#1410 Guest Chair, Wood Back with Upholstered Cushion, presented with Melina Meeting Tables by Encore.
Shown with corresponding Theme Counter-Height Stools and Delen Wall-Mount Tables.

THEME

Blending the richness and natural beauty of wood with soft upholstered curves, Theme reinvigorates traditional design elements with modern-day touches to create something that's anything but ordinary. Companion to counter and bar-height stools within the same family, guest models share similarities that include two back styles and a convenient clean-out feature, while a skillfully integrated suspension support underneath the seat ensures long-term seated comfort for hours on end.
