

Model # Shown: 01600

OVERVIEW

Shipped ready to assemble, these desks have a heavy-duty work surface that won't sag under heavy books or equipment. The Silhouette Desk is great for rows, pairs, or groupings for collaborative learning.

MATERIALS

The work surface consists of a 45 lb density particle board core with a .030" high pressure laminated surface and a .020" melamine backer sheet. The edge of the work surface features 3/8" bumper edge molding that is fastened every 6 to 8 inches to assure a long lasting fit. The frame is attached to the pre-drilled holes in the top with (6) #10 screws through a 1" x 1.75" 18-gauge steel channel. The mounting channel is welded to a 1" x 2" rectangular 16-gauge steel tube leg. The leg inserts are 1" x 1.75" 16-gauge steel tube and are fixed in height at 29.5".

The legs are tied together for added strength with a 1" x 2" 16-gauge steel tube stretcher bar and (4) bolts. Legs have 1" leveling glides. Book Box is optional (Model 17190), all welded 22-gauge steel construction that has a curled hem on the front opening. Book box comes in a black powdercoat finish, or Platinum is special order only.

*Book box sold separately.
