

# FLUTE

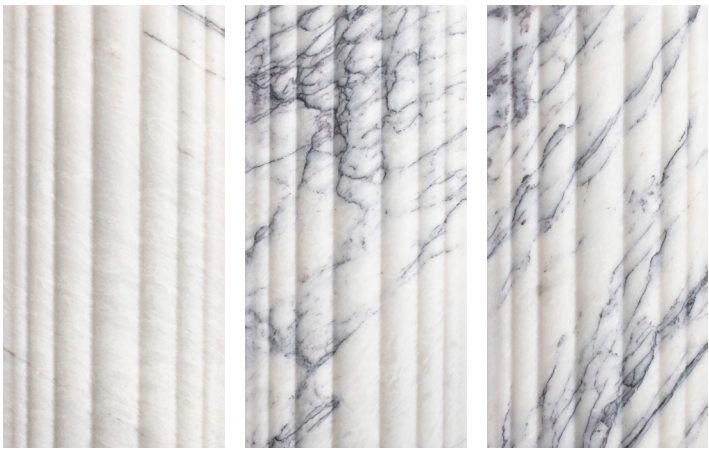

---

NYCxDesign Award winner Flute Deco and its purple/white sibling, Flute Lilac, are both inspired by classical fluted columns, but the fluting is inverted: waves undulate out from the center of each tile, flowing from one to the next. The effect is smooth, dimensional, and architectural.

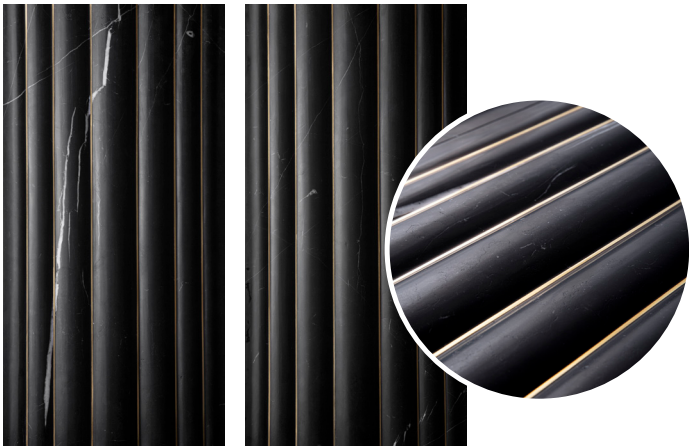

Flute Deco features elegantly inlaid brass lines defining each flute against the Nero stone, while Flute Lilac's rich violet to dark purple veins play against its graceful flutes. Perfect for elegant vertical walls, and brilliant as a luxurious horizontal wainscot.
