INTRODUCING
**ENSEMBLE
COLLECTION**

Arc|Com

With a desire to increase patient connectivity to the natural environment, the Ensemble Collection reflects biophilic design principles offering a beautifully coordinated grouping of organic pattern and texture.

The Ensemble Collection includes two coated upholstery patterns and a companion privacy curtain with X-STATIC® Silver Antimicrobial Technology. All bleach cleanable. All Healthier Hospitals Compliant.

MICROBE REDUCTION

99%+ reduction of microbes on Arc-Com privacy curtains within 4 hours

CLINICALLY PROVEN

Several clinical studies performed in hospitals on soft surfaces showed significant reduction of microbes on fabric.

NO BEHAVIORAL MODIFICATION BY STAFF OR PATIENTS IS REQUIRED

Self-cleaning of microbes because the mechanism of action is continuous and inherent in the fabric.

OFFERS PERMANENT PROTECTION

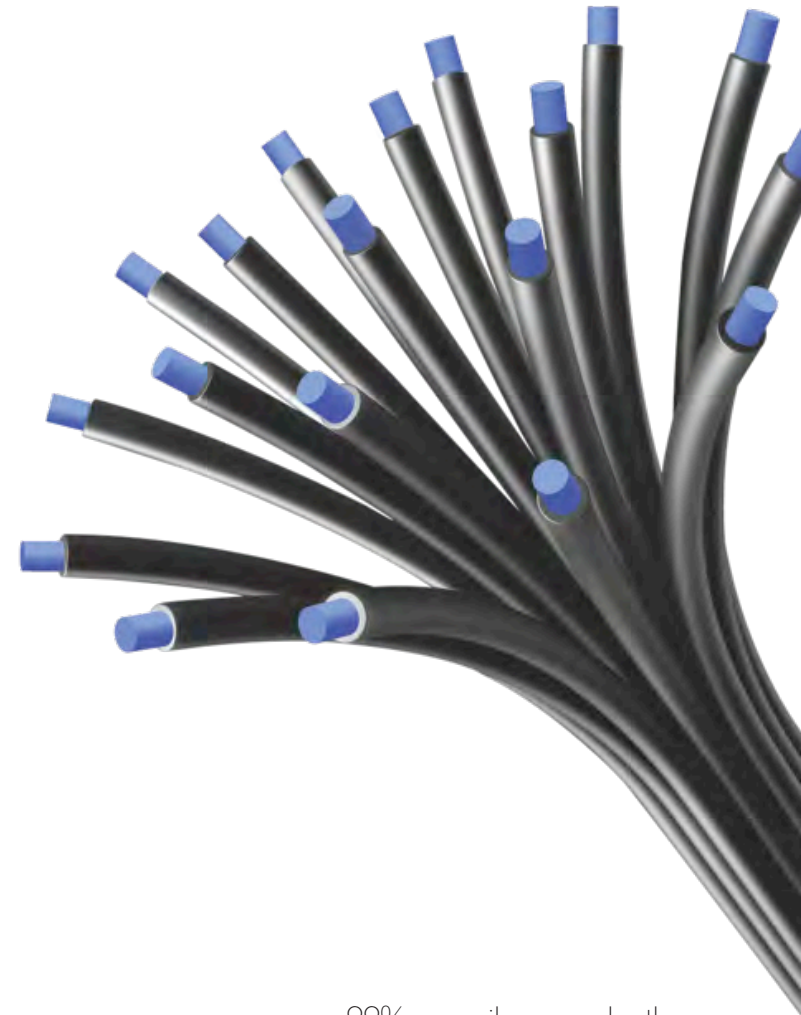

Not a chemical finish; truly lasts the life of the product. Demonstrated effective even after 200 industrial launderings.

SILVER FIBER VISIBILITY

Provides assurance of protection

TESTED & SAFE

X-STATIC products are EPA and FDA registered and tested to ASTM E2149. Viral testing is available upon request.

99% pure silver covalently bonded to nylon fiber or filament
