Allsteel®

Evo™

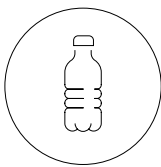

A More Mindful Chair

Evo was designed to evolve with you. As Allsteel’s most adaptable task chair family, it effortlessly integrates into any workspace, providing comfort and support that meets the demands of modern work environments. The latest generation of Evo takes innovation even further, offering new features that prioritize versatility, sustainability, and human-centered design.

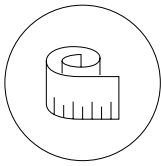

Adhesive-Free Back Assembly

Evo's back is manufactured without adhesives, preserving the integrity of the plastic during assembly. When it comes time to recycle the chair, the back can be easily disassembled and separated into correct recycling streams.

Quilted Knit Made with Upcycled Marine Litter

The Evo Quilted Knit material is fashioned from SEAQUAL® upcycled marine litter, making this seating as environmentally responsible as it is attractive.

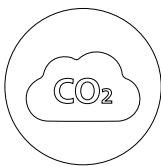

Precision-Knit Back Tailored Perfectly for Evo

The Evo Quilted Knit material is manufactured through a zero-waste process and made to the exact specification of the back.

Third-Party Certified

Evo is SCS IAQ Indoor Gold and BIFMA® Level 3 certified.

Carbon Neutral

Select Evo models are carbon neutral, utilizing offsets from forestation projects to remove carbon emissions associated with the product’s life cycle.
