All COM orders will ship at standard lead time from receipt of COM except for orders requiring special custom matched finishes.

5b Upholstery Application

Connect offers the ability to be specified with multiple upholsteries to create a unique look. Models ending with a _M designate multiple upholstery zones will be specified. Models not ending in a _M will be upholstered in the single upholstery for the complete unit. Both upholstery styles are presented in the price list and eTools. Upholstery zones are defined by the style of the unit. When specifying multiple upholstery, make sure to identify specific yardage per zone.

Connect Planning

Modularity and Versatility allows you to fit Connect into any footprint using large and small scale components or a mix of both. The use of wider and fewer units will diminish the number of legs in a configuration. More units shorter in width will increase the number of legs in a configuration.

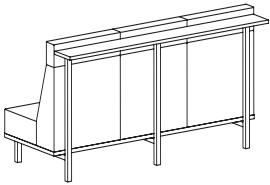

Curved Units in varying radius degrees are available to help aid in creating configurations with different twists and turns.

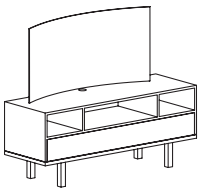

Back Height Units with a 20" seat width are available with low back height or bench style. Units with a 30" seat width are available in bench style or four different back heights; low, mid, high and privacy. 7" and 14" headrest are included on the High and Privacy back respectively.

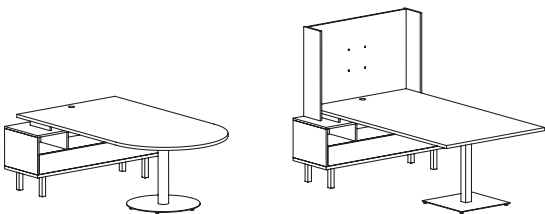

Complementary Components units with a 30" seat width and a high or privacy back are available with a 10"d stand up laminate surface with a coordinating 3mm PVC edge. These surfaces may be used as touch down spaces or to provide tiered type seating.

Media Cabinets straight and curved with and without acrylic screens can be used for presentation and training sessions. 20"d straight and curved media benches are available to compliment the configuration.

Media Activity Center for meetings and presentations with an overall footprint of 60" x 72" or 60" x 84" is available with either a bullet or rectangular shaped top. These units may also be ordered with or without a back panel. The back panel feature includes a TV mount.
