

Conscious Chair 3162

Coffee shell or wood waste mixed with post-consumer e-waste and FSC® certified wood

Conscious Chair designed in 1958 by the renowned Danish furniture designers and architects Børge Mogensen and Esben Klint. The chair is made of FSC® wood and Matek®. Innovative technology allows us to recycle fibre-based waste materials with recycled plastic waste in the Matek material. It is the first time that a Børge Mogensen design has been relaunched in a different material than the original. The chair is available in seven versions.

Wood Waste Grey

Coffee Waste Light

Coffee Waste Black,
Beech

Designed by
Børge Mogensen and Esben Klint

Item no.
BP06014D Conscious Chair 3162,
– Soaped Oak and Coffee Waste
Light*
BP06015D Conscious Chair 3162,
– Black Lacquered Beech and Coffee
Waste Black*
BP06016D Conscious Chair 3162,
– Grey Beech and Wood Waste*

Materials

Coffee shell waste from BKI's coffee roasting process or wood waste mixed with post-consumer e-waste

Frame: FSC® Certified solid oak or beech wood

Test
Stability:
L1
EN 16139:2013
ANSI/BIFMA X5.4-2020

Surface resistance:
Category 2, Möbelfakta: 2023
DS/EN 12720 + A1:2023
SS 83 91 22: 2017

Gliders

Hard plastic gliders installed as standard

Dimensions

W 47 cm D 46.5 cm H 78,5 cm SH 46 cm
/ W 18.5" D 18.3" H 30.9" SH 11.1"

Weight

5,1 kg / 11.35 lbs

Packaging 1 box / 1 pcs.

Mater Sustainability Factsheet

Matek™

Matek®

In alliance with large corporations, Mater explores new technology that recycles industrial fibre and plastic waste. This results in five new unique patented materials under the name Matek®.

Read more about Matek [here](#)

FSC® Certified wood

From the outset, our ambition has been to use FSC-certified wood in our production. This is now implemented with small exceptions. In an FSC® certified forest, no more trees than the forest can reproduce are felled, so the exploitation of nature is avoided.

Find our FSC® Certificate [here](#)

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.

Mater Take-Back

We unhesitatingly offer to take all our furniture made from Matek® back at the end of its life to recycle it into new furniture.

Read more about how Mater Take-Back works [here](#)

Repair for long lasting

Good products, are made to be used. To give the products the longest possible life, we want to make it easy for you to repair them yourself.

Contact our customer service for more info [here](#)

Green energy

This product is produced in a production facility that is 100% powered by hydropower – a renewable energy resource.
