

CALACATTA MONET

Every now and then a slab enters our gallery, and everything stops. The buzz around Calacatta Monet is real - it's an incredibly beautiful Italian marble, and its burgundy-lilac veins and ivory clasts are everything Artistic Tile loves in natural stone. Stocked in limited quantities in 3/4" (2 cm nominal) polished and honed slabs.

NOTES
¹ This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching. ² Showers: Product must be installed in accordance with current TCNA Handbook Stone Methods. ³ Please see NSI DSDM guidelines for all installation instructions. Tech Notes: The NSI recommends installing resin-backed stone with epoxy-based setting materials or combination of primer + cement mortar. Consult your setting materials manufacturer for specific recommendations. Minor vein washout is possible in wet installations.
