# Fabric & Leather Program

## Seating fabric & leather program

DARRAN has partnered with some of the most prestigious fabric suppliers of the office furniture industry to bring you quality fabrics that are engaging designs, environmentally friendly and durable for years to come. If you do not see the fabric you wish to include in a project, please contact Customer Service at 800.334.7891 to see if this pattern can be graded in.

For current information about graded-in fabrics and leather, please visit our resources page at [www.darran.com/resources/textiles-leather/](http://www.darran.com/resources/textiles-leather/)

## CAL 117-2013

All DARRAN seating products conform to California Technical Bulletin 117-2013 as a minimum standard.

## ASTM E1537

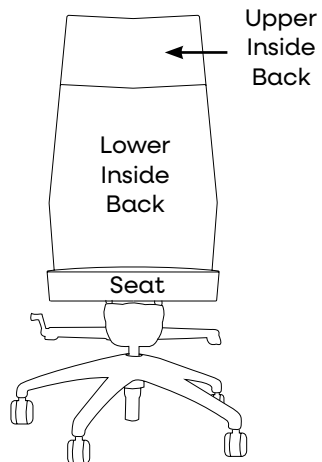

Testing for ASTM E1537 is available for all DARRAN seating products. If ASTM E1537 testing is required, please contact DARRAN customer service at 800.334.7891 for testing fees and considerations.

# Combination Fabric Guide

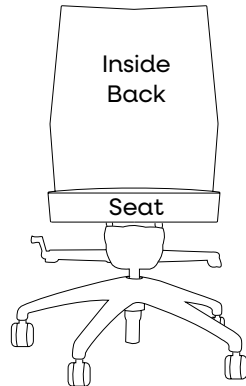

## Combination fabrics

DARRAN is pleased to offer customers the design freedom of combination fabrics.

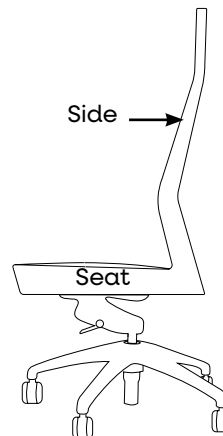

- When combining two materials of the same grade, pricing will be specified grade + 5%.
- If combining two materials of different grades or leather/ fabric combination, use the highest grade/price + 5%.
- If combining two materials that are both COM or both COL, pricing will be COM or COL + 5%.
- If COM and COL are used together in combination, use COL + 5%

# COM/COL Ordering Information

Please complete the COM Submission Form prior to ordering the fabric from the supplier. All COM fabrics must be approved prior to order submission. Please refer to our website or contact DARRAN Seating Customer Service for an updated list of preapproved COM fabrics. Application instructions must be specified on the purchase order or COM/COL approval form. In the absence of application instructions, DARRAN will apply materials in the best manner and cannot be held responsible for tailoring or application objections after upholstering. COM orders will be scheduled for production after receipt of the material. Packages must be clearly marked and the fabric must be first quality, continuous yardage.

## COM/COL yardage requirements

The yardage requirements stated in this price list for each style are calculated using 54” wide, non-directional fabrics. For fabrics with a different width or for patterns with repeats, please refer to the below chart to calculate the additional percent of fabric required:

| Fabric Width | Plain Fabric | 2”-14” Repeat | 15”-19” Repeat | 20”-27” Repeat | 28”-36” Repeat |
|--------------|--------------|---------------|----------------|----------------|----------------|
| 54”          | 0            | 15%           | 20%            | 25%            | 30%            |
| 53”          | 6%           | 19%           | 24%            | 28%            | 36%            |
| 52”          | 13%          | 23%           | 28%            | 33%            | 38%            |
| 51”          | 19%          | 26%           | 31%            | 36%            | 41%            |
| 50”          | 25%          | 30%           | 35%            | 40%            | 45%            |
| 49”          | 30%          | 35%           | 40%            | 45%            | 50%            |
| 48”          | 35%          | 40%           | 45%            | 50%            | 55%            |
| 47”          | 45%          | 50%           | 55%            | 58%            | 65%            |

**ATTACH 6"X6" FABRIC/LEATHER  
SAMPLE HERE OR STAPLE TO  
THIS FORM**

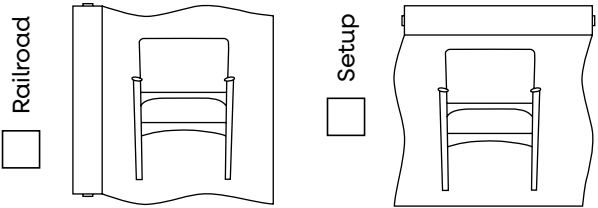

**NOTE:**

Actual Fabric/Leather samples needed instead of digital images. If digital images are sent in lieu of samples, DARRAN will only verify the pattern and will not take responsibility for color variances that cannot be verified due to printing restrictions.

In the absence of application instructions, DARRAN will apply the material in the best manner and cannot be held responsible for tailoring or application objections after upholstering.

Unless otherwise instructed on the purchase order, excess COM materials will be recycled at the discretion of DARRAN after six months of the original product ship date.

The COM approval solely pertains to the application of the fabric onto the specified DARRAN seating product. DARRAN's approval or acceptance does not constitute any responsibility or warranty to the overall appearance, durability, flammability, defects, dye lot variations or colorfastness of the COM. It is the customer's responsibility to ensure the COM meets CAL 117 compliance and are first quality continuous goods.

# Finish & Powdercoating Information

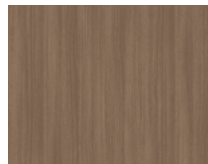

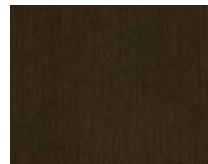

**WellTech** finish delivers a superior furniture coating with exceptional performance that can withstand stringent cleaning agents and possesses unparalleled durability, allowing DARRAN to provide lasting sustainable products to our customers.

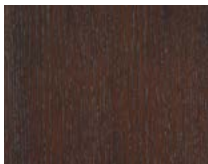

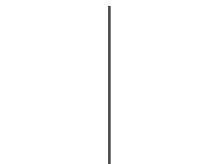

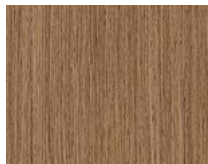

# Finishes

# Seating Specification

**Frame Construction:** Hardwood Plywood components are precision cut on CNC routers and feature interlocking tab joinery for superior strength and long term durability. All joints are assembled utilizing glue and steel fasteners.

**Cushioning:** Back utilizes an elastic sheet webbing suspension that conforms to an individual's lumbar curvatures for adaptive support. Cushioning materials are laminations or CAL117-2013 rated high-density polyurethane foams of varying compression rates, providing durability and long-term comfort.

**Upholstered Arms:** Upholstered panel arms feature caps which can be specified in contrasting fabrics, vinyls, or leathers. Optional wood arm caps are also available in any DARRAN finish.

**Casters:** 60mm diameter wheels are standard and promote increased mobility. Carpet casters are standard. For hard floor surfaces specify CST20 - no upcharge.

**Adjustable Ergonomic Arms:** Available in either T-Polished Aluminum or T-Nylon Black, this multi-functional telescoping arm features height, depth, and pivot adjustability. Activated by a button trigger, it provides 4" of vertical adjustment to help relieve upper back and shoulder fatigue. 3" of front to back friction-activated depth adjustment allows users to get closer to their work surface while maintaining effective use of the backrest. The 30 degree inward/outward pivot provides proper forearm support for various tasks such as keying and mousing.

**Knee-tilt swivel mechanism:** The standard Knee-tilt mechanism features an advanced forward pivot point that reduces leg lift with a 16 degree seat angle and a 25 degree back angle tilt. The mechanism locks in task and reclined positions with side tension adjustment. Height adjustment and tilt tension are also provided.

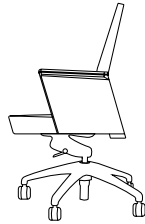

**Bases:** 26" diameter, available in Polished Aluminum (Standard), Black, or Wood.

Adjustable Arms

Polished Aluminum Arms

Upholstered Arms

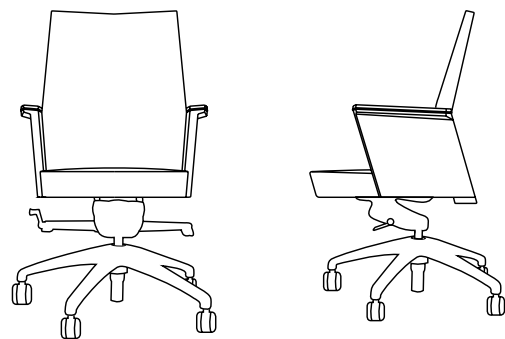

Armless

Covet's slim, chiseled profile compliments DARRAN's contemporary and transitional casegoods and conference room offerings. Finely tailored upholstery featuring elegant top stitch detailing provides a quality image while accommodating "real world" budgets. A family of models is offered, appropriate for Executive private offices, conference rooms, or open plan environments. A high level of detail provides 360° visual interest, especially important in conference room applications. Variety of textiles and back options offer customers flexibility in design and consistency within each office setting.
