Worktools

Worktools Intro Collection

Start with a simply designed height-adjustable desk that has no-fuss controls. Add good lighting, organizing tools, a monitor arm and power. Every item counts toward a productive, comfortable and beautiful setup. The Steelcase Worktools Intro Collection presents simple, affordable solutions that transform any space into your perfect office.

FEATURES + ADJUSTABILITY

Curated from our portfolio, the Worktools Intro Collection includes these featured accessories.

SOTO Worktools

Keep things tidy and convenient. Round up and organize your supplies right where you need them to stay productive. SOTO Personal Hook keeps bags, keys and headsets off your desk and within arm's reach for convenience.

CF Series Intro Monitor Arm

Position work right where you need it. The sleek design of the CF Series Intro Monitor Arm is at home in any setting. Advanced features allow for precise adjustments to support your preferences and healthy postures.

LED Intro Task Light

Shed light on the subject at hand. The LED Intro Task Light provides high quality illumination at a friendly price point. Available in a single or dual-arm configuration, with three finishes and a transitional look that works everywhere, this light is always a bright idea.

Powerstrip Intro

Power your devices, monitor, or LED Intro Light. Powerstrip Intro puts convenient desktop power within everyone's reach. Simple and hardworking, it's available in multiple power with USB-A and USB-C configurations and two classic finishes.
