

CALACATTA VAGLI EXTRA

Quarried in Italy, Calacatta Vagli is a highly valued brecciated marble. The unique stone is predominantly milky white with grey and gold inclusions, and occasional ribbons of green.

Available in 3/4" (2cm nominal) and 1 1/4" (3cm nominal) polished slabs.

NOTES												
¹This material is sensitive to acids including those commonly found in kitchens. Acid etching occurs in many stones, but may be less visible on lighter colors and on surfaces with a honed finish. A professionally applied surface treatment like MORE™ AntiEtch™ can prevent acid etching. ²Showers: Product must be installed in accordance with current TCNA Handbook stone methods. Tech Notes: The NSI recommends installing resin-backed stone with epoxy-based setting materials or a combination of suitable primer and cement-based mortar. Consult your setting materials manufacturer for specific recommendations. Minor vein washout is possible in wet installations. Seal natural stone prior to grouting.
