

# Glass

Elevate your collaborative workspace with a sleek writing surface ready for your best ideas.

**Glass** utilizes tempered, back-painted glass and a high-gloss surface to infuse sleek, modern design into any collaborative environment.

---

#### **Elevated Collaboration**

Problem-solve, explore and share ideas on a magnetic, easy-to-clean, high-gloss surface where the possibilities are endless.

#### **Sophisticated Focal Point**

Glass easily attaches to any wall using z-bracket mounts to appear as if it's floating—creating a striking visual focal point that seamlessly completes any space.

#### **Placement**

Glassboards are recommended for spaces with less ambient light. Due to the nature of the surface, Glass has a higher reflectivity and is not recommended for projection purposes.

Cloud and Greyscale Glass

Sea Salt Glass

A sophisticated  
collaboration tool  
that blends effortlessly  
with any space.

#### Features

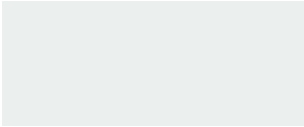

- $\frac{3}{16}$ " thick, low-iron tempered glass
- Non-porous, non-ghosting, and non-staining
- 25 standard colors to choose from
- Back painted with low VOC, eco-friendly, water-based paints
- Option to create a custom color
- 3 standard sizes
- Equipped with z-bracket mounting hardware for easy installation
- Accepts rare-earth magnets

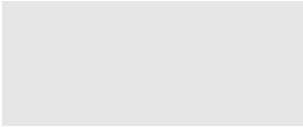

Color Options

With 25 standard colors to choose from, or an option to create your own custom color, Glass' back-painted color options complement the design of any space for a cohesive, modern feel.

Specifications

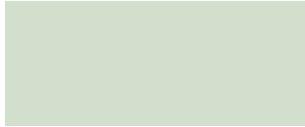

**Moonlight**

Finish Code - 6BB1  
Pantone Match - 14-3912 TPG

**Olivine**  
Finish Code - 6BB3  
Pantone Match - 15-6316 TPG

**Rose Quartz**  
Finish Code - 6BB2  
Pantone Match - 14-1318 TPG

**Honey**  
Finish Code - 6597  
Pantone Match - 7407 C

**Citrus Green**  
Finish Code - 6586  
Pantone Match - 7745 C

**Tangerine**  
Finish Code - 6584  
Pantone Match - 4063 C

**Saffron**  
Finish Code - 6579  
Pantone Match - 4036 C

**Merlot**  
Finish Code - 6577  
Pantone Match - 1817 C

**Jungle**  
Finish Code - 6576  
Pantone Match - 5615 C

**Blue Jay**  
Finish Code - 6581  
Pantone Match - 2183 C

**Peacock Feather**  
Finish Code - PV34  
Pantone Match - 15-5109 TPG

**Peacock**  
Finish Code - 6575  
Pantone Match - 4188 C

**Purple Berry**  
Finish Code - 6588  
Pantone Match - 7666 C

**Greyscale**  
Finish Code - 6593  
Pantone Match - Cool Gray 9 C

**Aubergine**  
Finish Code - 6571  
Pantone Match - 4119 C

**Truffle**  
Finish Code - 6521  
Pantone Match - 2336 C

**Merle**  
Finish Code - 6591  
Pantone Match - 425 C

**Black**  
Finish Code - ACB  
Pantone Match - Black 7 C

#### Winter Glass

| Size      | Weight  | Thickness | Orientation           |
|-----------|---------|-----------|-----------------------|
| 48" x 48" | 56 lbs  | 3/16"     | N/A                   |
| 48" x 72" | 84 lbs  | 3/16"     | Horizontal & Vertical |
| 48" x 96" | 112 lbs | 3/16"     | Horizontal & Vertical |

*Depth is 7/16" from the wall to the front of the glass.*

## Hygienic Surface

CeramicSteel is a nonporous surface that is naturally resistant to bacteria and viruses. Coils, sheets, and panels with type U finish are also available in Polyvision's Hygienic CeramicSteel — a proprietary finish that incorporates an additive of silver micro particles formulated to create a self-sanitizing surface.

## Sustainable

Polyvision's e<sup>3</sup> CeramicSteel is Cradle to Cradle Certified™ Silver, highlighting the sustainable manufacturing process of the product. CeramicSteel is also 99.9% recyclable. CeramicSteel is also certified by SCS Global Services as Indoor Advantage Gold™, meeting strict indoor air quality (IAQ) chemical emission limits for volatile organic compounds (VOCs).

## Customizable

CeramicSteel type H and U can be customized to support specific sheet sizes, custom colors and digital printing. Incorporate our material into your whiteboard design for premium aesthetics and functionality.

## CeramicSteel Features and Benefits

- Smooth, inert surface
- Made from inorganic materials
- Magnetic
- Colorfast, will never fade
- Resistant to bacteria, graffiti, fire, scratches, stains, and chemicals
- Easy to clean
- Releases zero VOCs

# Corporate Responsibility

Polyvision believes that sustainability is an important business practice in today's global economy. In line with this belief, we strive for continuous improvement in all areas of environmental stewardship — responsible use of raw materials and natural resources, manufacturing processes and operation of all facilities — to reduce the impact of our activities on the environment. In the end, we believe we are all in this together, working to protect and cultivate the world we live in to make more sustainable choices.

## Manufacturing Excellence

All Polyvision facilities are compliant with international standards and certified for Quality, Environment, Health and Safety. Our environmental goals aim to reduce and manage our global environment footprint in the areas of VOC emission, water use, waste output and CO<sub>2</sub> emission.

- ISO 9001 Quality Management Systems Certification
- ISO 45001 Occupational Health & Safety Management Certification

## Ensuring A Sustainable Future

In addition to safe and sustainable manufacturing processes, Polyvision holds our products to the highest standards. We are third-party certified for our CeramicSteel surface by:

- Cradle to Cradle Certified — releases no harmful chemicals into the environment, safeguards clean water, materials are safe for humans and the environment
- Indoor Air Quality Certified to SCS.EC10.3-2014 v4.0
- ISO 14001 Environmental Management Certification
