

# Hierarchy

## Low Back 4-Leg Stool

### KEY FEATURES

#### Modern Design

Provides a fresh, streamlined look that integrates seamlessly into higher ed and professional environments.

#### Multiple Heights

Choose 24" or 30" heights to fit counter- or bar-height surfaces, ideal for multi height seating and better viewability.

#### Durable Shell

Resists wear and tear while providing improved comfort and ergonomic support.

#### Ergonomic Foot Support

Dual footrests at varying heights provide proper support for all users, easing leg strain and improving posture for lasting comfort.

#### Versatile Use

Perfect for replacing traditional lab stools in science classrooms, labs, and collaborative spaces.

# Modern Comfort Meets Everyday Versatility

The Hierarchy Low Back 4-Leg Stool delivers the comfort, style, and versatility you need—now with a sleek, low-profile silhouette that feels right at home in modern learning and working spaces. Available in 24" and 30" seat heights, it brings all the perks of our standard Hierarchy shell with an updated, contemporary twist perfect for higher education, office environments, and beyond. The injection-molded shell offers durability in a variety of colors, while the sturdy four-leg base—finished in your choice of platinum or chrome—ensures stability and long-lasting performance.

Designed with an ergonomic dual footrest design, this stool adapts to you. Shorter users can relax without dangling legs, while taller users or perch-sitters enjoy extra options for posture and ease. It's also the ideal replacement for traditional lab stools, offering an elevated seating experience for science classrooms, maker spaces, and collaborative labs. SCS Indoor Advantage Gold Certified.

## Ideal for:

- Science labs and classrooms
- Maker spaces and STEM environments
- Higher education lecture halls
- Collaborative workspaces
- Office and breakroom seating

Stock Color Options:

Black

Cool Gray

Navy

Dual footrest design provides ergonomic comfort for users of all heights.
