

OVERVIEW

The Cascade Mid-Case AV Presentation Cart provides movable, lockable storage for AV equipment and a durable work surface. Includes 4 power outlets outside, 5 power outlets inside as well as 4 wire holes and a perforated rear vent panel.

MATERIALS

The end panels are made of 18-gauge 1" square tubing, welded flush to an 18-gauge end panel. The inside of each end panel is reinforced by 22-gauge hat channels. These hat channels are dual purpose: added strength and for tote rail shelf mounting. The dome top is 18-gauge formed and welded construction, bolted to each end panel and rear panel. The base is a durable 18-gauge steel construction formed and welded to support the entire weight of the unit squarely. Underneath is a heavy welded hat channel reinforcement. The base shelf is attached to both end panels. The rear panel is 18-gauge steel reinforced. Two grommet holes (a lower and upper) are punched for convenient wire management and electronic storage. Casters are 5" in diameter, with 2 locking. Optional glides are 3/8" threaded stem.

Riser shelves are sized perfectly for each cabinet size. These riser shelves are made of 1 1/4" high density particle board with your choice of laminate and T-Mold color. Shelf is suspended 6 inches above the dome top with 4 riser shelf handles, which measure 1 1/2" diameter and come in platinum powder coat paint finish (0.03" thickness). These riser shelf handles bolt on from underneath the dome top with a hefty 3" washer.

The doors include a secure and reliable locking mechanism, which engages lock rods into the dome top and the base shelf. Doors also come with urethane ergonomic and modern door handles of your color choice. The fully hinged doors articulate 270 degrees, free of obstruction.

STANDARD LAMINATE OPTIONS

Want to specify a different laminate?

No problem. If you have 20 or more tops of the same color -60 or -38 there is no upcharge. Have 20 or less? We can quote for you with the Wilsonart code and – finish style. We can specify other laminates – call to inquire and get a quote.

SUGGESTED LAMINATE OPTIONS

All 20 of the standard laminates are -60 finish, if you need to match a laminate from a previous year, please let us know on your order (example Pewter Mesh 4878-38, our standard is -60).

When the WilsonArt Laminate code includes a "Y", "K", "-12", "-78", "Aeon" etc, these are special laminates with an upcharge, even when it contains -38 or -60.
