

OVERVIEW

Shipped ready to assemble, these desks have a heavy-duty work surface that won't sag under heavy books or equipment. The Silhouette Sequence Desk is great for rows, pairs, or collaborative pods for learning in groups.

MATERIALS

The work surface consists of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features 3/8" bumper edge molding that is fastened every 6 to 8 inches to assure a long lasting fit. The frame is attached to the pre-drilled holes in the top with (6) #10 screws through a 1" x 1.75" 18-gauge steel channel. The mounting channel is welded to a 1" x 2" rectangular 16-gauge steel tube leg. The leg inserts are 1" x 1.75" 16-gauge steel tube and are fixed in height at 29.5". Model 01654 comes standard with a lockable endcap/glide combination. The legs are tied together for added strength with a 1" x 2" 16-gauge steel tube stretcher bar and (4) bolts.

All 20 of the standard laminates are -60 finish, if you need to match a laminate from a previous year, please let us know on your order (example Pewter Mesh 4878-38, our standard is -60).

When the WilsonArt Laminate code includes a "Y", "K", "-12" "-78", "Aeon" etc, these are special laminates with an upcharge, even when it contains -38 or -60.
