VELVET CORD 1099

# VELVET CORD 1099

Velvet Cord is the protagonist: commanding attention with precise raised ridges that run in perfect linear formation. Each ridge features alternating velvet pile directions which creates tonal banding—an additional layer of light play within the structural pattern. Light and dark bands run parallel within each ridge and shift with light conditions and viewing positions. Velvet’s natural luster enhances the dimensional effect, transforming flat upholstery into a dynamic surface that changes from moody and intimate to bold and sculptural as lighting conditions change.

Available in 10 colorways, Velvet Cord is woven from a proprietary performance luxe yarn that performs at 100,000 double rubs and is bleach cleanable.

PETITE SUEDE 1102

# PETITE SUEDE 1102

Unlike the collection's other patterns that illuminate, this sophisticated suede creates depth through color saturation and tactile invitation. Its ultra-soft matte texture deliberately absorbs light rather than reflecting it—a deliberate pause that grounds the collection with quiet confidence.

Available in 13 colorways, Petite Suede is bleach cleanable and performs at 200,000 double rubs.

## STUBBORN STAINS

1. Create a mixture of warm water and dish soap liquid. Wet a clean cloth or sponge with the mixture and rub the stain in a circular motion.
2. Dry and Buff the Fabric. A portable hairdryer can be used to dry the fabric. After drying, the fabric may have hard patches where stains were located.
3. To soften the fabric, brush the area gently in a back-and-forth motion with a bristled brush or a clean toothbrush.
