1

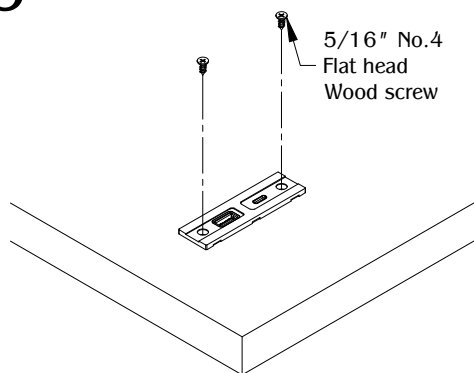

Make a cut out in the desired location on your work surface.
Allow enough clearance for unit operation. DO NOT place unit
where cable is strained or trapped.

2

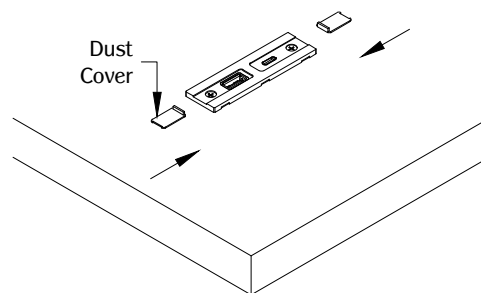

Install the UCS8 into the cut out and make sure it is fully
leveled onto the work surface.

3

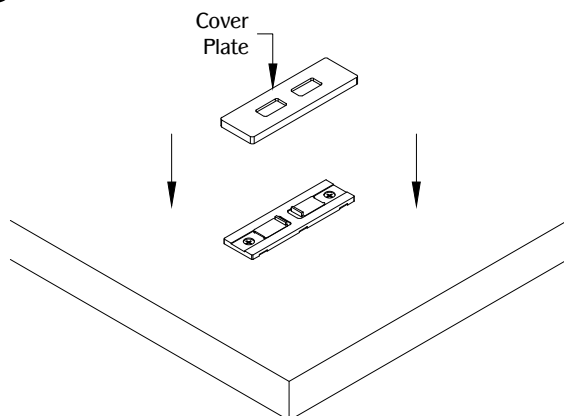

Secure with (2) 5/16" No. 4 flat head wood screws.

4

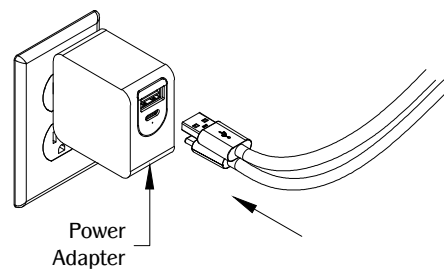

Slide the dust covers on top of USB charging ports. (NOTE: Dust covers are optional.)

5

Align the cover plate to the UCS8 and gently press until it clicks into place.

6

Plug the power adapter into the nearest power outlet and connect USB-A and USB-C cords. The unit is ready for use.
