## CALIFORNIA BORN AND BRED

We're a leading manufacturer of commercial solutions in the U.S.—and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for almost 25 years.

We combine award-winning design with the fastest lead times around (choose from 2-, 5- or 10-day shipping). We can build almost any specification you want, deliver it when you need it and offer a price no one can match. It's all part of our indie California spirit and drive to help you do more.

### DESIGN THAT GETS YOU

Discover seating engineered around you. Experience responsive design, supreme comfort and hyper-customizable features—all at value-driven prices.

### OUR BUILD-TO-ORDER PROMISE

Custom-designed chairs, no waiting. Our nimble size and lean manufacturing operation means we can ship build-to-order chairs in just two days.

### FASTEST SHIPPING IN THE INDUSTRY

Choose from two, five, or 10 day shipping. We cut lead time, sync orders and avoid off-schedule shipments at a rate our competitors just can't match.

### WORLD-CLASS SERVICE

We're proud to announce that the Office Furniture Dealer Alliance voted for us as "Best Customer Service" three times in the past five years.

# WARRANTY

## Product Warranty Periods

The following warranty terms apply to SitOnIt Seating Home Edition products. Exemplis LLC, d.b.a. SitOnIt Seating (hereafter referred to as the Company), warrants to the original end user that this product will be free from defects in its material and workmanship when used in a single shift (standard eight-hour day, five days per week) for the following warranty periods:

### FIVE-YEAR WARRANTY COVERAGE:

## Applicable Provisions To All Products And Services

Exemplis LLC and SitOnIt Seating (hereafter referred to as the Company), warrants to the original end user that this product will be free from defects in its material and workmanship when used in a single shift (standard 8-hour day, 5 days per week) for the above listed warranty periods: The Company will, at its option, repair or replace with a comparable product, without charge to the original purchaser, only defective products or parts found defective during the Warranty Period. If requested by the Company, the original purchaser must return the part or product with freight or other shipping charges prepaid.

Under no circumstances will the Company be liable for injuries or damages arising from use of the product.

This warranty shall be effective for the applicable time period beginning from date of purchase as shown on original purchaser's original receipt or other proof of purchase.

This is an EXCLUSIVE LIMITED WARRANTY.

There are no other warranties, expressed or implied, including without limitation, any implied warranty of merchantability or fitness for a particular purpose. The Company will not be responsible for incidental or consequential, special, or indirect damages. The purchaser is responsible for determining suitability for its intended use. The Company disclaims any liability for defects, loss of use, or claims or injuries arising out of the incorrect choice of product for particular usage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state

The Company will advise you of the procedure to follow when making warranty claims. Call the Company at the number below to explain the defect. Give your name, address, and telephone number. Please be prepared with the model number and sales order number.

# ORDERING INFORMATION

## Pricing

All prices are suggested retail and are subject to change without notice. Visit our websites or contact Customer Experience for the latest pricing. Prices in effect at the time of shipment will prevail. We reserve the right to make changes in prices, models, fabrics, finishes, materials and specifications and also discontinue models and options at any time without notice.

## Orders

Specify model number, quantity, desired delivery date and all other applicable information. Order templates can be found in the applicable Price Guide. Orders will be accepted with an acknowledgment form governing the transaction. In the event an error is made in the manufacture of the product, the acknowledgment will be used as the resolution document. Submit orders by email or fax:

### SITONIT SEATING

Email: [shopcx@sitonit.net](mailto:shopcx@sitonit.net)

Fax: (714) 995-4855

## Change Orders

Orders that have been scheduled for production may not be changed. All changes on customer orders previously acknowledged must be requested in writing and are subject to approval. Requests for changes are not deemed accepted until acknowledged. In the event a revision is accepted, change fees may apply.

## Lead Time

All "Home Edition" products have a two day manufacturing lead time.

Orders received by 10 a.m. Pacific Standard Time begin assembly the next day. Orders that are "On Hold" will begin production only when all holds are released. Types of holds include:

- Credit Hold for issues related to billing and invoicing.
- Incomplete Hold if the purchase order is incomplete or illegible.
- Pricing Hold if the price on the purchase order does not match the pricing shown in the Price Guide or in our computer system.

Customer Experience will notify you of any holds placed on your order.

## Product and Design Changes

We reserve the right to discontinue product lines, models and parts at any time. We also reserve the right to make changes in design and material when such action is deemed to be an improvement in design, function and/or construction.

## Cancellation and Returns

For Home Edition products, returns will be accepted within 30 days of purchase and are subject to a 20% restocking fee. Customer must receive an authorization to return the product, provide original order number and items must be shipped and received in new condition in original packaging. Customer is responsible for cost of return shipping.

Authorization for return must be requested from and be approved by Customer Experience prior to the return of the merchandise.

To request authorization contact Customer Experience by phone at (866) 764-4111 or by email [shopcx@sitonit.net](mailto:shopcx@sitonit.net).

Please allow a minimum of thirty days for SitOnIt Seating to process returned products after they have been received and a minimum of two billing cycles for refunds to be processed to credit cards, less the 20% restocking fee.

## Shipping

Shipments are made via standard residential delivery services based on our published transit times, unless otherwise specified. Special routing requests made by the customer or the consignee may result in additional charges.

We will not be held responsible for issues or costs arising from carrier transit delays, missed delivery appointments, etc.

Optional White Glove delivery service for product assembly is available for an additional fee. Please contact Customer Experience.

## Freight Terms

Freight terms apply to the continental U.S. only. This excludes Alaska and Hawaii. All standard transportation services and freight costs are included in the price of our products.

## Freight Damage

We are not responsible for product damage occurring in transit or during storage. Before accepting a shipment from the carrier, carefully review the packing list and inspect the quantity and condition of the items. Promptly document all visible damage on the and request a carrier inspection of the product. In the event of damage, accept the delivery and contact Customer Experience for issue resolution. Concealed damage must be reported in writing within 15 days of accepting delivery. We will take all reasonable steps to assist customers in resolving claims for loss or damage.

## Invoicing

Invoicing is triggered when the product ships.

## Safety First

To ensure proper cleaning and/or disinfecting, it's important to consult with facilities or safety personnel and follow the manufacturer's instructions—including detailed dilution requirements, safe application instructions, dwell time for effective disinfecting and more.

Per CDC instructions, always read and follow the directions on the label to ensure safe and effective use.

- Wear skin protection and consider eye protection for potential splash hazards
- Ensure adequate ventilation
- Use no more than the amount recommended on the label
- Use water at room temperature for dilution (unless stated otherwise on the label)
- Avoid mixing chemical products
- Label diluted cleaning solutions
- Store and use chemicals out of the reach of children and pets

Always read and follow the directions on the cleaner/disinfectant labels to ensure safe and effective use.

## Clean + Disinfect

Cleaning and disinfecting are two distinct actions, and knowing the difference between the two can help promote safety in any space. This comprehensive, 2-step process requires cleaning before disinfecting.

## Clean

### CLEANING REMOVES GERMS

- The act of removing visible dirt and debris from objects or surfaces
- Cleaning works by using soap/detergent with water to remove impurities from surfaces either manually or mechanically
- Cleaning does not kill germs, but by removing them, it lowers their numbers and risk of spreading infection

## Clean (Cont.)

### CLEANING GUIDELINES AND TIPS

- Start by lightly dusting with a soft, grit-free cloth or chamois (no wiping)
- After dusting, dampen cloth or chamois with a solution of mild, non-abrasive liquid soap and water
- Wipe clean and dry with a soft, grit-free cloth, sponge or chamois
- Avoid using abrasive cleaners and steel wool to prevent scratching
- Test any cleaning method or agent in an inconspicuous area of the surface

## Disinfect

### DISINFECTING KILLS GERMS

- This process comes after a surface is cleaned
- Disinfecting kills germs on objects or surfaces with the use of chemicals
- Most common disinfectants include one of the following active ingredients: Quaternary Ammonium (Quats), Sodium Hypochlorite (Bleach), Hydrogen Peroxide, or 70% Isopropyl Alcohol
- EPA-registered disinfectants List N: Disinfectants for Use Against SARS-CoV-2

### DISINFECTING GUIDELINES AND TIPS

- Follow the disinfectant manufacturer's instructions when applying the agent
- Once finished, remove all disinfecting agents from the surface with water and a grit-free cloth, then dry
- If not properly removed, disinfectant residue could degrade product life and appearance

## Cleaning Our Hard Surfaces

Over 95% of the hard surfaces on our products can be cleaned/disinfected using any one of the four primary ingredients listed below.

- Bleach (Sodium Hypochlorite)
- Hydrogen Peroxide
- Quaternary Ammonium Compounds (Quats)
- 70% Isopropyl Alcohol

### EXAMPLES OF HARD SURFACES THAT CAN BE DISINFECTED:

- Plastics (i.e. polyurethane and acrylic)
- Solid Surface
- Metals
- Painted Surfaces
- Laminate

### EXCEPTIONS:

- Veneer
- Wood Surfaces

## Cleaning Our Soft Surfaces

Our textiles and meshes offer a performance and cleaning story unmatched in the industry.

### MESH:

- All of our mesh materials are bleach-cleanable. This determination is supported by 3rd-party results from completing AATCC 188 Colorfastness to Bleach testing where the subject material is submerged, and friction stirred in a diluted sodium hypochlorite solution.
- Cleaning of our mesh materials varies. Check out the [Mesh Spec + Care Guide](#) on our website for more information.

### SEATING FABRICS:

- Soft surfaces on seating can vary widely from woven, knits and leather to coated textiles such as vinyl and polyurethane. Woven and knits tend to be more permeable than vinyl or polyurethane.
- Cleaning of our seating fabric materials varies. For a list of our textile spec + care guides, see the [Materials Downloads](#) on our website.

## Clean

### CLEANING GUIDELINES AND TIPS

Thermally fused melamine finished panels may be easily cleaned using a mild, non-abrasive, all-purpose cleaner and a soft cloth.

Coffee, tea or other difficult stains may be removed using a mild household detergent or a paste of baking soda and water.

Note: 10–20 strokes should remove most stains, excessive force or scrubbing may damage the surface.

### NO HARSH CHEMICALS

Should the surface come in contact with drain, toilet or oven cleaner, immediately remove the chemical, rinse thoroughly and wipe dry.

### NO ABRASIVES

Abrasives such as scouring pads or gritty cleansers may permanently dull and/or scratch the surface and result in future staining.

## Protect

### AVOID HEAT

Do not place hot cookware, dishes or objects onto the surface. Protect surfaces from heat with an insulating pad or trivet.

### NOTHING SHARP

Knives and other sharp objects used directly on the surface can also be damaging. Protect surfaces from sharp objects with a chopping block or counter protector.
