Product Data Sheet

Designed by Rodrigo Torres, OpenSpaces Adapt Table brings modern refinement, simplified lines and unparalleled versatility to the connected seating category. Light enough to be picked up, arranged and rearranged, OpenSpaces Adapt Table opens up new ways for people to connect in outdoor spaces—face-to-face or abreast, an intimate chat or a large group gathering. Six different silhouettes can either stand alone or work together in myriad arrangements. OpenSpaces Adapt Table's design and component materials are simple, concise and intended to make a compelling visual statement with a strong value proposition.

Connected Seating

- OpenSpaces Adapt Table's minimalist form is designed to maximize function, comfort and accessibility.
- It is a table with connected seating, available in six different silhouettes.
- Silhouette styles available include a mini, single, double, triple, left triple, and right triple.
- It was designed with flexibility in mind, light enough to be picked up, arranged and rearranged.
- The OpenSpaces Adapt Table Mini was specifically designed to a smaller scale to accommodate settings designed for children, with a seat height of 16 7/8".
- Square or rectangular table tops and seats are made of powdercoated sheet steel.
- The support frame is comprised of powdercoated extruded aluminum.
- All styles come standard with two (2) bag hooks, each comprised of gray plastic.
- The Left Triple and Right Triple units are wheelchair accessible.
- Available either freestanding or surface mounted.
- Supports are fitted with nylon glides for enhanced mobility and durability in rearranging freestanding
