## HALCYON™ CANOPIES ACOUSTICAL CLOUDS

### INSTRUCTIONS FOR USE:

1. Select desired ceiling tiles from this Revit project file.
2. Use the **copy** command and **paste** it into your current project.
3. Under the **Manage** tab select the materials command and Re-path the image files included in the download to your Revit images folder.
4. Ceiling panel has a "Panel Drop" parameter to allow for MEP services to pass above the panels. The distance is measured from the host surface.

### GENERAL NOTES:

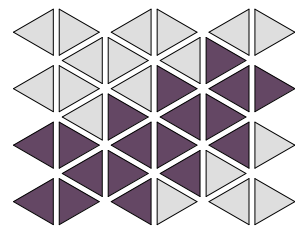

- These Revit families are "Face-based Generic." They are to be attached to a Reference Plane, typical.
- These Revit objects are digital representations of the USG Halcyon™ Canopies Acoustical Clouds.
- Please reference typical installation details available on [www.usg.com](http://www.usg.com).
- Contact your USG Representative for additional information and options for your project.
