

**Brogan Product Information:**

**Exterior Wood Materials:** Exterior surfaces are made from the finest selected veneers to achieve clarity and consistency in the Brogan product line. To attain a pleasing, symmetrical pattern, all veneers in Brogan are book-matched. All exterior solid lumber is matched to coordinate with the veneer.

Alternating pieces of veneer are flipped over so they face each other like the pages within a book.

Brogan is available in flat cut cherry and walnut veneer. A wide range of wood stains have been formulated to enhance the beauty of the veneer.

**Work Surface Construction:** Tops are 5-ply balanced construction, 1 3/8" thick with solid matching hardwood edges.

Coordinating high pressure laminate in a veneer grain pattern can be applied to the top surface and is available at no additional charge.

**Case Construction:** All construction is a combination of full mortise and tenon, reinforced with screws. Leveling glides are set in solid hardwood to prevent glides tear out.

Outside End Panels are 3/8" thick with 3-ply construction and rimmed with veneer bands.

**Finish - Stain/Colors:** We offer a variety of wood stains on Brogan. Please see the chart below. Samples are available upon request.

**ESS Essentials Veneer**

**Protective Top Coat:** DuraTex™ offers exceptional hardness along with abrasion and impact resistance, it has been formulated to eliminate hazardous and harmful gases that are normally associated with wood finish.

**DuraTex™ Features:** Safety - Significantly reduces hazardous formaldehyde emissions, which help improve the quality of the indoor air we breathe. Quality - Developed to be tough and durable with special attention to appearance. The DuraTex™ finish preserves the natural beauty of wood. Durability - Designed to meet a wide range of demanding performance and environmental standards to withstand even the highest wear and tear.

**Laminate Tops:** Work surface only, no additional upcharge if Brogan's coordinating wood grain laminate is specified. Contact Customer Service for any other laminate request. Listed below are finishes that have coordinating wood grain HPL laminates.

**ESS Essentials Veneer**

BRK Brickdust	MCH Mocha
CSK Cask	OBK Outback
CLY Clay	UMB Umber
MES Mesa	

**Drawer Construction:** Drawers are assembled using four corner, dovetailed box and 1/4" thick drawer bottom panel construction with exterior front attached separately. Sides and backs are 9-ply, 3/8" thick unidirectional hardwood. Interiors are sanded and finished with clear catalyzed varnish to protect against shrinking, swelling or warping, and to provide a clean, smooth feel and appearance.

**Drawer Suspension:** The high quality black drawer suspensions carry a lifetime warranty. Slides feature steel ball bearings for longer life with cushioned in/out stops. All drawers, including file and box drawers, fully extend past the pedestal chassis allowing full access to the drawer box.

**Locking:** All desk, and lateral files feature central locking. Credenza and returns feature pedestal locking.

Units are shipped randomly keyed as standard. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard.

**Conference Base Construction:** Panels are joined together by mortise and tenon joint construction. In addition to mortise and tenon joint construction. Leveling glides are set into solid hardwood with t-nut inserts, which helps to prevent the leveling glides from tear out. Tops are secured to the bases with top fastening cleats screwed to the inside of the panels.

**Product Modification**

**Finish Sheen:** All casegood veneer finishes are standard in 35-sheen, with the exception of Raven, which is only offered in 15-sheen. All other finishes are available in 15-sheen, with a 5% upcharge, per model.

**Custom/Special Finishes:** JSI, upon request, will accommodate special finishes. A written request is required to proceed with custom finish orders. A sample reference is required for first-time matches and must be included with the written request.

There is a one-time upcharge per order for any non-standard wood finish.

Orders will be entered noting the special finish. A sample match will be provided to the customer. Written approval is needed before the finish process can be started. Delays in approval may have an impact on lead times.

Every effort will be made to create the requested match; however, an acceptable match may not be possible because of natural variations of wood. These natural variations can also cause minor differences in the final finish product.

Use standard pricing and option pricing for each line item with a special finish, unless additional modifications have been specified. For items available in both Essential and Artisan veneers, apply the Essentials pricing.

**Pedestal Configuration Change:** Writing shelf-tray-box-file drawer configuration standard on desk pedestals. Desk pedestal only can be switched out to a file-file configuration. Must be specified at the time of order with an additional upcharge per pedestal.

Changing to a file-file pedestal configuration will eliminate the writing shelf (arm slide).

**Desk Dictation Slide:** The approach side of the desk in the center break front area has an option of a center pullout dictation slide with an upcharge.

**Trim Molding:** Angled Trim molding is standard on all Brogan products.

Without molding or Scalloped Trim molding can be specified at the time of order placement.

**Angled Trim - standard**

**Base Molding Only (without trim) - optional no upcharge**

**Scalloped Trim - optional with an upcharge**

**Edge and Hardware**

Brogan offers a traditional edge profile and three drawer pulls. Hardware is available in antique brass or antique pewter.

**Edge Profile**

**Brogan Edge Profile**  
Accepts Laminate Top

**Drawer Hardware**

**Brogan Hardware**  
ANB Antique Brass  
ANB Antique Pewter

**Gala Hardware**  
ANB Antique Brass  
ANB Antique Pewter

**Gala Leather Wrapped Hardware**  
ANB Antique Brass  
ANB Antique Pewter

Optional matching leather wrapped pulls available for desk with leather inlay or other coordinating units. Specify leather wrapped pulls, add upcharge per pull. Indicate Antique Brass (ANB) or Antique Pewter (ANP) pull.

**Desk 3-Piece Leather Inlay**

Brogan can be enhanced with a 3-Piece Leather Inlay, which may be added to the worksurface of any freestanding desk excluding the adjustable height table desk with an upcharge.

**Cortina Leather Options**  
Caprone  
Old English

Leather Inlay is limited to specific style and thickness of leather. Call Customer Service for more information. Visit [jsifurniture.com](http://jsifurniture.com) for leather colors.

**Decorative Doors**

Brogan offers four overhead cabinet models with two door styles with Clear Glass or Glass/Grille Mesh. These are available in two finishes; Antique Brass and Antique Pewter.

Clear Glass (not low iron)  
with clear glass shelves

Glass/Grille  
ANB Antique Brass

**Worksurface Grommets**

**Worksurface Grommet**

ANB Antique Brass

BLK Black

Worksurface grommets are standard on bridges, corner units, returns and the backs of overheads. Additional worksurface grommets can be specified on desks, credenzas, and other types of veneer/laminate worksurfaces. The grommet location must be approved by JSI manufacturing, contact Customer Service.

Add an upcharge for each additional grommet.

Models with an Antique Brass pull will receive an Antique Brass grommet, those with an Antique Pewter pull will receive a Black grommet.

**BG4278ED and BG3672ED**

**BG3672RD and BG3672LD**

**Desk without Overhang**

**Support End and Run-Off Desks**

**Bridges, Returns and Credenzas**

**ERGO Adjustable Work Height Mechanism**

Our proprietary adjustable work height mechanism can be specified on many of the models in Brogan.

ERGO mechanism allows height adjustability to be added to the worksurface. Our solution uses a standardized design that minimizes the modifications required to standard desk, bridge, or credenza models. The mechanism and control box are neatly concealed to maintain the appearance of the original elegance of the product. A push button activates the electric powered lifting columns for adjustability from sitting height to a standing height. A 3/4" thick finished sub top is added to the top of the desk chassis for a clean appearance when the surface is in the raised position. In the lowered position, please note that ERGO adds 3/4" to the standard height of the desk and the installation will decrease kneespace depth by 8".

Automatic Collision Control is built into each mechanism as a standard feature. When the system senses an obstacle obstructing the movement, the mechanism will reverse direction and retreat by 1".

When ERGO is added to a desk worksurface in a "L" or "U" group, the unit that connects to the desk also needs to have a sub top added. These units are considered to be ERGO ADJACENT units. ERGO ADJACENT units must have a fixed height worksurface that matches the lowest position of the ERGO mechanism and the top. This is accomplished by adding a 3/4" sub top between the chassis and the worksurface. This feature can also be specified for cabinets which may sit next to a unit with the ERGO mechanism.

Height adjustment starts at 30 3/4", to a standing height of 50 1/4", a range of 19 1/2".

To specify the unit that has the mechanism, add **ERGO** to the end of the model number.  
To specify the connecting or adjacent units add, **ERGO ADJACENT** to the end of the model number.

**Note:** The kneespace depth is decreased when the ERGO mechanism is specified. Contact Customer Service for dimension information.

**Availability of Brogan Units with the Mechanism**

When specifying add "ERGO" to the end of the model number.

**Freestanding Units** - Units do not require adjacent products; select **ERGO** and add an upcharge .

**ERGO Adjacent Connecting Units** - To include height adjustment, select the **ERGO** option for the desired model with an upcharge.

For any units that connect to an ERGO model, you must select the **ERGO Adjacent** option for each of the connecting units.

**Adjustable Single Pedestal Desk**

**Adjustable Height Bridge**

**Adjustable Height Credenza**
