

VERONESE FUMO ROSATO

Our Veronese collection mixes distinctive Italian marbles from the region. A global exclusive for Artistic Tile, Veronese terrazzo is crafted for us in both tile and slab. Composed of 95% marble with 5% resin, this modern terrazzo is stocked in five colorways: Multicolore, Crema, Nero, Verde Perlino, and Fumo Rosato.

Multicolore, with chips of Arabescato Bianco marble and jewel-like green and violet Lepidolite mica. Crema, featuring Arabescato Bianco marble’s softly neutral range. Nero, with classic Bianco Carrara dramatically set into ink-black resin. Verde Perlino, with marble chips in shades of Pink, Cream, and Alpine Green on a dark background. Fumo Rosato, with smoky Fior Di Bosco flecked with blush Rosa Perlino. Available in 24”× 24” x 3/8” tile and ¾” honed terrazzo slab.

NOTES
¹This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching. ²Showers: Product MUST be installed in accordance with current TCNA Handbook Stone Methods. Tech notes: Ardex N23 is to be used if installing over radiant heat systems. Test grout color before use, darker grout may stain. Suitable for exterior countertops in non-freeze-thaw climates. Will yellow slightly over time when exposed to direct sunlight. Nominal size 48"x 120".
