

## HBF Textiles Sustainability Certification & Recycled Content Summary

HBF Textiles enriches lives and spaces through the essential qualities of fabric, showcasing craftsmanship and intentional design. Our expertise lies in understanding yarn, dyeing, spinning, structure, and weave. As part of HNI Corporation, we prioritize sustainability and social responsibility—respecting people, reducing impact, and fostering transparency. We source fibers thoughtfully, buy locally, use fewer chemicals, and continually improve our processes. Beyond textiles, we build lasting relationships and honor a 200-year legacy of North Carolina manufacturing, collaborating globally to explore the endless possibilities of fabric.
