

LIVIA

#8260-PF5 Two-Seat Straight Bench, #94 Cotton Premium Base Finish

Metal frame and spacers available in standard and premium finishes.

LIVIA

Livia is more than what it appears to be at first glance, prompting a second look to appreciate its subtle nuances. The scalloped wood beam design creates a wave-like effect that ebbs and flows in varying degrees based on the viewing angle, which is further enhanced by a step progression that takes shape along its side profile for another layer of depth. Livia is as versatile as it is timeless.
