Focus® 2.0

California born and bred

We’re a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we’ve been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration. We’re able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It’s all part of our indie California spirit and drive to be the one place you go for all of your spaces.

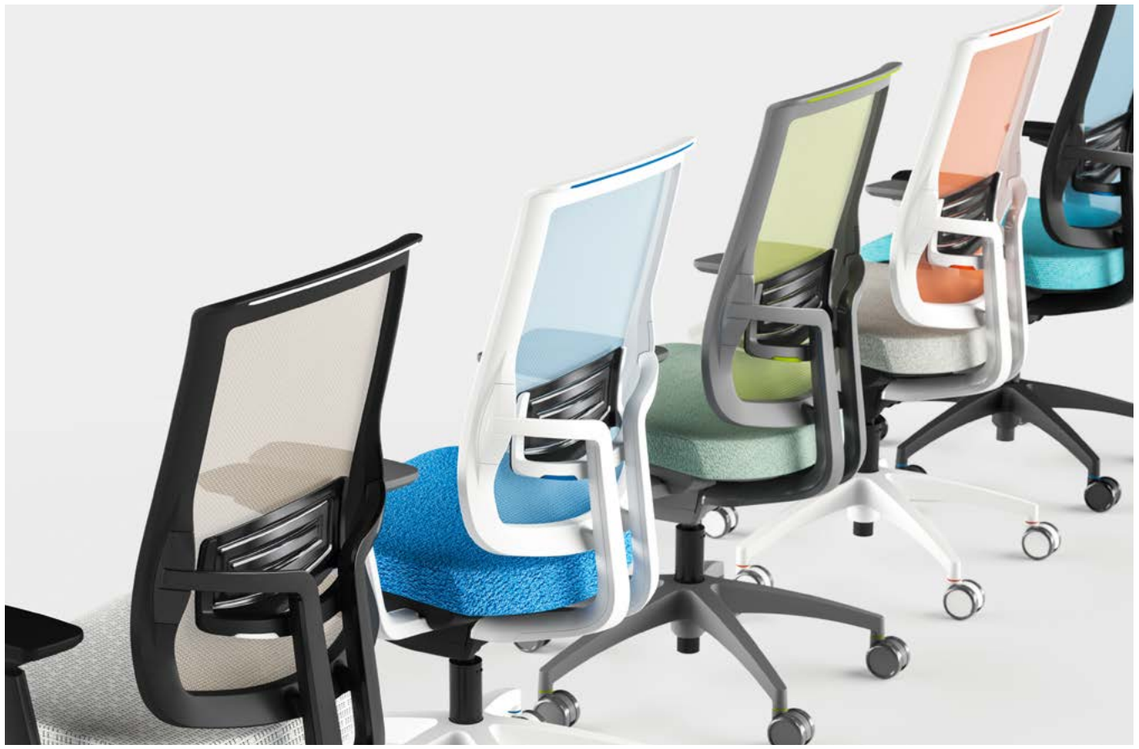
A Classic, Reimagined

Focus® 2.0 isn’t just a makeover — it’s a modernization. Now featuring our precision-engineered Polymer Back model, expanded customization, advanced functionality, and a sleeker silhouette, it delivers superior comfort with cutting-edge ergonomics. Everything that made the first generation a standout has been thoughtfully reimagined for today.

GOOD DESIGN

Focus on color

And do more (to create more). With 19 mesh colors and 12 accent options across four locations, Focus® 2.0 lets you mix, match, and make it your own. Because every chair should be as unique as the people who use it.



Focus on innovation.

Our Polymer Back model blends the durability and cleanability of nylon with the comfort of mesh for all-day ergonomic support. Its frameless design enhances both style and function, creating a look built for today's office — while anticipating the needs of tomorrow.

The heart of what matters most

You'll find Focus at the place where comfort, design and everything you value in a smart solution converge. That's how we created an icon and best-selling solution for 15+ years. Its evolution will continue this legacy. Focus 2.0 is reimagined, redefined and ready to inspire a whole new generation.
