Optimize™

Working Hard, Working Smart

Today's office environment requires a versatile furniture solution that offers a range of application options while being both efficient and effective. Meet Optimize, the monolithic panel system designed for hardworking versatility. With a variety of panel sizes, storage options, and worksurface shapes, Optimize provides configurations that support both focused individual work and collaborative team efforts. Optimize maximizes your space to its fullest potential.

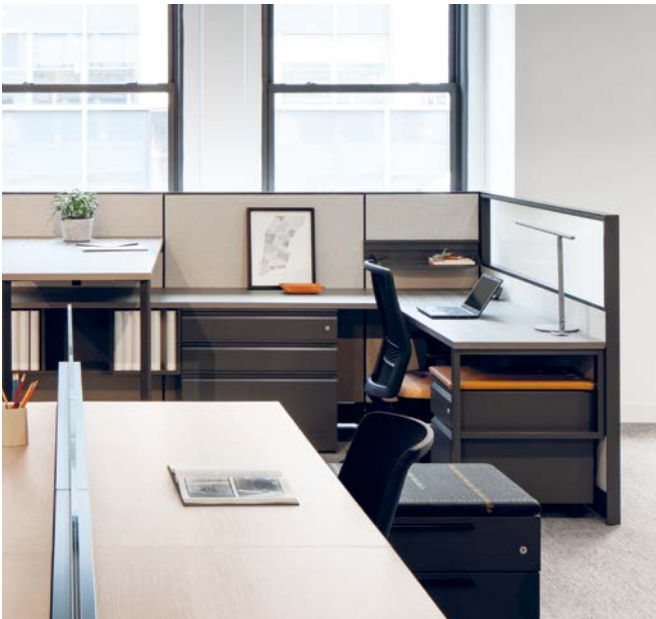

Creative Combinations

Whether you're outfitting a call center, designing teaming areas, replacing a reception desk, or adding new stations for managers, Optimize provides a cohesive portfolio of panels and components that let you get creative with your work settings. By combining a variety of storage options—overheads, mobile pedestals, personal towers, and lateral files—in an array of colors, materials, and shapes, you can easily create efficient spaces where people love to work.

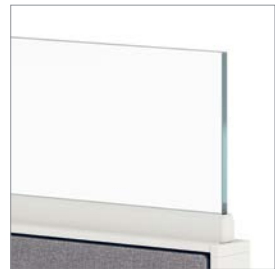

The variety of settings required in an effective office landscape demands furniture flexibility.

Features & Choices

From customizable panels to ergonomic worksurfaces and smart storage, Optimize gives you the flexibility to shape a space that fits your work style. Whether integrating technology or adding personal touches, it helps create an environment where efficiency works hand-in-hand with creativity.
