Price list
June 2025

Knoll

Price Adjustment Summary

- February 3, 2025: Veneer (all grades): +1%
- June 2, 2025: Most categories: +4.75% average

(see next page for details and examples)

Important :

This price book is for reference only and does not reflect current list pricing. Refer to the Specification Tool for the latest pricing and product-specific details. Exceptions may apply.

Price Adjustment Summary

Effective February 3, 2025

- Veneer (all grades): +1%

Effective June 2, 2025

- Desks, Tables, Tops, Power & Components, Screens, Storage Components: +4.75%
- Fence Components: +9%
- Interpole, Simple Tables and Power Beam: +3.5%
- Antenna Telescope: +5.25%

To calculate:

- Veneer products: apply 1% adjustment (Feb) before applying June adjustment.
- Non-Veneer products: apply June adjustment only.

Estimating Updated Pricing

Product Price	List	Adjustment Steps	Final Estimate
Veneer	\$1,140	×1.01 (Feb) →×1.0475 (June)	\$1,206
Non veneer	\$605	×1.0475 (June only)	\$634

Important:

This price book is for reference only and does not reflect current list pricing.

Refer to the ***Specification Tool*** for the latest pricing and product-specific details. Exceptions may apply.

COMBINATION LAMINATE

Laminate storage cabinets may be specified with different laminate finishes on the exterior and interior of the case.

EDGE OPTIONS FOR LAMINATE

WORKSURFACES

WPLY	Ply Edge Wood (V1 pricing)
SPLYGL13	Ply Edge Synthetic (L pricing)

Additional edge options are only available on laminate worksurfaces.

Notes:

@	Limited Availability
(S)	Screen Finish Option
(CP)	Central Palette

Antenna Finish Options

Wood Finishes

New codes begin with a three digit numeric sequence, followed by a letter suffix. Each letter suffix (A-F) represents a different combination of pore fill options and gloss levels.

Code	V1 TECHWOOD	Code	V2 PREMIUM TECHWOOD	Code	V3 PREMIUM VENEER
638	Blond Maple	647	White Pine	039	Pippy Oak *
628	Dark Mahogany	640	Ebony	044	Figured Sycamore
639	Light Cherry	642	Grigio		
641	Black Oak				
506	Maple		V2 NATURAL VENEER		
509	Cherry	020	Natural Oak		
512	Medium Walnut	038	Rustic Walnut *		
513	Medium Teak	017	Light Walnut		
514	Espresso	002	Bronze Cherry		
637	Natural	006	Maple		
644	Light Walnut	021	Peacock Green		
645	Dove Grey	022	Walnut Old English		
		037	Walnut Birch		

	Gloss Level	Fill Level
A	Low Gloss	Closed Pore
B	Medium Gloss	Closed Pore
C	High Gloss	Closed Pore
D	Low Gloss	Open Pore
E	Medium Gloss	Open Pore
F	High Gloss	Open Pore

Edge Options for Veneers

WOOD	Complementary Wood
SYN	Complementary Synthetic
WPLY	Wood Ply Edge *
SPLY	Synthetic Ply Edge *

* Ply Edge available on Birch (037) worksurfaces.

*Note:

Overlay tops specified with a veneer top and/or edge are available in any V1, V2 or V3 finish except for the following veneers:

- Medium Teak (513)
- Dove Grey (645)
- Ebony (640)
- Grigio (642)

-Synthetic Edge option is available on worksurfaces, only.

-Finishes with * are available on worksurfaces only.

For more detailed information on Veneer finishes, please refer to the Wood Finish Matrix on the Knoll.com

Note: All applied textiles are directional. If there are a mix of screens wider than 60" and narrower than 60" on a single order, all screens must be specified with fabric applied railroaded to match.

COM (Customers' Own Material)

COM can be applied to Antenna Workspaces product on a select basis. Please consult your Knoll Customer Service Representative for details on the COM approval process and resting requirements. Pricing for COM fabrics is at Grade 10.

Note: Always contact your Customer Service Representative prior to sending any COM (including pre-approved KnollTextiles) to the manufacturing facility.

COM Yardage Requirements for Screens and Fabric Inserts

The total yardage is for both sides of the screen.

Interpole Screens

1. Pattern Number
2. Frame Paint Finish

Order Code

Interpole Screens
Example: IPSC3248TGT, 118T
IP Interpole
SC Screen
32 Height
48 Width
T Marker Tray
GT Translucent Glass
118T Bright White Paint

Included With

Interpole Screens
Attachment Hardware

Options

Interpole Screens
(N) = No Marker Tray
(T) = Integral Dual Marker Tray

Finish Options:
(LL) = Markerboard Laminate both sides
(GG) = Laminated Opaque Glass
(GT) = Laminated Translucent Glass
(LF) = Markerboard Laminate one side/Tackable
Fabric other side

Frame Finish:
(AA) = Anodized Aluminum
(118T) = Bright White Paint

Interpole Screens

Options

Interpole Shared Open Shelf

1. Pattern Number
2. Exterior Case Finish
3. Interior Case Finish (Laminate only)
4. Bracket Paint Finish

Interpole Shared Open Shelf
Example: IPSSOEL6015L, 118, 118, 118T
IPS Interpole Storage
SOEL Shared Open Shelf, Open Left
60 Width
15 Depth
L Laminate
118 Bright White Laminate
118 Bright White Laminate
118T Bright White Paint

Interpole Shared Open Shelf

Mounting Brackets
Hardware

Sliding Doors

Hardware

Interpole Shared Open Shelf

Case Finish Options:
(L) = All the same or different laminates for the exterior and interior case
(V) = All the same veneer for the exterior and interior case

Sliding Doors

1. Pattern Number
2. Door Finish
3. Pull Finish

Sliding Doors
Example: IPSSDK60L 118, 118T
IPS Interpole Storage
SDK Sliding Door Kit
60 Width
L Laminate
118 Bright White Laminate
118T Bright White Paint

Sliding Doors

Door Finish Option:
(L) = Laminate
(V) = Veneer

Door pulls are available in Knoll core paints, Dark Red (130) and Slate Blue (131) paint finishes.

 42 Height
 62 Width
 EX Extended Electric Height Range
 L Left Hand
 118 Laminate
 118T Bright WhitePaint

Included With

Telescope End Panels
 Attachment Brackets
 Hardware

Options

Telescope End Panels

(L) = Laminate
 (V) = Veneer

End panels specified in patterned or woodgrain laminate have vertical grain direction up to 60" wide and horizontal grain direction for end panels over 60" wide.

End panels specified in veneer have vertical grain direction for all sizes.

Antenna Telescope End Panels

Wall Mounting of Knoll Products

Wall Mounting Suggestions

The following information is provided only as a guide, and represents minimum recommendations only. Knoll does not accept responsibility for the attachment of any Knoll product to a Customer's site wall. Wall specification/construction is the responsibility of the Customer and its structural engineer/architect. Failure to properly attach Knoll products to adequate wall structures can lead to property damage and/or personal injury.

You should consult your own structural engineers and/or architects and must not rely on the information provided herein.

It is the responsibility of the Customer and its structural engineers/architects to verify that the permanent structural walls (studs, blocks, solid masonry, etc.) on which the Knoll products are intended to be mounted are designed appropriately to support the product weight, PLUS 3 lbs. per linear inch for each useable shelf length

NOTE: A cabinet's top is considered a "useable shelf" and MUST be included in the calculation of the total load for an overhead cabinet.

It is the responsibility of the Customer and its structural engineer/architects to specify the fasteners and method for attaching the Knoll supplied wall mounting cleat, bracket, frame, etc. to the supporting wall and to confirm that the installers have adhered to these specifications. For all local building standards and codes, and additional requirements (including, but not limited to, seismic conditions) the Customer should always consult local code agencies.

Wall Mounting of Knoll Products

		EXISTING CONSTRUCTION				
	NEW CONSTRUCTION	Cinder Block or Poured Concrete Masonry Wall	Wood Stud Wall, the studs being FULL HEIGHT to the roof/floor above	Wood Stud Wall, the studs being only Ceiling Height	Steel Stud Wall, the studs being FULL HEIGHT to the roof/floor above	Steel Stud Wall, the studs being only Ceiling Height
Stud Specification	Wood studs, grade #2 or better, 3 1/2" minimum width, OR Metal studs, minimum 25 gage thickness, 3 5/8" minimum width	The wall must be a minimum of 6" thick, and must be full height to the roof/floor structure above	Wood studs must be Grade #2, or better, 3 1/2" minimum width	Wood studs must be Grade #2, or better, 3 1/2" minimum width	Metal studs must be minimum 25 gage thickness, 3 5/8" minimum width	Metal studs must be minimum 25 gage thickness, 3 5/8" minimum width
Stud Centers	Metal and wood studs must be spaced at 16" c/c maximum	N/A	Wood studs must be spaced at 16" c/c maximum	Wood studs must be spaced at 16" c/c maximum	Metal studs must be spaced at 16" c/c maximum	Metal studs must be spaced at 16" c/c maximum
Stud Height	Metal and wood studs must extend upwards, and be securely attached to the roof/floor structure above			Wood studs must be braced above the ceiling, and be securely attached to the roof/floor structure above Affix #2 grade 'cap' across the top of the studs, then place diagonal studs from the top cap up to underside of the roof/floor structure above		Metal studs must be braced above the ceiling, and be securely attached to the roof/floor structure above Affix metal bracing 'cap' across the top of the studs, then place diagonal studs from the top cap up to underside of the roof / floor structure above
Mounting the Knoll Supplied Cleat, Bracket, Frame, etc*	Insert a 2" X 6" wood block, #2 grade or better, [or a Danback™ flexible wood backing system] horizontally between each of the studs to accommodate the full width of the cabinet, and beyond to the next stud. Fasten the wood block to each stud using three screws at the ends of each block. (Fasten the Danback™ as directed by the manufacturer) Fasten the Knoll supplied wall mounting cleat, bracket, frame, etc directly to each wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	Fasten the Knoll supplied cabinet wall mounting cleat, bracket, frame, etc. directly to the masonry wall every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wall every 6", and fasten the lower horizontal element to the wall every 16"	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Insert a 2" X 6" wood block, #2 grade or better, horizontally between each of the exposed studs. Fasten the wood block to each stud using three screws at the ends of each block. Replace the drywall and repair as desired. Fasten the Knoll supplied wall mounting cleat, rail, frame, etc directly to the wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Insert a 2" X 6" wood block, #2 grade or better, horizontally between each of the exposed studs. Fasten the wood block to each stud using three screws at the ends of each block. Replace the drywall and repair as desired. Fasten the Knoll supplied wall mounting cleat, rail, frame, etc directly to the wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Insert a 2" X 6" wood block, #2 grade or better, [or a Danback™ flexible wood backing system] horizontally between each of the exposed studs. KnollKey Lock Program

KnollKey Lock Program General Information

Following is the KnollKey lock policy, applicable to all products.

Knoll furniture can be ordered keyed-alike or random keyed. Key-alike and random keying instructions cannot be mixed on any single order. Only one of the two instructions can be used on an individual order. When an order is submitted with mixed (key-alike and random) instructions, Knoll will release the order as key-alike only and lock cores will have to be specified separately.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write "Key-alike" in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order.

IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A \$50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write "key-random" in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

5 workstations with 2 locks per station
3 workstations with 4 locks per station
2 workstations with 5 locks per station

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Qty	Pattern #	Description	Unit List	Ext. List
5				

Step 4 - Then enter the pattern number "KSPEC_ _" and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix "2"). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C

Step 5 - Repeat for other groups.

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C
3	KSPEC 4	Set of 4 cores/keys	N / C	N / C
2	KSPEC 5	Set of 5 cores/keys	N / C	N / C

Your Key instructions are complete.

Knoll will select key numbers for each set from 250 available numbers. Additional key numbers are available through Custom Product Development. **For additions to existing installations, specify desired key numbers in the description.**

Service Parts

Pattern #	Description	List Price
KKEY_ _ _	Shrouded Key Specify key number desired	\$11
KBLANK	Shrouded Key Blank	\$11
KSPECB_ _ _	Retrofit Universal Core/Key Specify key number desired	\$23
KCHANGE	Change Key	\$11
HLKRKMASTER*	Master Key	\$14

*Note: A letter of approval on company letterhead from the client must accompany all orders for master keys.

General Ordering Information

The Products

This guide encompasses all standard products for this product group.

Sizes

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

Pricing

All prices shown are list.

How to Order

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:

Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on "About Knoll" and then "Environmental Focus."
