Desk Mount - Single Arm
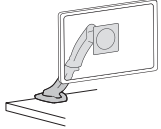

45-214-026
Class ER – GSA: Open Market

Features
- Includes: Adjustable height monitor arm, desk clamp and grommet mount.
- For use with screen 30"(762mm) or smaller.
- Accommodates monitors from 14-30 pounds.
- Height adjustment range is 5"(127mm).
- Tilts 75° up and 5° down from center.
- Rotates 90°.
- Pans 360°.
- Extends LCD's out up to 17"(432mm).
- Integrated cable management.
- One touch adjustment.

Specification Tips
- Desk clamp mounts on worksurface 0.4"(10mm) - 2.5"(64mm) thick.
- Grommet mounts attach through surface holes 0.31"(8mm) - 2"(51mm)W and up to 3"(76mm) thick.

To Order, Specify:

1) Product number.

Description	Number	Price
Polished Aluminum	45-214-026	$536.88

Wall Mount - Heavy Duty
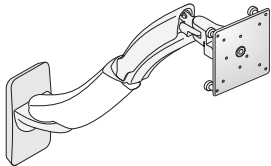

45-228-026
Class ER – GSA: Open Market

Features
- Includes: Arm with VESA adapter brackets, wall mount base and attachment hardware.
- For use with screen up to 42"(1067mm).
- Maximum weight capacity: 30 pounds.
- Height adjustment range is 5"(127mm).
- Tilts 75° up and 5° down.
- Rotates 90° and includes position lock.
- Pans 360°.
- Integrated cable management.
- One touch adjustment.

Specification Tips
- Recommended installation height:
  Upper mounting hole of base should be placed no higher than 60"(1524mm) above floor.

To Order, Specify:

1) Product number.

Description	Number	Price
Polished Aluminum	45-228-026	$576.20

Ergotron Monitor Arms
MXV Desk Mount

Single Arm
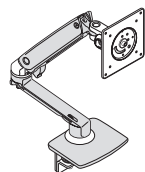

45-486
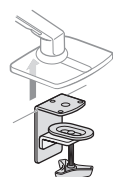

Two-Piece Clamp
Class ER – GSA: Open Market

Features
- Includes: Fully assembled slim profile arm, two-piece desk clamp or low-profile C-clamp, and mounting hardware.
- For use with screen 34"(864mm) or smaller.
- Accommodates monitors from 7-20 pounds.
- Height adjustment range is 13"(330mm).
- Tilts 90° backward and 90° forward.
- Rotates 360°.
- Pans 180° at base; 360° between extension and arm. Rotation stop on base can be disengaged at time of installation to increase range to a full 360°.
- Extends LCD monitor out 22.2"(559mm).
- Arm folds back over base into a compact retracted position; perfect for tucking under systems furniture storage shelves or cabinets in space constrained areas.
- Integrated cord management.
- One touch adjustment.

Specification Tips
- Two-Piece clamp mounts on worksurface 0.47"(12mm) - 1.25"(25mm) thick.
- Low profile top mount C-Clamp mounts on worksurfaces 0.98"(25mm) - 1.38"(35mm) thick.
- Desk clamp has anti-rotation screws to prevent base from slipping.
- Grommet mount available; separately specified part 98-110.

To Order, Specify:

1) Product number.

Security Drawer
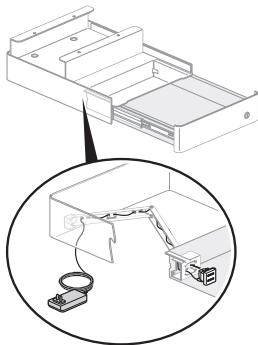

AHDD-SU

Class YA – GSA: Open Market

Features
- Includes a painted steel drawer and front with lock.
- Available with optional USB power (Retrofit USB Charging Cable EUDX-U000-_).
- For lock options, refer to Lock Program section of the Accessories Price List.
- Drawer is 3"(76mm)H.
- Bracket designed to clear desking understructure.

Specification Tips
- Built-in top shelf 2"(51mm) from bottom of worksurface.
- Designed to be used on:
  –Planes and Planes LT Benching configurations 29"(737mm)D or greater.
  –Freestanding Height Adjustable Tables 29"(737mm)D or greater:
  - Upside C-Leg
  - Planes and Planes LT C-Leg
  –Intuity Benching
  –Adaptable Worksurfaces
- Security Drawer without power option cannot be retrofit with power option.

To Order, Specify:
1) Product number, including:

❶ Power Option:
  N Non-Powered
  U USB Power (add **$111.20** list)

2) Case trim color.

3) Front trim color.

4) Lock trim color.

Note: For mixed grade surfaces, please refer to the design and specification tools.

Top Liner — Security Drawer
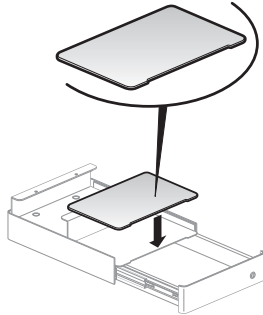

ALTD-S
Class YA – GSA: Open Market

Features
- Includes one steel liner and double sided tape.

Specification Tips
- Painted steel liner sits on top of built-in top shelf.
- Painted steel liner is not for drawer body.

To Order, Specify:
1) Product number.
2) Trim color.

Depth	Width	Number	Trim A	B
8"(203mm)	12"(305mm)	ALTD-0812-S	$101.14	$105.77

Drawer Liner
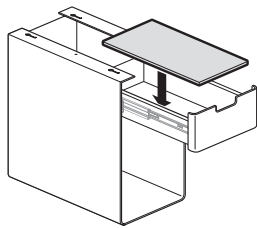

ALDD-F
Class YA – GSA: Open Market

Features
- Includes one felt liner.

Specification Tips
- Designed to be used with:
  –Belong pedestal
  –Security Drawer
  –Drawer Tray

To Order, Specify:
1) Product number.
   (No finish specification required.)

Application	Height	Width	Number	Price
Security Drawer	17"(432mm)	12"(305mm)	ALDD-1712-F	$42.18
Tray	17"(432mm)	7"(178mm)	ALDT-0607-F	22.25

File Partition
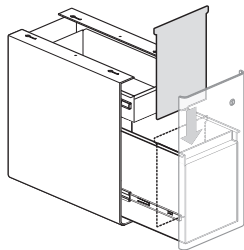

AAOP-S
Class YA – GSA: Open Market

Features
- Includes one painted steel partition.
- Attaches in file drawer of suspended pedestal for letter filing.

To Order, Specify:
1) Product number.
2) Trim color.

Height	Width	Number	Trim A	B
10"(254mm)	6"(152mm)	AAOP-1007-S	$61.07	$64.75

Drawer Tray
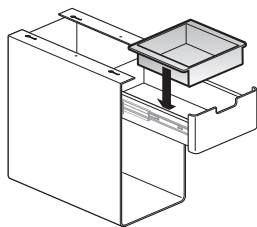

AAOT-S
Class YA – GSA: Open Market

Features
- Includes one painted steel tray.

Specification Tips
- Separately specified if applicable:
  –Drawer Liner
  –Magnetic Divider
- Can be used with Belong Suspended Pedestal.

To Order, Specify:
1) Product number.
2) Trim color.

Storage Accessories
Belong

PDA Tray
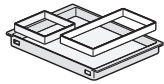

KJTY-12
Class YA

Features
- Includes one rectangular PDA tray, one small ring, and one large ring.
- PDA Tray:
  - Outside dimensions - 1.38"(35mm)H x 11.75"(298mm)W x 16.12"(409mm)L
  - Inside dimensions - 1.25"(32mm)H x 11.5"(292mm)W x 12.87"(327mm)L
- Small ring:
  - Outside dimensions - 1"(25mm)H x 5.55"(141mm)W x 5.55"(141mm)L
- Large ring:
  - Outside dimensions - 1"(25mm)H x 5.98"(152mm)W x 11.43"(290mm)L
- PDA Tray has cutouts to allow for low voltage cable management.
- PDA Tray and rings are plastic.
- Standard in Snow trim.

Specification Tips
- PDA Tray designed to be used as a stand alone accessory in X Series, Masters Series and Compose Storage file drawers.
- Designed to slide side-to-side along the panels, or hanging bars in file drawers, allowing access to drawer contents below the PDA Tray.
- Files cannot be hung in lateral file drawers when using the PDA Tray.

Note: Snow (TR-FM) plastic trim color is not recommended for use with painted trim colors Plaster (TR-TW) or Chalk (TR-AK). Refer to Very® Seating chainset for Snow.

To Order, Specify:
1) Product number.
   (No finish specification required.)

Number	Price
KJTY-12	$54.27

Personal Tray
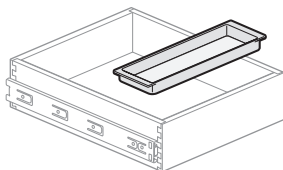

KJTY-10
Class YA – GSA: Open Market

Features
- Includes one rectangle plastic tray.
  - Outside dimensions: 1.38"(35mm)H x 5.88"(149mm)W x 12.87"(327mm)L
  - Inside dimensions: 1.25"(32mm)H x 5.63"(143mm)W x 11.5"(292mm)L
- Can be used as a freestanding accessory in X Series lateral files, X Series Pedestal, Masters Series Pedestal and Compose Storage Pedestal.
- Standard in black.

To Order, Specify:
1) Product number.
   (No finish specification required.)

Height	Depth	Width	Number	Price
1.38"(35mm)	5.88"(149mm)	12.87"(327mm)	KJTY-10	$46.21

Pencil Tray
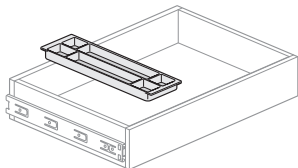

KJTY-9
Class YA

Features
- Includes one plastic tray.
- Suspends from X Series hanging bars; Masters Series 6"(152mm) drawer.
- Standard in black.

Specification Tips
- Files cannot be hung in X Series lateral file drawers when using the Pencil tray.

To Order, Specify:
1) Product number.
   (No finish specification required.)

Height	Depth	Width	Number	Price
1.25"(32mm)	5.5"(140mm)	16.3"(414mm)	KJTY-9	$61.54

Magnetic Divider
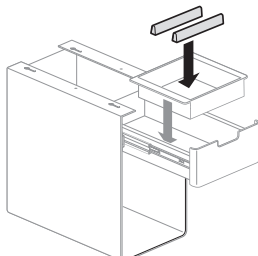

AAOD-S
Class YA – GSA: Open Market

Features
- Includes one magnetic aluminum divider.

Specification Tips
- Designed to be used with:
  - Security Drawer
  - Drawer Tray

To Order, Specify:
1) Product number.
2) Trim color.

Description	Depth	Width	Number	Trim A	B

Cushion Top
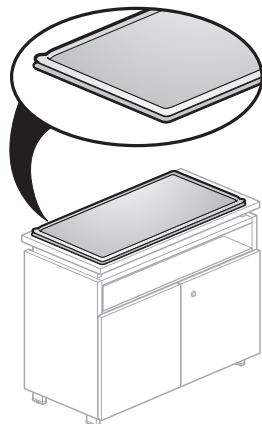

QBFC_F
Class YA

Features
- Includes one cushion and non-slip material.
- .75"(19mm) thick cushion is cover stitched around perimeter edges.
- Cushion is inset 0.6"(15mm) from base unit perimeter edges.
- Cushion has a two-sided reversible surface; same fabric on both sides.

Specification Tips
- Cushion is not structural; to be used with a storage top.
- Cushion may be the same width or not as wide as the base unit.
- Patterned fabrics may not align on both sides of the cushion.
- Not for use on 16"(406mm)D storage.

To Order, Specify:
1) Product number.
2) Fabric and color.

Work Tools
Rails and Mounting
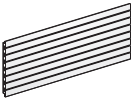

Slat, Wall Mount

KUPY
Class CA

Features
• Includes slat tile & attachment brackets for structural wall.
• Belong and Jump Stuff work tools may be used; separately specified.

Specification Tips
• Designed to be used under wall mounted overhead storage units.
• Allows space for task light cord routing.
• **Not for use with wall track.**

To Order, Specify:

1) Product number.

2) Trim color.

Work Tools
Rails and Mounting

Single Side
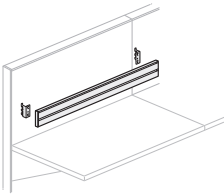

KUR1-0424-PZN

Class YA

Features
- Includes one rail with panel attachment brackets.
- Mounts to panel side trim rails/connectors/slotted frame/wall track to support rail tools.
- Tool Rail is 0.625"(16mm) thick; brackets provide 0.375"(10mm) gap for cord management.
- Belong and Jump Stuff work tools may be used; separately specified.

Specification Tips
- **Supports maximum load of 40 pounds of Paper Management evenly distributed.**
- Panel mounted rail may span one or more panels equivalent to rail width.
- Recommended mounting position is approximately 9"(229mm) above worksurface.
- Rail is for use with specific product lines: Compose® and UniGroup Too®.

To Order, Specify:
1) Product number.
2) Trim Color for rail/brackets (product line specific; refer) to appropriate price list).

Tool Rail — Horizontal Surface Mount C-Clamp or Thru-Mount

KUR1-CSN

KUR1-TSN
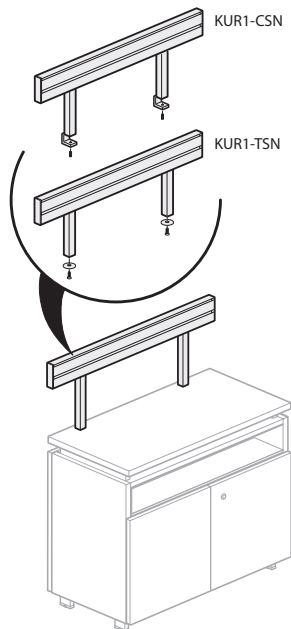

KUR1-1224-CSN

Class YA

Features
- Includes one double sided rail with two posts, two rail end caps and attachment hardware.
- Mounts to horizontal surface to support rail tools.
- 1.18"(30mm) C-clamp Rail mounts on horizontal surfaces from 0.75"(19mm) to 1.75"(44mm) thick.
- Thru-mount Rail mounts on 1.18"(25mm) thick horizontal surfaces.
- Posts are 1.25"(32mm) thick.
- Belong and Jump Stuff work tools may be used; separately specified.
- Rail overall height above horizontal surface: 11.81"(300mm).
- Distance between rail bottom and top of horizontal surface: 7.44"(189mm).
- Ships unassembled.

Specification Tips
- Designed for single sided benching applications.
- **Not designed to be used in front of panel mounted accessories (tackboard, markerboard).**
- Tool Rail supports a maximum load of 40 pounds evenly distributed on user side.
- If supporting two monitor arms (up to 13 pounds each); an additional C-clamp or thru-mount post is recommended.
- Rail may be installed off modular.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Thru-mount post can be attached flush to back edge of horizontal surface.
- C-clamp rail can be attached to panel mounted horizontal surface with notch or radius wireways without removing the horizontal surface.
- Under horizontal surface: 4"(102mm) of clearance is necessary between back of horizontal surface and adjacent component for clamp attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:
1) Product number.
2) Trim color for rail/post.
3) Trim color for rail end caps:
   - TR-K   Charcoal
   - TR-J   Graphite
   - TR-FM   Snow

Tool Rail — Single Post — C-Clamp or Thru-mount

KUP1-TSN
KUP1-CSN
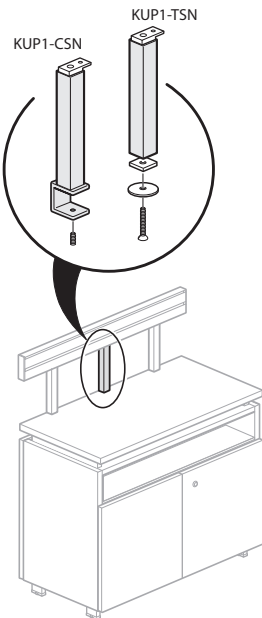

KUP1-0000-CSN
Class YA

Features
- Includes one C-clamp or one Thru-mount Post and attachment hardware.
- Posts mount on horizontal surfaces 1.18"(30mm)-2"(51mm) thick.
- Posts are 1.25"(32mm) thick.

Specification Tips
- Posts supports slide along rail bottom groove.
- For use with C-clamp or Thru-mount tool rail only.
- Monitor arm cannot be mounted in post position.
- Extra single posts can be ordered when additional support for monitor arms and paper management are attached to Tool Rail.

Post Height	Description	Number	Trim A	B

2) Trim color.

Tool Rail — Single Post — L-Bracket Mount
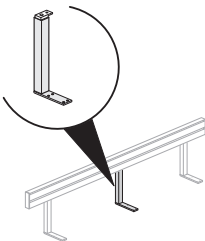

KUP1-0000-USN
Class YA

Features
- Includes one under horizontal surface L-Bracket mount post and attachment hardware.
- Post is 1.25"(32mm) thick.

Specification Tips
- For use with under horizontal surface mount tool rail.
- Single Support Post may interfere with central casting.
- Monitor arm cannot be mounted in post position.
- Extra single posts can be ordered when additional support for monitor arms and paper management are attached to Tool Rail.

Post Height	Number	Trim A	B
8.85"(225mm)	KUP1-0000-USN	$138.29	$149.21

Work Tools
Rails and Mounting

Tool Rail — Under Horizontal Surface Mount — L-Bracket

2.8"

5.1"
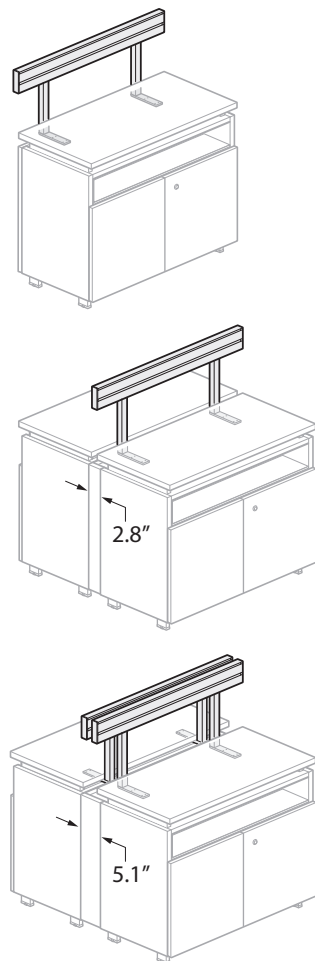

KUR1-1224-USN

Class YA

Features
- One double sided rail with two or three posts, two rail end caps and attachment brackets.
- Rails 66"(1676mm)-96"(2438mm) include three posts.
- L-bracket mounts under 1.18"(30mm) thick horizontal surface to support rail tools on both sides.
- Belong Work Tools or Jump Stuff Slat Pad Tools may be used; separately specified.
- Rail overall height above horizontal surface: 11.18"(284mm).
- Distance between rail bottom and top of horizontal surface: 7.44"(189mm).
- Post is 1.25"(32mm) thick.
- Ships unassembled.

Specification Tips
- **Rail with L-bracket or shared bracket mount can only be used in non-panel applications.**
- **Designed for single sided benching applications.**
- **Tool Rail supports a maximum load of 40 pounds (18.14kg) evenly distributed on user side or supports two monitor arms up to 13 pounds each; additional L-bracket mount post recommended.**
- For use with one base unit or back-to-back base units; L-Bracket Tool Rail is double sided to accommodate Belong work tool accessories on both sides.
- For back-to-back base unit applications, one or two L-Bracket tool rail(s) may be used:
  - One L-Bracket tool rail may be used between base units which results in an aesthetically unbalanced tool rail condition. Both users share a single tool rail. L-Brackets are attached to only one of the two back-to-back storage tops. (Note: KUR2-USN Under Worksurface Mount T-Bracket is not recommended for use with back-to-back base units due to installation issues.)
  - Two back-to-back L-Bracket tool rails may be used between base units for an aesthetically balanced tool rail condition.
  - For a single tool rail application, a 2.8"(71mm)D filler panel may be used to fill gap between back-to-back units.
  - For two back-to-back tool rails, a 5.1"(130mm)D filler panel may be used to fill gap between back-to-back base units.
- Tool Rail should be specified 6"(152mm) shorter than screen if both are specified.
- Can be installed off modular.
- Under horizontal surface: 4"(102mm) of clearance is necessary between back of horizontal surface and adjacent component for flat bracket attachment.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Posts mount flush to back edge of horizontal surface.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:
1) Product number.
2) Trim color for rail/post.
3) Trim color for rail end caps:
   - TR-K   Charcoal
   - TR-J   Graphite
   - TR-FM   Snow

Tool Rail — Single Sided Continuous Benching End
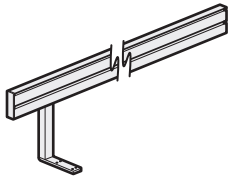

KUR1-1224-USE

Class YA

Features

- One single sided tool rail with one or two posts, one rail end cap and attachment brackets.
- Tool Rails 66"(1676mm)-96"(2438mm) includes two posts.
- Mounts under 1.18"(30mm) thick horizontal surface to support rail tools.
- Belong Work Tools or Jump Stuff Slat Pad Tools may be used; separately specified.
- Tool rail overall height above horizontal surface: 11.18"(284mm).
- Distance between tool rail bottom and top of horizontal surface: 7.44"(189mm).
- Post is 1.25"(32mm) thick.
- Ships unassembled.

Specification Tips

- **Designed for Single Sided Continuous Benching or continuous storage applications only.**
- **For use with another tool rail end or internal tool rail; internal benching single post must be specified.**
- **Tool Rail supports maximum of 40 pounds(18.14kg) evenly distributed on one side.**
- **For continuous benching application, two monitor arms up to 13 pounds each side, requires additional post.**
- **Tool Rail should be specified 6"(152mm) shorter than screen if both are specified.**
- Can be installed off modular.
- Under horizontal surface: 4"(102mm) of clearance is necessary between back of horizontal surface and pedestal for flat bracket attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:

1) Product number.
2) Trim color for tool rail/post.
3) Trim color for tool rail end cap:
   - TR-K   Charcoal
   - TR-J   Graphite
   - TR-FM   Snow

Tool Rail — Double-Sided Continuous Benching End Application Only
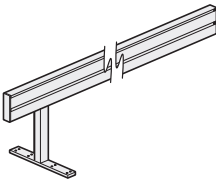

KUR2-1224-UBE

Class YA

Features
- One double sided tool rail with one or two posts, one rail end cap and attachment brackets.
- Tool Rails 66"(1676mm)-96"(2438mm) include two posts.
- Mounts under 1.18"(30mm) thick worksurface to support rail tools.
- Belong Work Tools or Jump Stuff Slat Pad Tools may be used; separately specified.
- Tool rail overall height above worksurface: 11.18"(284mm).
- Distance between tool rail bottom and top of worksurface: 7.44"(189mm).
- Post is 1.25"(32mm) thick.
- Ships unassembled.

Specification Tips
- **Designed for Continuous Benching applications only.**
- **For use with another tool rail end or internal tool rail; internal benching single post must be specified.**
- **Tool Rail supports maximum of 40 pounds(18.14kg) evenly distributed on each side.**
- **For continuous benching application, two monitor arms up to 13 pounds each side, requires additional post.**
- **Tool Rail should be specified 6"(152mm) shorter than screen if both are specified.**
- **For back-to-back application, 1 or 2 monitors up to 13 grounds each side, requires additional post.**
- Can be installed off modular.
- Under worksurface: 4"(102mm) of clearance is necessary between back of worksurface and pedestal for flat bracket attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Posts mount centered within 3.65"(93mm) gap.
- Refer to Specification Guide for planning rules.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:
1) Product number.
2) Trim color for tool rail/post.
3) Trim color for tool rail end cap:
   - TR-K   Charcoal
   - TR-J   Graphite
   - TR-FM   Snow

9"(229mm)	12.5"(318mm)	6.5"(165mm)	KURB-0912	$304.73

Lock Programs
Specification Guidelines

Locking Components Shipping Format	Locking components in all Haworth systems, casegoods, files and storage furniture are shipped with the lock housings factory-installed in each unit ready to receive separate lock plug cores. Lock plugs are field installed by means of a control key. Lock plugs and keys will be shipped with random numbering unless they are specified "keyed-alike". Quantity of locks will match quantity required for locking components on the order.
HW Lock Program	All HW lock plugs and keys will be standard in a Master Lock Program. A Master Lock program allows for better management of the facility where one "Master Key" can be used by Facility Management to service all locking components within a facility. Individual offices can be keyed-alike and will receive single-key access specific to the locking components within that workstation. Multiple locks in credenza components should be keyed-alike for the convenience of single-key access. General storage or file areas may also be keyed-alike so that individuals may have access to shared department documents or supplies.

To order new products within a workstation keyed-alike, the specifier should select the number of locks within the workstation and specify LSET quantities through Orderline. CSET lock plug and keys are to key-alike existing product for reconfigurations. |
| **On Site Lock Installation** | One Control Key for installing the lock plug will be included with each incremental order unit of up to 200 locks. The control key is used to insert and remove the lock plug into the housing at the installation site. The control key cannot be used to remove a lock plug in the locked position from its housing. Additional control keys are available and should be considered for the convenience of installing locks in widely separated areas of a facility (see Keys Only, page 83). |

Lock Housing
Plug Assembly
HW Control Key

Replacement Lock Plugs and Keys	To order replacement lock plugs and keys, use the appropriate service parts catalog number or CSETS.
Coding the Office Plan	Each lock location should be identified graphically on the plan by a dash mark. Encode your office floor plan by using your own coding system to identify each workstation or area that requires keyed-alike locks. Remember that some furniture will have more than one lock — a double pedestal desk, for instance. The coded floor plan with office identification numbers and lock quantities and color code will be required at the time of installation. The installer will be responsible for assignment of lock quantities based on this plan.

Lock Programs
HW Lock Program

HW Lock Program	The Haworth HW Lock Program is a Master Lock Program and offers the option to have workstations keyed-alike with 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge.
	For reconfiguration projects, there are CSET lock plugs and keys available at a nominal charge.
Work Sheet Preparation	Photocopy the HW Lock Work Sheet to assist in specifying locks. This work sheet is for your convenience and is not to be submitted with your purchase order.
Using the Coded Office Plan	Enter the workstation or area identification codes from the plan into the columns headed OFFICE NUMBER on the HW Lock work sheet. The work sheet can accommodate 100 location entries.

Specifying Keyed-Alike Lock Quantities and Colors

NO KEYED-ALIKE NOTE: When no LSETS are specified, plugs and keys for the total number of locking components will be shipped automatically.

Using the plan, count the number of locking components in each workstation. Enter the number of locks under "QUANTITY" columns, taking into account the chrome or black finish, depending on lock finishes offered. When completed, each workstation should be assigned a quantity of LSETs. For file banks or storage areas requiring a larger quantity of the same lock numbers, specify LSET-999.

A Master Key will need to be separately specified.

Example:

Office Number	Quantity		LSET Number	Totals	
	Chrome	**Black**		**Chrome**	**Black**
A1	3		LSET-3	1	
A2	3		LSET-3	1	
A3	3		LSET-3	1	
A4		3	LSET-3		1
A5	4	3	LSET-3		1
			LSET-4	1	
A6	3		LSET-3	1	

Total the number of LSET quantities at the bottom of the work sheet. Transfer each total quantity to your Orderline or written purchase order.

When specifying Keyed-Alike (LSETS): LSETS must be ordered for the total number of locking components. Only the quantity of LSETS ordered will be shipped. We do not ship based upon number of locking components on order.

LSETS ordered in excess of quantities required for new locking product on the order may result in the order being place on hold.

As a final verification of quantity, review the plan carefully to be sure that all products with locks have been identified. Remember that desks, credenzas and storage units may have multiple locking components.

Line Item Entry

Transfer the data from the work sheet to your Orderline or written purchase order. Enter the appropriate LSET catalog numbers on your order, followed by finish option code -BP or -BL.

Example:

Quantity	Description
4	LSET-3, LR-BP
1	LSET-4, LR-BL
2	LSET-3, LR-BL

Order Processing and Packing Method

Haworth will assign the lock numbers for all keyed-alike orders. Note: Specific key numbers cannot be requested.

Upon receipt of your keyed-alike order, Haworth will draw from our standard inventory of 300 lock numbers. Lock plugs will be shipped according to finish in sets per the quantity specified. HW locks and keys (Figure 3) will carry a stamped "HW" on one side with 1 through 300 on the other side as an indication of the "HW lock" program.
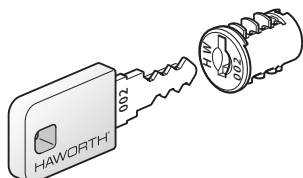

Figure 3.

Lock Programs
HW Lock Plugs and Key

HW Lock Plugs and Keys
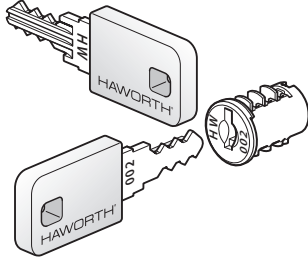

LSET
Class HA – GSA: Open Mrket

Features
- The Haworth HW Lock Program offers 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge. LSET's ordered in excess of quantities required for new locking product on the order may result in order being placed on hold.
- For reconfiguration projects there are CSET lock plugs and keys available at a nominal charge.
- All lock plugs and keys with one LSET/CSET will ship with the same key number which is chosen at random.
- LSET-999 and CSET-999 are for quantities greater than 30 lock plugs and keys. Specify quantity of locks; locks are priced "per piece". Numbers will be the same for all locks and chosen at random.
- Haworth will assign key numbers from the inventory of 1 through 300.
- To order specific key numbers for replacement; refer to page 83.
- Master key available; separately specified.
- Keys are standard in nickel with black overmolded head; Locks plugs are available in chrome and black finishes.

To Order LSET, Specify:
1) Product number.
2) Lock plug finish color.
   LX-BP   Chrome
   LX-BL   Black

To Order CSET, Specify:
1) Product number.
2) Lock plug finish color.

Digital Locks

Digital Lock

HUDR-R

HUDR-L

HUDR-B

HUDR-T
Class HA – GSA: Open Market

Features
- Includes:
  - –Digital lock with 5-digit horizontal or vertical keypad and rotating lock knob
  - –CR2032 3-volt lithium battery
 - –Factory-assigned access code
  - –Attachment hardware and spacer for metal and wood surfaces
- Fits standard lock housings in all Haworth systems, casegoods, files and storage furniture.
- Two software versions allow the lock to be programmed by individual users each time it's used, or by a facility manager for workstations where re-programming is infrequent.
- Master codes can be created by facilities management to override factory-assigned access codes.
- Factory or master codes provide manager access and enable re-programming.
- Available in black or brushed chrome.

Specification Tips
- Digital lock installs on Haworth products and fits over existing lock bezel using the included spacer.
- Optional control key fob can be specified separately to manage factory and/or master codes.
- User-Programmable (Locker Mode) user programs and codes into lock with each use.
- Facility- Programmed (Station Mode) code programmed for user, same code each use.

To Order, Specify:
1) Product number, including:

Service Parts

Service Parts

Service parts for the SL, ML and MLP are available through www.EasyKeys.com; Haworth will not be supplying these products directly.

To order products, dealers must set up an account with Easy Keys.

Easy Key is offering discounts to Haworth dealers. To set-up an account, use the link provided on My Haworth - search Easy Keys.

After the account is set up, dealers can order product at the negotiated rate. For future orders, dealers can go directly to www.EasyKeys.com and log in. In order to receive the discounted pricing, dealers must log in with the username and password that was created while setting up the account.

HAWORTH

Product Compatibility and Limited Warranty Policy

Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

Our Commitment To Product Compatibility – Integrated Product Platforms

As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

Our Commitment To Product Quality – The Haworth North America Limited Warranty

To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the limited warranty including its terms and conditions, please go to: **www.haworth.com/warranty** or contact **OneTouch@Haworth.com or 1 877 429 6784**.

Warranty Requests or Questions

For questions or service requests pertaining to the Haworth Limited Warranty, please contact your Haworth dealer. If you are unsure who your dealer is, please contact **OneTouch@Haworth.com or 1 877 429 6784**.

Terms of Sale

The Terms of Sale apply to all products in the North America Price Lists. To review the current version of the North American Terms of Sale, please go to: **www.haworth.com/terms-of-sale** or contact **OneTouch@Haworth.com or 1 877 429 6784**.

HAWORTH

Belong Monitor Arm
Single

Single Monitor Arm

KUSM

Techbase

Wire Manager Cover
Class YA0

Features
- Includes upper and lower arm bodies, VESA plate, magnetic arm panels, integrated slide and snap cord management, single top down base clamp and hardware.
- For use with monitors up to 34"(864mm).
- Weight capacity 24.25 lbs.
- Height adjustment range is 11.42"(290mm).
- Tilts 35° up and 20° down.
- Monitor rotates 360°.
- Upper and lower arm each swivel 360° with 180° lockout.
- Extends monitors out 23.62"(600mm) from desk edge.
- Quick release VESA plate standard in supplier black.
- Top down mounting clamp for use on surfaces 0.63"(16mm)-1.3"(33mm) thick.
- Hide a key (allen wrench) integrated into arm/magnetic cover panels.

Specification Tips
- Techbase:
  –Included when base option (T) is specified.
  –Slides over clamp or grommet base.
  –Features 150 watts with multiple charging options.
  –Refer to product number KUTI-0000 for details.
- Wire Manager Cover:
  –Included when Wire Manager Cover option (Y) is specified.
  –Attaches magnetically to the clamp base.
  –Not for use with Grommet mount.
  –Recommended for open applications without privacy elements to conceal visible cords.
  –Refer to product number KURC-0000-P for additional details.
- Clamp base not for use on knife edge.
- Grommet mount available (KUSM-GROM). Not compatible with Wire Manager Cover.
- Can be used with Single Handle Kit (KUHK-0000-S).
- Can be used with VESA Slider Kit (KUVK-0000-S). Slider Kit accommodates monitors up to 38"(965mm)
- Single Handle Kit and VESA Slider Kit cannot be used together.
- Not for use with Planes training tables.
- Arm assembly and clamp base weigh 7.7 lbs.

To Order, Specify:
1) Product number, including:

❶ Base Option:
- **S** Standard Base
- **T** Techbase (add **$1019.00** list)

❷ Wire Manager Cover Option:
- **N** No cover
- **Y** Cover (add **$140.00** list)

2) Trim color.
- TR-K   Charcoal
- TR-FM   Snow

Belong Monitor Arm
Single with Crossbar

Single Monitor Arm with Crossbar

KUXM

Techbase

Wire Manager Cover
Class YA0

Features
- Includes upper and lower arm bodies, VESA plate, crossbar and handle, magnetic arm panels, integrated slide and snap cord management, handle kit, single top down base clamp and hardware.
- Supports two monitors 17"(432mm)-27"(686mm) each.
- Weight capacity of 10 lbs. per monitor.
- Height adjustment range is 11.42"(290mm).
- Tilts 20° up and 20° down.
- Monitors rotate 90°.
- Monitors individually pan 12° inward and outward.
- Upper and lower arm each swivel 360° with 180° lockout.
- Extends monitors out 23.62"(600mm) from desk edge.
- Quick release VESA plate standard in supplier black.
- Crossbar and its components standard in supplier black. Handle color will match specified arm color.
- Top down mounting clamp for use on surfaces 0.63"(16mm)-1.3"(33mm) thick.
- Hide a key (allen wrench) integrated into arm/magnetic cover panels.

Specification Tips
- Techbase:
  –Included when base option (T) is specified.
  –Slides over clamp or grommet base.
  –Features 150 watts with multiple charging options.
  –Refer to product number KUTI-0000 for details.
- Wire Manager Cover:
  –Included when Wire Manager Cover option (Y) is specified.
  –Attaches magnetically to the clamp base.
  –Not for use with Grommet mount.
  –Recommended for open applications without privacy elements to conceal visible cords.
  –Refer to product number KURC-0000-P for additional details.
- Clamp base not for use on knife edge.
- Grommet mount available (KUSM-GROM). Not compatible with Wire Manager Cover.
- Cannot be combined with VESA Slider Kit or Single Handle Kit.
- Recommend using two monitors of same size and weight.
- Not for use with Planes training tables.
- Arm assembly and clamp base, crossbar and handle weighs 11.59 lbs.

To Order, Specify:
1) Product number, including:

❶ Base Type:

| S | Standard Base |
| T | Techbase (add **$1019.00** list) |

Belong Monitor Arm
Accessories

Crossbar & Handle Kit

KUCK
Class YA0

Features
- Includes one VESA plate, crossbar with quick release bracket, handle and mounting hardware.
- Crossbar and VESA plate available in supplier black only.
- Handle available in TR-K Charcoal or TR-FM Snow.
- Accommodates up to two 27"(686mm) monitors.
- Weight capacity of 10 lbs. per monitor.
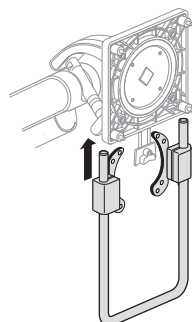

Specification Tips
- Converts a single arm to a single arm with crossbar for two monitors locked together.
- Converts dual independent arms to a triple monitor configuration; one independent arm with crossbar locking two monitors together and one independent arm with single monitor.
- When utilizing for triple monitor applications, separately specified VESA Slider Kit is recommended for monitor adjustment on independent arm.
- Recommend using monitors of same size and weight.

To Order, Specify:
1) Product number.
2) Handle color.
    TR-K   Charcoal
    TR-FM   Snow

Number	Price
KUCK-0000-SN	$419.00

Single Handle Kit

KUHK
Class YAO

Features
- Includes handle and mounting hardware.
- Mounts to VESA plate.

Specification Tips
- For use with Belong Single Monitor Arm or Belong Dual Monitor Arm; one single handle per arm.
- Not for use with:
    −VESA Slider Kit
    −Crossbar & Handle Kit assembly.
- With handle attached to monitor and counterbalance adjusted as noted below, monitors operate with less than 5 lbs. of force for most users and applications. Please see installation video for counterbalance adjustment.
