

INTRODUCING
HORIZON

Arc Com

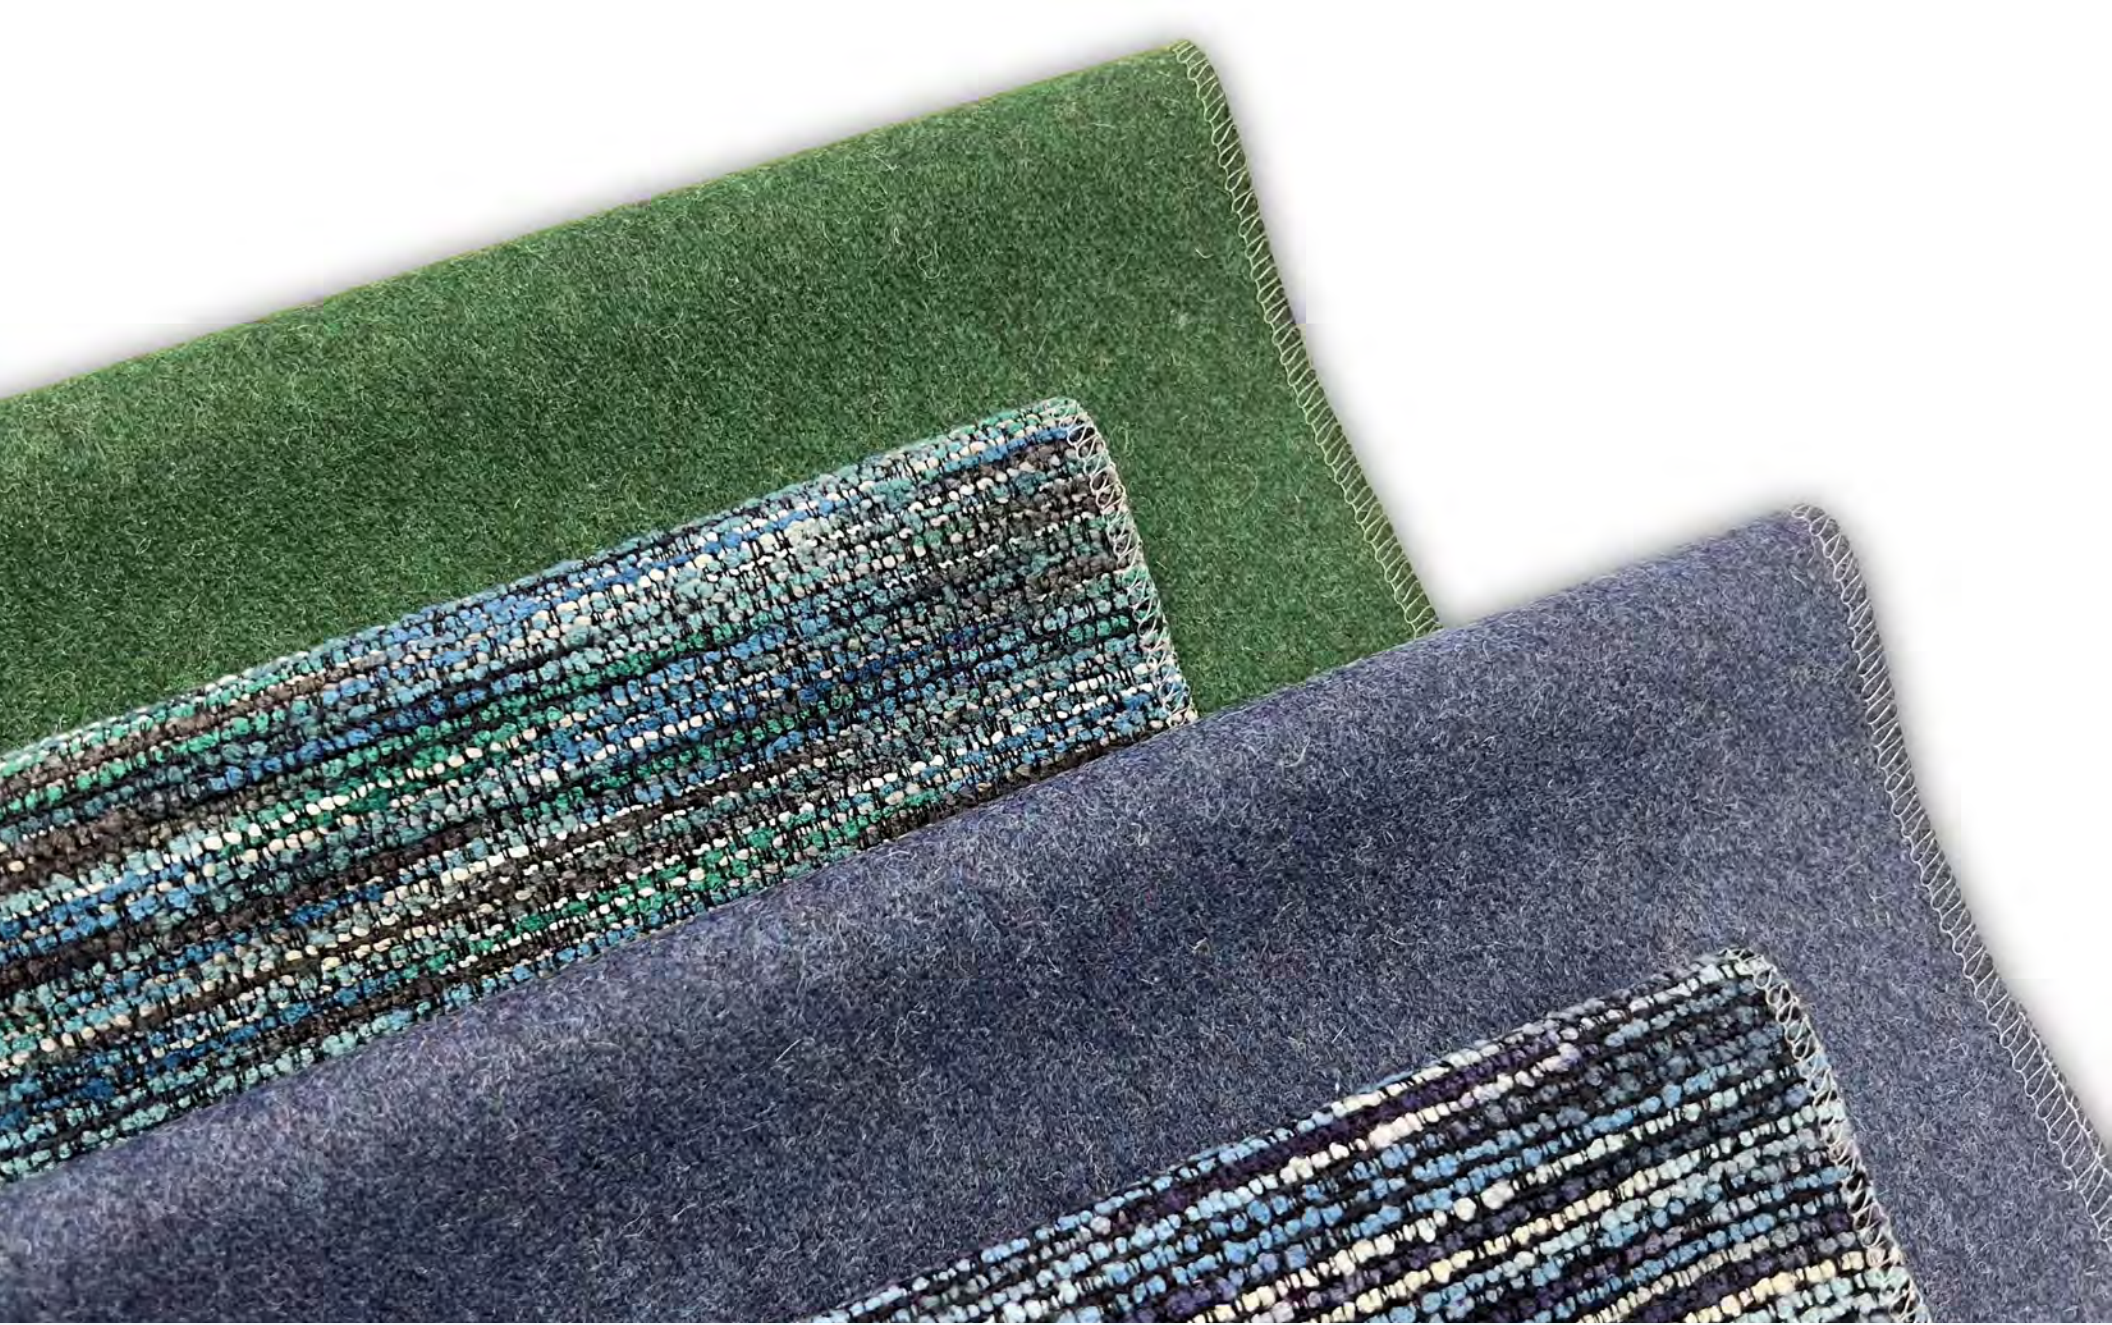

The Arc-Com Design Studio adds a unique, multi-colored texture to its ever-growing offering of interesting textures and solids with the launch of pattern Horizon.

Horizon's distinguished linear surface is created through the use of two differently sized boucle slub yarns that have been spun and then space dyed. When woven, these multicolored yarns create a random, linear, textural effect that truly elevates the aesthetic of this innovative textile.

- Proposition 65 Compliant
- Meets Criteria for Healthier Hospital Initiative
- PFAS Free (including PFOA & PFOS Free)

• PFAS Free Stain Resistant • Abrasion Resistant

HORIZON

Content	65% Post Consumer Recycled Polyester, 35% Polyester
Environmental	AB-2998 Compliant: Flame Retardant Free Antimicrobial Antibacterial Free PFAS Free (including PFOA & PFOS Free) Proposition 65 Compliant Meets Criteria for Healthier Hospital Initiative LBC Red List Free GreenGuard Gold Certified
Finish	Stain Resistant + Acrylic Backing
Cleaning	WS
Abrasion	150,000 double rubs
Application	Upholstery, Panel, Wallcovering
Colorways	8
