Ergotron Monitor Arms

MX

Desk Mount - Single Arm

45-214-026
Class ER - GSA: Open Market

Features

- Includes: Adjustable height monitor arm, desk clamp and grommet mount.
- For use with screen 30"(762mm) or smaller.
- Accommodates monitors from 14-30 pounds.
- Height adjustment range is 5"(127mm).
- Tilts 75° up and 5° down from center.
- Rotates 90°.
- Pans 360°.
- Extends LCD's out up to 17"(432mm).
- Integrated cable management.
- One touch adjustment.

Specification Tips

- Desk clamp mounts on worksurface 0.4"(10mm) - 2.5"(64mm) thick.
- Grommet mounts attach through surface holes 0.31"(8mm) - 2"(51mm)W and up to 3"(76mm) thick.

To Order, Specify:

- 1) Product number.

Description	Number	Price
Polished Aluminum	45-214-026	\$536.88

Wall Mount - Heavy Duty

45-228-026
Class ER - GSA: Open Market

Features

- Includes: Arm with VESA adapter brackets, wall mount base and attachment hardware.
- For use with screen up to 42"(1067mm).
- Maximum weight capacity: 30 pounds.
- Height adjustment range is 5"(127mm).
- Tilts 75° up and 5° down.
- Rotates 90° and includes position lock.
- Pans 360°.
- Integrated cable management.
- One touch adjustment.

Specification Tips

- Recommended installation height:
Upper mounting hole of base should be placed no higher than 60"(1524mm) above floor.

To Order, Specify:

- 1) Product number.

Description	Number	Price
Polished Aluminum	45-228-026	\$576.20

Ergotron Monitor Arms

MXV Desk Mount

Single Arm

45-486

Two-Piece Clamp
Class ER - GSA: Open Market

Features

- Includes: Fully assembled slim profile arm, two-piece desk clamp or low-profile C-clamp, and mounting hardware.
- For use with screen 34"(864mm) or smaller.
- Accommodates monitors from 7-20 pounds.
- Height adjustment range is 13"(330mm).
- Tilts 90° backward and 90° forward.
- Rotates 360°.
- Pans 180° at base; 360° between extension and arm. Rotation stop on base can be disengaged at time of installation to increase range to a full 360°.
- Extends LCD monitor out 22.2"(559mm).
- Arm folds back over base into a compact retracted position; perfect for tucking under systems furniture storage shelves or cabinets in space constrained areas.
- Integrated cord management.
- One touch adjustment.

Specification Tips

- Two-Piece clamp mounts on worksurface 0.47"(12mm) - 1.25"(25mm) thick.
- Low profile top mount C-Clamp mounts on worksurfaces 0.98"(25mm) - 1.38"(35mm) thick.
- Desk clamp has anti-rotation screws to prevent base from slipping.
- Grommet mount available; separately specified part 98-110.

To Order, Specify:

- 1) Product number.

Description	Number	Price
Single Arm — Two-Piece Clamp		
Polished Aluminum	45-486-026	\$554.70
White	45-486-216	554.70
Matte Black	45-486-224	554.70

Dual Arm

45-496

Class ER - GSA: Open Market

Features

- Includes: Fully assembled slim profile dual arm, two-piece desk clamp, and mounting hardware.
- For use with screen 24"(610mm) or smaller. Screen size may affect adjustment capability.
- Accommodates monitors from 7-20 pounds.
- Height adjustment range is 13"(330mm).
- Tilts 90° backward and 90° forward.
- Rotates 360°.
- Pans 180° at base; 360° between extension and arm. Rotation stop on base can be disengaged at time of installation to increase range to a full 360°.
- Extends LCD monitor out 22.2"(559mm).
- Arm folds back over base into a compact retracted position; perfect for tucking under systems furniture storage shelves or cabinets in space constrained areas.
- Integrated cord management.
- One touch adjustment.

Specification Tips

Add-On Occupancy Sensor

LUTS-0000

Class YA

Features

- Includes occupancy sensor and attachment connector.
- Standard in anodized (silver) color with white end caps.
- 0.7"(18mm)H x 2.0"(51mm)W.

Specification Tips

- For use with 120 volt, 60 hertz electrical system.
- Includes screw and magnetic attachment hardware for steel, laminate and wood.
- Intended for use in horizontal applications.

To Order, Specify:

- 1) Product number.
(No finish specification required.)

Length	Number	Price

Lighting

Voyage

Without Occupancy Sensor

LUV1

Features

- Includes base, adjustable arm fixture with LED light and 6'(182cm) removable cord.
- Available in supplier silver, white or black.
- Touch controls for On/Off switching and continuous 100-15% dimming.
- Arm rotates 300°.
- Base footprint: 6"(152mm) diameter.
- Clamp mount can be used on horizontal surfaces from 0.90"(23mm) to 1.87"(47mm) thick.
- Auto turn off after 10 hours of use.
- Power consumption: 7W.
- Color temperature 3500k.
- Luminosity: 250 Lumens.
- Color Rendition Index: 84 CRI.
- 50K hour lifespan.
- Cord length: 6'(182cm)

Specification Tips

- Minor assembly required.
- **For use with 120 volt 60 hertz electrical system.**

To Order, Specify:

1) Product number, including:

1 Attachment:

- F** Freestanding
- G** Clamp

2) Trim color.

- TR-11 Black
- TR-12 Silver
- TR-13 White

Storage — Suspended Belong

Suspended Pedestal

KUPA

KUPD
Class YA1

Features

- Includes painted steel box/file pedestal or open pedestal with box drawer and attachment hardware.

Specification Tips

- Separately specified accessories, if applicable:
 - Drawer Liner
 - Drawer Tray
 - Magnetic Divider
 - File Partition
- For use on height adjustable configurations 29"(737mm)D or greater. See chart.
- Also for use on:
 - Intuity
 - Panel-mounted Adaptable Worksurfaces
- Pedestal must be mounted inside of the frame end bracket on all height adjustable tables.

To Order, Specify:

- Product number.
- Trim color.

Security Drawer

AHDD-SU
Class YA – GSA: Open Market

Features

- Includes a painted steel drawer and front with lock.
- Available with optional USB power (Retrofit USB Charging Cable EUDX-U000-).
- For lock options, refer to Lock Program section of the Accessories Price List.
- Drawer is 3"(76mm)H.
- Bracket designed to clear desking understructure.

Specification Tips

- Built-in top shelf 2"(51mm) from bottom of worksurface.
- Designed to be used on:
 - Planes and Planes LT Benching configurations 29"(737mm)D or greater.
 - Freestanding Height Adjustable Tables 29"(737mm)D or greater:
 - Upside C-Leg
 - Planes and Planes LT C-Leg
 - Intuity Benching
 - Adaptable Worksurfaces
- Security Drawer without power option cannot be retrofit with power option.

To Order, Specify:

1) Product number, including:

1 Power Option:

- N** Non-Powered
- U** USB Power (add **\$111.20** list)

2) Case trim color.

3) Front trim color.

4) Lock trim color.

Note: For mixed grade surfaces, please refer to the design and specification tools.

Storage Accessories

Belong

PDA Tray

KJTY-12
Class YA

Features

- Includes one rectangular PDA tray, one small ring, and one large ring.
- PDA Tray:
 - Outside dimensions - 1.38"(35mm)H x 11.75"(298mm)W x 16.12"(409mm)L
 - Inside dimensions - 1.25"(32mm)H x 11.5"(292mm)W x 12.87"(327mm)L
- Small ring:
 - Outside dimensions - 1"(25mm)H x 5.55"(141mm)W x 5.55"(141mm)L
- Large ring:
 - Outside dimensions - 1"(25mm)H x 5.98"(152mm)W x 11.43"(290mm)L
- PDA Tray has cutouts to allow for low voltage cable management.
- PDA Tray and rings are plastic.
- Standard in Snow trim.

Specification Tips

- PDA Tray designed to be used as a stand alone accessory in X Series, Masters Series and Compose Storage file drawers.
- Designed to slide side-to-side along the panels, or hanging bars in file drawers, allowing access to drawer contents below the PDA Tray.
- Files cannot be hung in lateral file drawers when using the PDA Tray.

Note: Snow (TR-FM) plastic trim color is not recommended for use with painted trim colors Plaster (TR-TW) or Chalk (TR-AK). Refer to Very® Seating chainset for Snow.

To Order, Specify:

- Product number.
(No finish specification required.)

	Number	Price

Storage Accessories

Belong

Cushion Top

QBFC_F
Class YA

Features

- Includes one cushion and non-slip material.
- .75"(19mm) thick cushion is cover stitched around perimeter edges.
- Cushion is inset 0.6"(15mm) from base unit perimeter edges.
- Cushion has a two-sided reversible surface; same fabric on both sides.

Specification Tips

- Cushion is not structural; to be used with a storage top.
- Cushion may be the same width or not as wide as the base unit.
- Patterned fabrics may not align on both sides of the cushion.
- Not for use on 16"(406mm)D storage.

To Order, Specify:

- 1) Product number.
- 2) Fabric and color.

Work Tools

Rails and Mounting

Slat, Wall Mount

KUPY
Class CA

Features

- Includes slat tile & attachment brackets for structural wall.
- Belong and Jump Stuff work tools may be used; separately specified.

Specification Tips

- Designed to be used under wall mounted overhead storage units.
- Allows space for task light cord routing.
- **Not for use with wall track.**

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Work Tools

Rails and Mounting

Single Side

KURI-0424-PZN
Class YA

Features

- Includes one rail with panel attachment brackets.
- Mounts to panel side trim rails/connectors/slotted frame/wall track to support rail tools.
- Tool Rail is 0.625"(16mm) thick; brackets provide 0.375"(10mm) gap for cord management.
- Belong and Jump Stuff work tools may be used; separately specified.

Specification Tips

- **Supports maximum load of 40 pounds of Paper Management evenly distributed.**
- Panel mounted rail may span one or more panels equivalent to rail width.
- Recommended mounting position is approximately 9"(229mm) above worksurface.
- Rail is for use with specific product lines: Compose® and UniGroup Too®.

To Order, Specify:

- 1) Product number.
- 2) Trim Color for rail/brackets (product line specific; refer to appropriate price list).

Rails and Mounting

Tool Rail — Horizontal Surface Mount C-Clamp or Thru-Mount

KURI-1224-CSN
Class YA

Features

- Includes one double sided rail with two posts, two rail end caps and attachment hardware.
- Mounts to horizontal surface to support rail tools.
- 1.18"(30mm) C-clamp Rail mounts on horizontal surfaces from 0.75"(19mm) to 1.75"(44mm) thick.
- Thru-mount Rail mounts on 1.18"(25mm) thick horizontal surfaces.
- Posts are 1.25"(32mm) thick.
- Belong and Jump Stuff work tools may be used; separately specified.
- Rail overall height above horizontal surface: 11.81"(300mm).
- Distance between rail bottom and top of horizontal surface: 7.44"(189mm).
- Ships unassembled.

Specification Tips

- Designed for single sided benching applications.
- Not designed to be used in front of panel mounted accessories (tackboard, markerboard).**
- Tool Rail supports a maximum load of 40 pounds evenly distributed on user side.
- If supporting two monitor arms (up to 13 pounds each); an additional C-clamp or thru-mount post is recommended.
- Rail may be installed off modular.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Thru-mount post can be attached flush to back edge of horizontal surface.
- C-clamp rail can be attached to panel mounted horizontal surface with notch or radius wireways without removing the horizontal surface.
- Under horizontal surface: 4"(102mm) of clearance is necessary between back of horizontal surface and adjacent component for clamp attachment.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:

- Product number.
- Trim color for rail/post.
- Trim color for rail end caps:

TR-K	Charcoal
TR-J	Graphite
TR-FM	Snow

Work Tools

Rails and Mounting

Tool Rail — Single Post — C-Clamp or Thru-mount

KUP1-0000-CSN
Class YA

Features

- Includes one C-clamp or one Thru-mount Post and attachment hardware.
- Posts mount on horizontal surfaces 1.18"(30mm)-2"(51mm) thick.
- Posts are 1.25"(32mm) thick.

Specification Tips

- Posts supports slide along rail bottom groove.
- For use with C-clamp or Thru-mount tool rail only.
- Monitor arm cannot be mounted in post position.
- Extra single posts can be ordered when additional support for monitor arms and paper management are attached to Tool Rail.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Tool Rail — Single Post — L-Bracket Mount

KUP1-0000-USN
Class YA

Features

- Includes one under horizontal surface L-Bracket mount post and attachment hardware.
- Post is 1.25"(32mm) thick.

Specification Tips

- For use with under horizontal surface mount tool rail.
- Single Support Post may interfere with central casting.
- Monitor arm cannot be mounted in post position.
- Extra single posts can be ordered when additional support for monitor arms and paper management are attached to Tool Rail.

To Order, Specify:

- 1) Product number.
- 2) Trim color.

Post Height	Number	Trim A	B

Work Tools

Rails and Mounting

Tool Rail — Under Horizontal Surface Mount — L-Bracket

KUR1-1224-USN
Class YA

Features

- One double sided rail with two or three posts, two rail end caps and attachment brackets.
- Rails 66"(1676mm)-96"(2438mm) include three posts.
- L-bracket mounts under 1.18"(30mm) thick horizontal surface to support rail tools on both sides.
- Belong Work Tools or Jump Stuff Slat Pad Tools may be used; separately specified.
- Rail overall height above horizontal surface: 11.18"(284mm).
- Distance between rail bottom and top of horizontal surface: 7.44"(189mm).
- Post is 1.25"(32mm) thick.
- Ships unassembled.

Specification Tips

- **Rail with L-bracket or shared bracket mount can only be used in non-panel applications.**
- **Designed for single sided benching applications.**
- **Tool Rail supports a maximum load of 40 pounds (18.14kg) evenly distributed on user side or supports two monitor arms up to 13 pounds each; additional L-bracket mount post recommended.**
- For use with one base unit or back-to-back base units; L-Bracket Tool Rail is double sided to accommodate Belong work tool accessories on both sides.
- For back-to-back base unit applications, one or two L-Bracket tool rail(s) may be used:
 - One L-Bracket tool rail may be used between base units which results in an aesthetically unbalanced tool rail condition. Both users share a single tool rail. L-Brackets are attached to only one of the two back-to-back storage tops. (Note: KUR2-USN Under Worksurface Mount T-Bracket is not recommended for use with back-to-back base units due to installation issues.)
 - Two back-to-back L-Bracket tool rails may be used between base units for an aesthetically balanced tool rail condition.
 - For a single tool rail application, a 2.8"(71mm)D filler panel may be used to fill gap between back-to-back units.
 - For two back-to-back tool rails, a 5.1"(130mm)D filler panel may be used to fill gap between back-to-back base units.
- Tool Rail should be specified 6"(152mm) shorter than screen if both are specified.
- Can be installed off modular.
- Under horizontal surface: 4"(102mm) of clearance is necessary between back of horizontal surface and adjacent component for flat bracket attachment.
- Heavy load application; additional posts can be ordered.
- Monitor arm cannot be mounted in post positions.
- Gap between screen and horizontal surface allows installation of Belong Tool Rail.
- Utility tray provides clearance for installation of Belong Tool Rail.
- Posts mount flush to back edge of horizontal surface.

Note: No more than 6"(152mm) of rail can be extended beyond outside of support.

To Order, Specify:

- 1) Product number.
- 2) Trim color for rail/post.
- 3) Trim color for rail end caps:
 - TR-K Charcoal
 - TR-J Graphite
 - TR-FM Snow

39.5"(1003mm)	18.75"(476mm)	48"(1219mm)	JRPY-3948-SJAN	\$6048.46	\$6380.93

Recycling/Trash Bin

KURB
Class YA

Features

- Includes one plastic bin with removable plastic divider.
- Can be suspended from hanging rails in X Series, Compose and Masters Series pedestals and lateral filing drawers.
- Recycling/Trash Bin can be easily removed from carriage or drawer body to dispose of waste contents.
- Not designed to be freestanding.
- Available in Snow only.
- The removable divider subdivides the space into nominal 4.25"(108mm) and 1.5"(38mm) sections.

Specification Tips

- Cannot accommodate hanging files.

To Order, Specify:

- Product number.
(No finish specification required.)

Nominal Height	Nominal Depth	Nominal Width	Number	Price
9"(229mm)	12.5"(318mm)	6.5"(165mm)	KURB-0912	\$304.73

Lock Programs

Specification Guidelines

Locking Components Shipping Format	Locking components in all Haworth systems, casegoods, files and storage furniture are shipped with the lock housings factory-installed in each unit ready to receive separate lock plug cores. Lock plugs are field installed by means of a control key. Lock plugs and keys will be shipped with random numbering unless they are specified "keyed-alike". Quantity of locks will match quantity required for locking components on the order.
HW Lock Program	All HW lock plugs and keys will be standard in a Master Lock Program. A Master Lock program allows for better management of the facility where one "Master Key" can be used by Facility Management to service all locking components within a facility. Individual offices can be keyed-alike and will receive single-key access specific to the locking components within that workstation. Multiple locks in credenza components should be keyed-alike for the convenience of single-key access. General storage or file areas may also be keyed-alike so that individuals may have access to shared department documents or supplies. To order new products within a workstation keyed-alike, the specifier should select the number of locks within the workstation and specify LSET quantities through Orderline. CSET lock plug and keys are to key-alike existing product for reconfigurations.
On Site Lock Installation	One Control Key for installing the lock plug will be included with each incremental order unit of up to 200 locks. The control key is used to insert and remove the lock plug into the housing at the installation site. The control key cannot be used to remove a lock plug in the locked position from its housing. Additional control keys are available and should be considered for the convenience of installing locks in widely separated areas of a facility (see Keys Only, page 83).

Replacement Lock Plugs and Keys	To order replacement lock plugs and keys, use the appropriate service parts catalog number or CSETS.
Coding the Office Plan	Each lock location should be identified graphically on the plan by a dash mark. Encode your office floor plan by using your own coding system to identify each workstation or area that requires keyed-alike locks. Remember that some furniture will have more than one lock — a double pedestal desk, for instance. The coded floor plan with office identification numbers and lock quantities and color code will be required at the time of installation. The installer will be responsible for assignment of lock quantities based on this plan.

Lock Programs

HW Lock Program

HW Lock Program

The Haworth HW Lock Program is a Master Lock Program and offers the option to have workstations keyed-alike with 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge.

For reconfiguration projects, there are CSET lock plugs and keys available at a nominal charge.

Work Sheet Preparation

Photocopy the HW Lock Work Sheet to assist in specifying locks. This work sheet is for your convenience and is not to be submitted with your purchase order.

Using the Coded Office Plan

Enter the workstation or area identification codes from the plan into the columns headed OFFICE NUMBER on the HW Lock work sheet. The work sheet can accommodate 100 location entries.

Specifying Keyed-Alike Lock Quantities and Colors

NO KEYED-ALIKE NOTE:
When no LSETS are specified, plugs and keys for the total number of locking components will be shipped automatically.

Using the plan, count the number of locking components in each workstation. Enter the number of locks under "QUANTITY" columns, taking into account the chrome or black finish, depending on lock finishes offered. When completed, each workstation should be assigned a quantity of LSETs. For file banks or storage areas requiring a larger quantity of the same lock numbers, specify LSET-999.

A Master Key will need to be separately specified.

Example:

Office Number	Quantity		LSET Number	Totals	
	Chrome	Black		Chrome	Black
A1	3		LSET-3	1	
A2	3		LSET-3	1	
A3	3		LSET-3	1	
A4		3	LSET-3		1
A5	4	3	LSET-3		1
			LSET-4	1	
A6	3		LSET-3	1	

Total the number of LSET quantities at the bottom of the work sheet. Transfer each total quantity to your Orderline or written purchase order.

When specifying Keyed-Alike (LSETS): LSETS must be ordered for the total number of locking components. Only the quantity of LSETS ordered will be shipped. We do not ship based upon number of locking components on order.

LSETS ordered in excess of quantities required for new locking product on the order may result in the order being placed on hold.

As a final verification of quantity, review the plan carefully to be sure that all products with locks have been identified. Remember that desks, credenzas and storage units may have multiple locking components.

Line Item Entry

Transfer the data from the work sheet to your Orderline or written purchase order. Enter the appropriate LSET catalog numbers on your order, followed by finish option code -BP or -BL.

Example:

Quantity	Description
4	LSET-3, LR-BP
1	LSET-4, LR-BL
2	LSET-3, LR-BL

Order Processing and Packing Method

Haworth will assign the lock numbers for all keyed-alike orders. Note: Specific key numbers cannot be requested.

Upon receipt of your keyed-alike order, Haworth will draw from our standard inventory of 300 lock numbers. Lock plugs will be shipped according to finish in sets per the quantity specified. HW locks and keys (Figure 3) will carry a stamped "HW" on one side with 1 through 300 on the other side as an indication of the "HW lock" program.

Figure 3.

HW Lock Plugs and Key

HW Lock Plugs and Keys

LSET
Class HA – GSA: Open Mktet

Features

- The Haworth HW Lock Program offers 300 lock numbers. LSET keyed-alike lock plugs/keys are for new locking product orders only and are available at no charge. LSET's ordered in excess of quantities required for new locking product on the order may result in order being placed on hold.
- For reconfiguration projects there are CSET lock plugs and keys available at a nominal charge.
- All lock plugs and keys with one LSET/CSET will ship with the same key number which is chosen at random.
- LSET-999 and CSET-999 are for quantities greater than 30 lock plugs and keys. Specify quantity of locks; locks are priced "per piece". Numbers will be the same for all locks and chosen at random.
- Haworth will assign key numbers from the inventory of 1 through 300.
- To order specific key numbers for replacement; refer to page 83.
- Master key available; separately specified.
- Keys are standard in nickel with black overmolded head; Locks plugs are available in chrome and black finishes.

Class HA – GSA: Open Market

Features

- Includes:
 - Digital lock with 5-digit horizontal or vertical keypad and rotating lock knob
 - CR2032 3-volt lithium battery
 - Factory-assigned access code
 - Attachment hardware and spacer for metal and wood surfaces
- Fits standard lock housings in all Haworth systems, casegoods, files and storage furniture.
- Two software versions allow the lock to be programmed by individual users each time it's used, or by a facility manager for workstations where re-programming is infrequent.
- Master codes can be created by facilities management to override factory-assigned access codes.
- Factory or master codes provide manager access and enable re-programming.
- Available in black or brushed chrome.

Specification Tips

- Digital lock installs on Haworth products and fits over existing lock bezel using the included spacer.
- Optional control key fob can be specified separately to manage factory and/or master codes.
- User-Programmable (Locker Mode) user programs and codes into lock with each use.
- Facility- Programmed (Station Mode) code programmed for user, same code each use.

To Order, Specify:

1) Product number, including:

1 Keypad Orientation

- L** Horizontal, knob left
- R** Horizontal, knob right
- T** Vertical, knob top
- B** Vertical, knob bottom

2 Knob Rotation

- 090** 90 degree
- 180** 180 degree

3 Software Option

- U** User-programmable (Locker Mode)
- F** Facility-programmed (Station Mode)

2) Trim color for lock

Length	Width	Height	Number	Price

Digital Lock Control Key Fob

HUDF-F

Class HA – GSA: Open Market

Features

- Includes one control key fob and CR2032 3-volt lithium battery.
- Provides facility management of factory, master, and user codes, allowing management access and re-programming of digital locks (HUDR).
- Stores an unlimited number of factory and master codes.

Specification Tips

- Each lock must be programmed to accept key fob before use.

To Order, Specify:

1) Product number.

Number	Price
HUDF-F	\$828.16

Product Compatibility and Limited Warranty Policy

Great Expectations

You have them as a Haworth customer and so do we. And because we value our customers, we cover our products with the Haworth North America Product Compatibility and Limited Warranty Policy.

Our Commitment To Product Compatibility – Integrated Product Platforms

As a market leader in the design and manufacture of workspaces that adapt to change, we strive to maintain product compatibility within our various generations of integrated product platforms. This benefits the customer who desires to update or modify their work environment. It also benefits the customer needing to replace a product due to damage or other reasons but which is no longer manufactured or is otherwise unavailable, such as a fabric or finish that is discontinued because of changing market preferences. In both circumstances, we often can provide products with comparable function and performance.

Our Commitment To Product Quality – The Haworth North America Limited Warranty

To ensure customer satisfaction and peace of mind, we stand behind our products with the Haworth North America Limited Warranty. To review the current version of the limited warranty including its terms and conditions, please go to:

www.haworth.com/warranty or contact **OneTouch@Haworth.com** or **1 877 429 6784**.

Warranty Requests or Questions

For questions or service requests pertaining to the Haworth Limited Warranty, please contact your Haworth dealer.

If you are unsure who your dealer is, please contact **OneTouch@Haworth.com** or **1 877 429 6784**.

Terms of Sale

The Terms of Sale apply to all products in the North America Price Lists. To review the current version of the North American Terms of Sale, please go to:

www.haworth.com/terms-of-sale or contact **OneTouch@Haworth.com** or **1 877 429 6784**.

Belong Monitor Arm

Single

Single Monitor Arm

KUSM

Techbase

Wire Manager Cover
Class YAO

Features

- Includes upper and lower arm bodies, VESA plate, magnetic arm panels, integrated slide and snap cord management, single top down base clamp and hardware.
- For use with monitors up to 34"(864mm).
- Weight capacity 24.25 lbs.
- Height adjustment range is 11.42"(290mm).
- Tilts 35° up and 20° down.
- Monitor rotates 360°.
- Upper and lower arm each swivel 360° with 180° lockout.
- Extends monitors out 23.62"(600mm) from desk edge.
- Quick release VESA plate standard in supplier black.
- Top down mounting clamp for use on surfaces 0.63"(16mm)-1.3"(33mm) thick.
- Hide a key (allen wrench) integrated into arm/magnetic cover panels.

Specification Tips

- Techbase:
 - Included when base option (T) is specified.
 - Slides over clamp or grommet base.
 - Features 150 watts with multiple charging options.
 - Refer to product number KUTI-0000 for details.
- Wire Manager Cover:
 - Included when Wire Manager Cover option (Y) is specified.
 - Attaches magnetically to the clamp base.
 - Not for use with Grommet mount.
 - Recommended for open applications without privacy elements to conceal visible cords.
 - Refer to product number KURC-0000-P for additional details.
- Clamp base not for use on knife edge.
- Grommet mount available (KUSM-GROM). Not compatible with Wire Manager Cover.
- Can be used with Single Handle Kit (KUHK-0000-S).
- Can be used with VESA Slider Kit (KUVK-0000-S). Slider Kit accommodates monitors up to 38"(965mm)
- Single Handle Kit and VESA Slider Kit cannot be used together.
- Not for use with Planes training tables.
- Arm assembly and clamp base weigh 7.7 lbs.

To Order, Specify:

1) Product number, including:

1 Base Option:

- S** Standard Base
- T** Techbase (add **\$1019.00** list)

2 Wire Manager Cover Option:

- N** No cover
- Y** Cover (add **\$140.00** list)

Belong Monitor Arm

Accessories

Crossbar & Handle Kit

KUCK
Class YAO

Features

- Includes one VESA plate, crossbar with quick release bracket, handle and mounting hardware.
- Crossbar and VESA plate available in supplier black only.
- Handle available in TR-K Charcoal or TR-FM Snow.
- Accommodates up to two 27"(686mm) monitors.
- Weight capacity of 10 lbs. per monitor.

Specification Tips

- Converts a single arm to a single arm with crossbar for two monitors locked together.
- Converts dual independent arms to a triple monitor configuration; one independent arm with crossbar locking two monitors together and one independent arm with single monitor.
- When utilizing for triple monitor applications, separately specified VESA Slider Kit is recommended for monitor adjustment on independent arm.
- Recommend using monitors of same size and weight.

To Order, Specify:

- 1) Product number.
- 2) Handle color.
TR-K Charcoal
TR-FM Snow

Number	Price
KUCK-0000-SN	\$419.00

Single Handle Kit

KUIHK
Class YAO

Features

- Includes handle and mounting hardware.
- Mounts to VESA plate.

Specification Tips

- For use with Belong Single Monitor Arm or Belong Dual Monitor Arm; one single handle per arm.
- Not for use with:
 - VESA Slider Kit
 - Crossbar & Handle Kit assembly.
- With handle attached to monitor and counterbalance adjusted as noted below, monitors operate with less than 5 lbs. of force for most users and applications. Please see installation video for counterbalance adjustment.

Monitor Weight	Counterbalance Adjustment
6.6 lbs.	1
8.89 lbs.	1.5
11.0 lbs	1.75

VESA Slider Kit

KUVK
Class YAO

Features

- Includes one slider, VESA plate and mounting hardware.
- Supplier black only.
- Allows monitor to slightly adjust along the slider

Specification Tips

- For use with Belong Single Monitor Arm or Belong Dual Monitor arm; one slider kit per arm.
- Not for use with:
 - Crossbar and Handle Kit
 - Single Handle Kit
- Slider kit recommended to support monitor sizes up to 38"(965mm).

To Order, Specify:

- 1) Product number.

Number	Price
KUVK-0000-S	\$185.00

Belong Monitor Arm

Accessories

Single to Dual Conversion Kit

KUDK
Class YAO

Features

- Includes dual arm base adapter, single arm upper and lower bodies, two wire managers, VESA plate and four magnetic panels.
- Converts existing single monitor arm and base to a dual independent monitor arm configuration (additional base not needed).
- For use with monitors up to 34"(864mm).
- Weight capacity 24.25 lbs. per arm.

Specification Tips

- Each independent arm may be used with one of the following:
 - Single Handle Kit (KUHK-0000-S)
 - VESA Slider Kit (KUVK-0000-S). Slider kit increases maximum monitor size to 38"(965mm)
- Single Handle Kit and VESA Slider Kit cannot be used together.

To Order, Specify:

- 1) Product number.
- 2) Trim color.
 - TR-K Charcoal
 - TR-FM Snow

Number	Price
