of the greatest threats facing humanity. That's why our modular flooring products are carbon neutral everywhere in the world. Let's work together for a better tomorrow.
