

FLATIRON

Inspired by the iconic early skyscraper that gave its name to New York's 21st century creative mecca, Flatiron is an elegant edge molding that doubles as an intriguing decorative element when used as a primary design element. Flatiron also works well when layered, for a unique dimensional effect. 12" x 1" x 3/4" in honed Thassos, Statuary, China Black, Bianco Dolomiti, and Lilac marble, and in polished Azul Macaubas quartzite.
