

Product & Finish Information Overview:

Veneer Surfaces: Flat Cut veneer surfaces have a 3-ply balanced construction, Double Cut veneer and Coordinating HPL are 3-ply. The tops are 1 3/8" thick with solid matching hardwood edges. Surfaces are available in wood veneer or high pressure laminate.

Protective Top Coat: DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

DuraTex™ Features: Safety- Significantly reduces hazardous formaldehyde emissions which help improve the quality of the of the indoor air we breathe. Quality- Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability- Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

Finish Sheen: All veneer finishes are standard in 35-sheen, with the exception of Raven. Raven is only offered in 15-sheen. All other finishes are available in 15-sheen.

Custom/Special Finishes: JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time charge of for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

Laminate Surfaces: Laminate surfaces have a 3-ply balanced construction. Tops are 1 3/8" thick with coordinating PVC edges.

TFL features

- fused to the 45 pound density substrate of the top for a durable wear resistant surface
- tops are laminated on both sides
- available in all the wood grain and solid patterns

HPL features

- bonded layers create a durable wear resistant surface
- tops are 3-ply balanced construction
- matched to the TFL wood grain and solid patterns

Forbo Surfaces: Exposed plywood flat edge with a linoleum surface featuring a soft matte finish that develops a natural patina over time, similar to artisan leather. Composed of linseed oil and wood fibers, Forbo is 100% biodegradable and compostable - a stainable material choice offering a timeless, tactile aesthetic.

Solid Surface: Tops are 1 1/2" thick constructed of 1/2" thick Solid Surface on top of a 1" MDF sub top. Sub top has an under cut bevel profile and is painted in a coordinated color to match the Solid Surface.

Wood Plank Surface: Multi-board solid wood surface, natural grain character.

Wood Butcher Block Surface: Heavier solid wood option with edge-grain construction.

Table Tops

Draft table tops are available in a variety of materials, including TFL or HPL Laminate, Solid Surface, Veneer, Wood Plank and Butcher Block, all featuring an eased edge. Forbo tops feature an exposed plywood flat edge.

Models numbers are driven by the selected top material. When specifying a top material your suffix at the end will determine your top material.

Table Height and Function

Seated Height

- 30"h
- Ideal for Desking or Project Work
- Open-Frame only (no shelf option)
- Glides (standard) for stationary or casters for mobility

Counter Height

- 36"h
- Ideal for Supports Standing Collaboration
- Open-Frame only (no shelf option)
- Glides (standard) for stationary or casters for mobility

Bar Height

- 42"h
- Ideal for Light Standing and Gathering
- Open-Frame only (no shelf option)
- Glides (standard) for stationary or casters for mobility

Bar Height with Shelves

- 42"h
- Ideal for Light Standing and Gathering
- Open-Frame only
- Lower Shelf- TFL (standard)
HPL, Veneer, Forbo, Solid Surface, Wood Plank, or Wood Butcher Block (upcharge)

Optional Features

Under Surface/Side Mount Power
EC47

Accessory Hook
