Upholstery Recommendation

Cosgrove backs are quilted on the user side and plain on the back side. High Back models include an unquilted headrest, which is not pattern matched to the quilting below.

Patterned upholsteries are not recommended for the quilted back.

When selecting upholstery, consider the material structure has on the appearance of comfort wrinkles. Highly structured, thick vinyl, backed non-stretch upholstery, faux leather and leather can increase the appearance of comfort wrinkles, where as soft pliable vinyl or non-backed upholstery may limit the appearance.

2b Upholstery Application

Cosgrove offers the ability to be specified with multiple upholsteries to create a unique look. Models ending with a _M designate multiple upholstery zones to be specified. Models not ending in a _M will be upholstered in the single upholstery for the complete unit. Both upholstery styles are presented in the price list and eTools. Upholstery zones are defined by the style of the unit. When specifying multiple upholstery, make sure to identify specific yardage per zone.

Zone 1 = Seat
 Zone 2 = Back
