

INTRODUCING
PAXTON & VICTORIA

Arc|Com

The Arc-Com Design
Studio draws inspiration
from Victorian Era
England for its two new
high-performance,
polyester velvets-
patterns Victoria and
Paxton.

The framework of pattern
Paxton is reminiscent of
the complex façade of
London's glass beauty
the Crystal Palace.

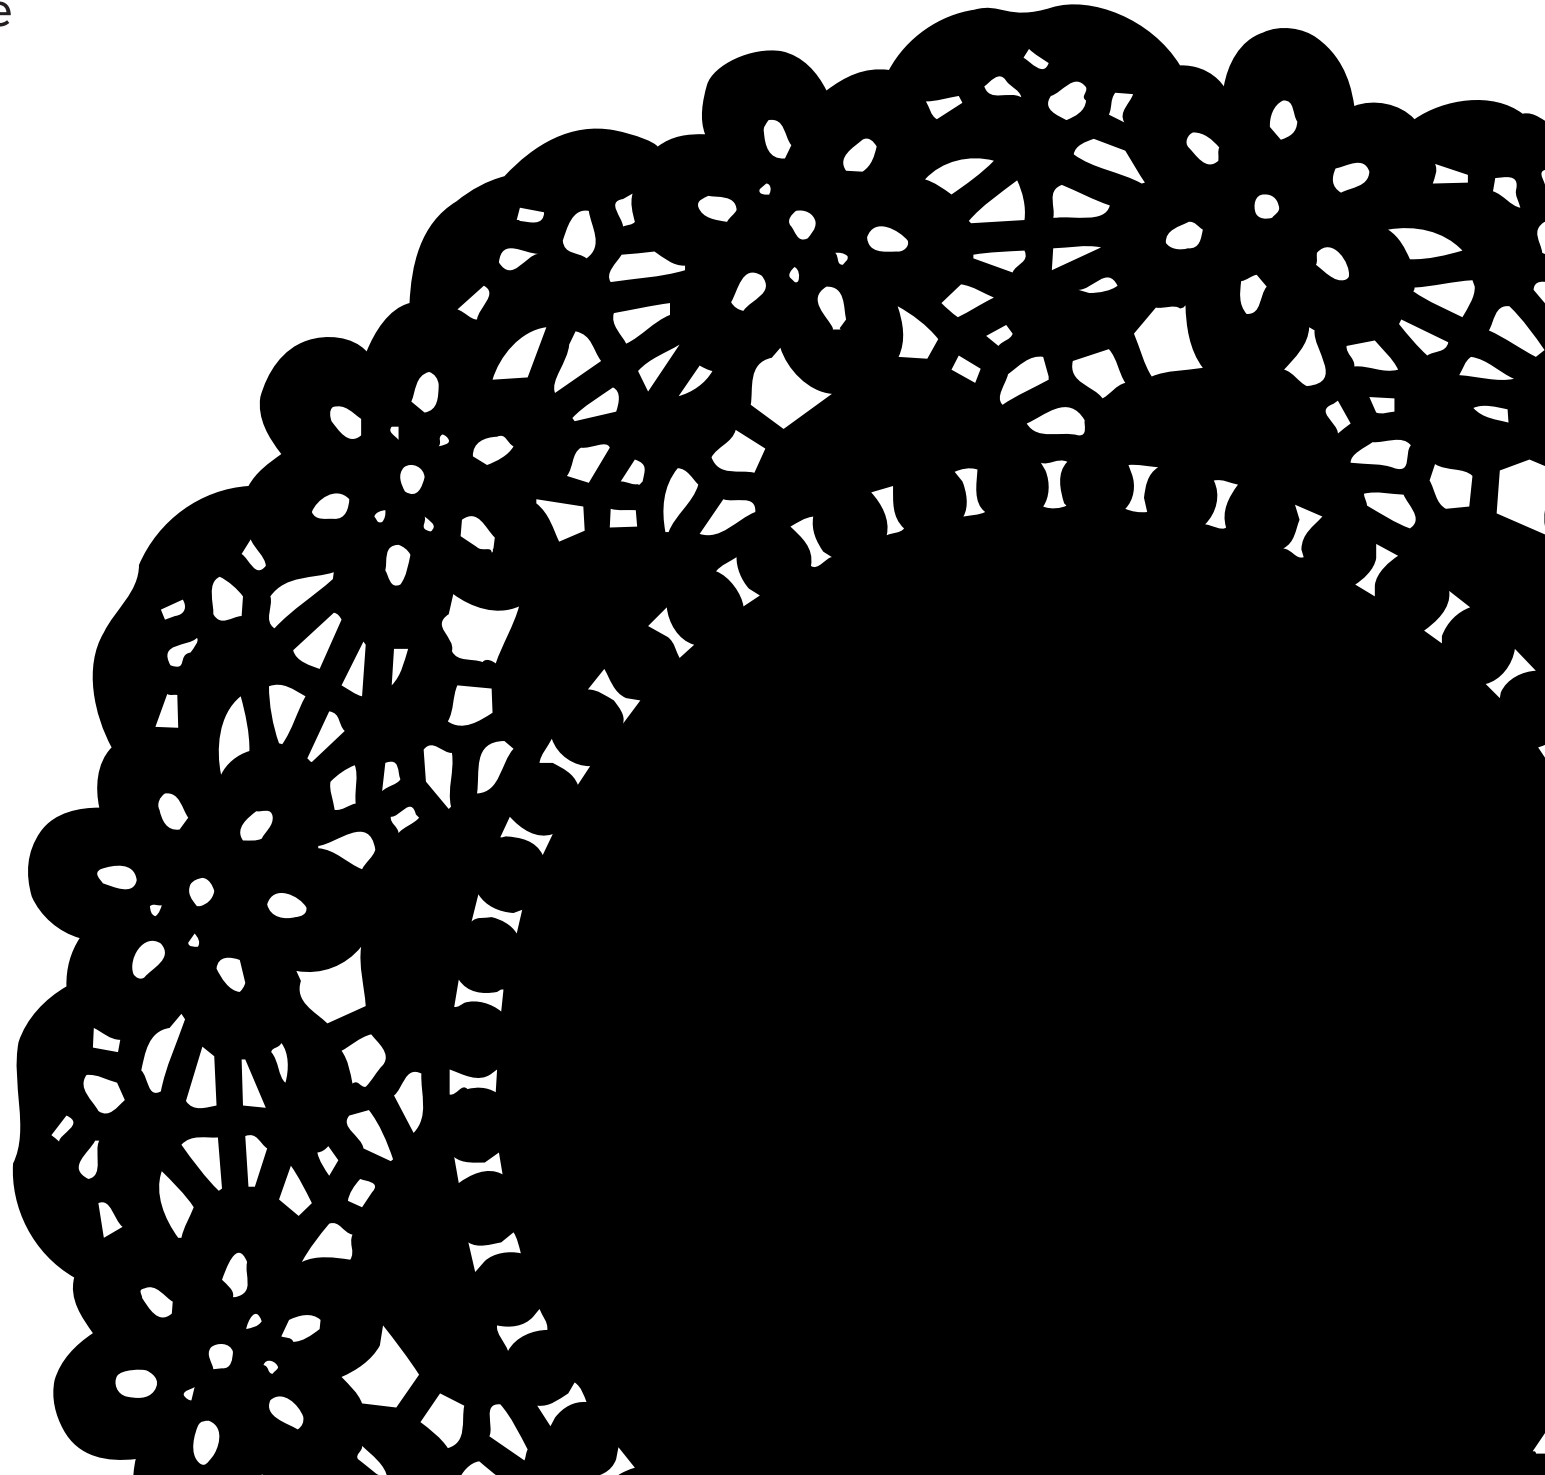

PAXTON

Flame Retardant Free
Stain Resistant
150,000 double rubs

Pattern Victoria's
modernized decorative
styling is reminiscent
of the ornately
patterned lace
popular during
Queen Victoria's
reign.
