

what are tables

Adaptable meeting table collection that spans common table sizes across three heights, with or without casters.

tables planning styles

The following are examples of how tables integrate with Kiosk and Bookcases.

PERFORMANCE / TASK

COMMUNAL / HOSPITALITY

DYNAMIC / AGILE

tables planning styles

The following are examples of the four types of meeting tables available: Rectangular, Inset, with Open Storage or with Close Storage.

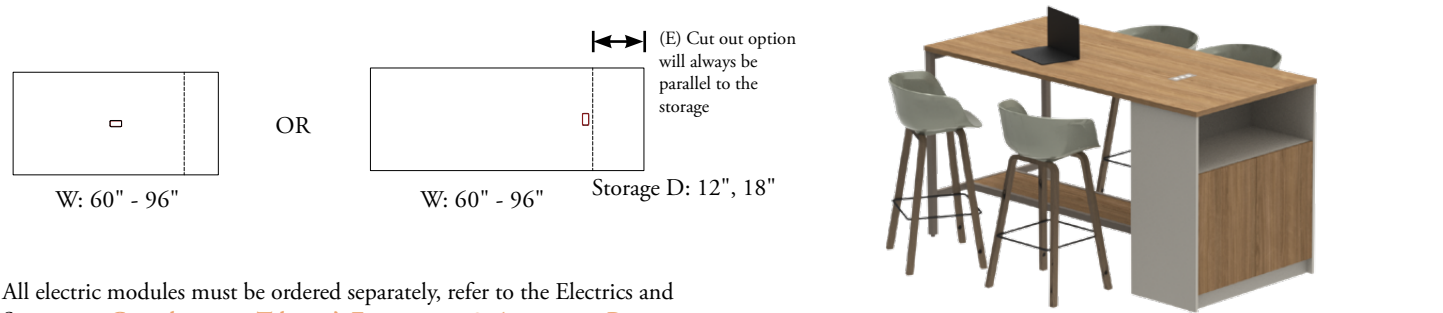

tables

PLANNING WITH ELECTRICS

Kiosk Meeting Table (HDMT) and Kiosk Meeting Table with Inset Frame (HDMV) are available with one or two cut outs for electrics depending on the size of the table.

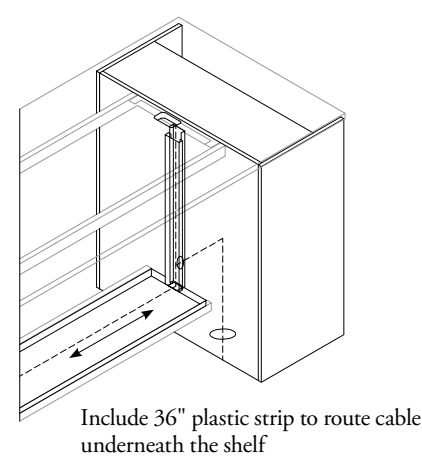

Kiosk Meeting Table with End Closed Storage (HDMC) and Kiosk Meeting Table with End Open Storage (HDMS) are available with cut outs options one Center (C) or one end (E), both cut outs cannot be specified together.

All electric modules must be ordered separately, refer to the Electrics and Sections in [Complements: Teknion's Ergonomics & Accessories Program](#).

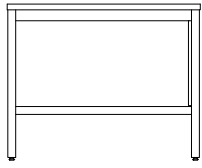

WIRE MANAGEMENT

Cable managers are included when cut outs are specified.

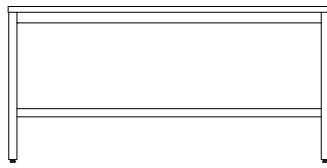

tables

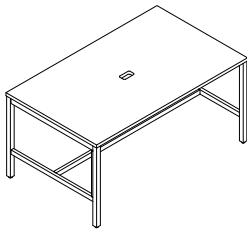

kiosk meeting table (HDMT)

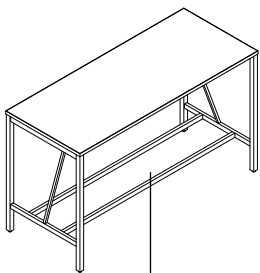

Side View

Front View

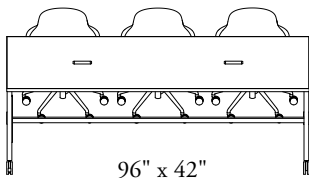

- Available in:
 - Task height (29")
 - Counter height (36")
 - Bar height (42")
- Available in 30", 36", 42" depths
- Tables have square corners with straight edge worksurface
- Available with fixed legs or with casters
- Compatible with edge-mounted accessories

Optional foot rail shelf
Metal or Wood

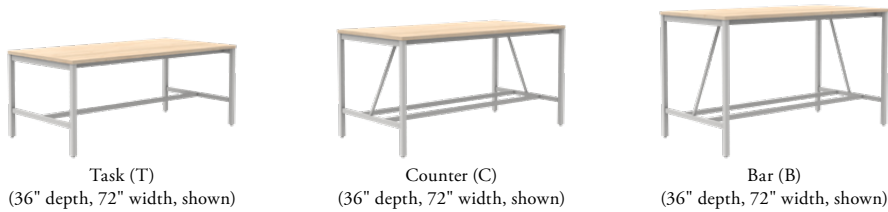

- Struts are available on fixed tables
 - Task height (29"): 78" - 96" widths
 - Counter (36") and Bar (42"): all widths
- No struts on tables with casters or storage

- Be mindful of chair positioning in relation to the table frame

what are planters

This family of planters offers two distinct ways to impact a floorplan. Cluster freestanding modules to create organic space division and private work zones through intuitive, high-impact greenery.

Complement the look with elevated planters—sophisticated accent pieces that break up visual density with a lighter, residential charm.

planters planning styles

The following are examples of planter applications with other Teknion products.

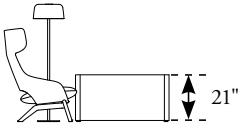

planters

DATUM HEIGHTS

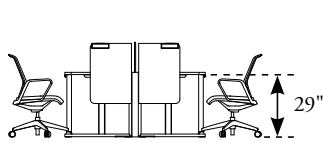

Planters are available in 21" and 24" high for planning flexibility. Planters with trellis at 72" high can also add visual interest to the composition.

21" high is ideal for lounge settings

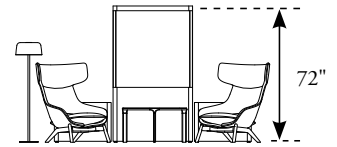

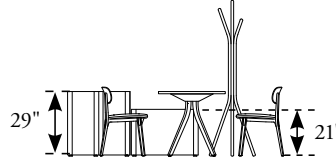

Mix & match datum heights to control privacy in mixed-use settings

29" height matches task height worksurface datums

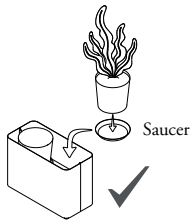

72" height introduces a vertical element to the composition and helps frame the space

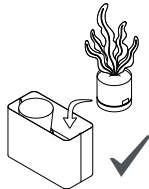

PLANT PLACEMENT

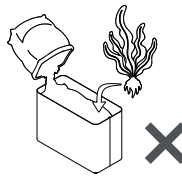

Planters are NOT designed to directly accept soil or any other growing media. Use an appropriately-sized pot for all plants.

Self-contained pot with reservoir

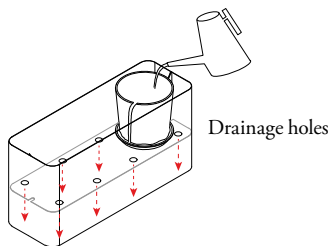

Planters are **not** intended to directly accept any growing media

WATER MANAGEMENT

All planters have drainage holes that allow excess water out of the unit to deal with dribble and over-watering. Ensure these planters are not situated over electrical receptacles and floor monuments. All planters are designed exclusively for **indoor use only**.

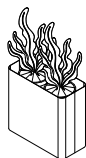

MAXIMUM WEIGHT CAPACITY

The maximum weight capacity for each planter unit is based on the number of plants each unit is designed to support.

Plant Pot +
Planting Media +
Plant = 50lbs maximum

Double Planters:
100lbs maximum

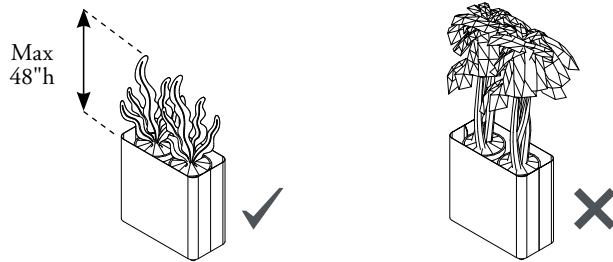

Triple Planters:
150lbs maximum

planters

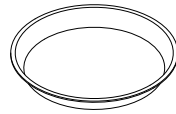

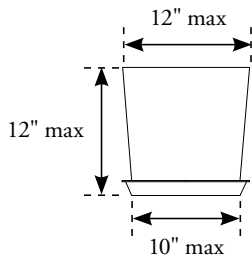

MAXIMUM PLANT SIZE

For stability reasons, we recommend keeping the total height of plants under 48".

PLANTER SAUCER

Planter Saucers (CPSA) are always shipped with each Planter Module intended catch some excess water from the plants.

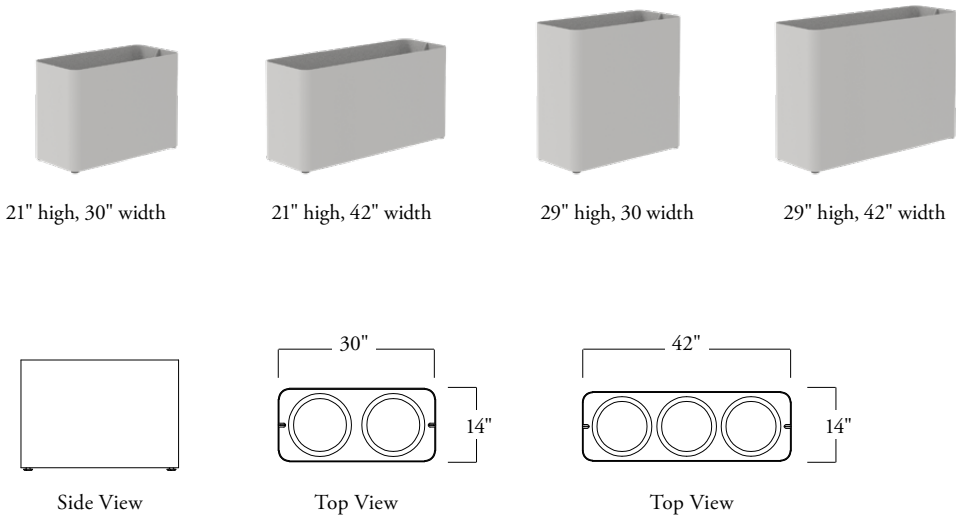

Available as
a standalone
product **Planter
Saucer (CPSA)**.

planters

what are kiosks

A transformative shift is underway at the office.

The advent of hybrid work models now requires a workplace more agile and adaptable than ever and an environment more welcoming and inclusive, one that invites people to come together to work.

Kiosk is a collection of freestanding modules that define work hubs and distribute collaborative tools across the office. Suitable for training, meeting, work spaces or lounge areas, Kiosk stands at the intersection of furniture and architecture.

FLEXIBILITY

- Modular and maneuverable
- Ability to make and unmake a space

100% PARTICIPATION

- Analog and digital tools
- Promotes interaction between in person and virtual participants

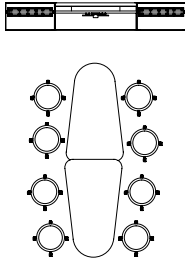

CHOICES

- A curated finish palette to provide a neutral backdrop
- Simple options and add-ons

kiosks planning styles

Workplace settings can include a few Kiosks or additional ones can be brought in for added functionality.

TEAM SPACES

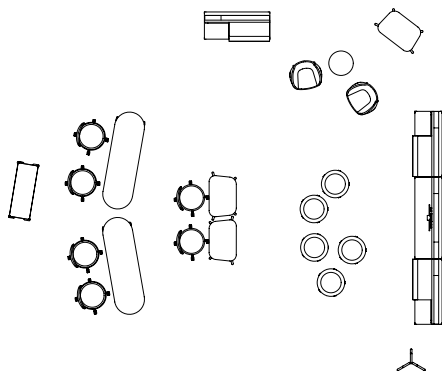

In team huddles Kiosks provide an owned space for brainstorming sessions.
In workshop settings they are performance oriented and provide intuitive functionality.
Kiosks provide technology support and space division.
(Media Kiosk & Open Planter Kiosk)

Enhance functionality with kiosks that bring remote workers into the activity, provide whiteboards and tackboards and a place for coats and bags.
(Media Chat Kiosk, Gallery Kiosk & Mud Room Kiosk)

TRAINING AREAS

Kiosks are ideal when reconfiguration and scalability is required.
They provide digital and analog options and bring remote workers into the activity.
(Media Kiosk, Media Chat Kiosk & Gallery Kiosk)

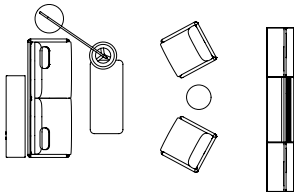

A place for coats and refreshments add to the functionality, while planters add the warmth of biophilia to the space.
(Mud Room Kiosk, Servery Kiosk & Open Planter Kiosk)

kiosks planning styles

SOCIAL SPACES

Kiosks provide storage, a neutral backdrop and casual space division to a social space (Storage Kiosk & Open Felt Kiosk)

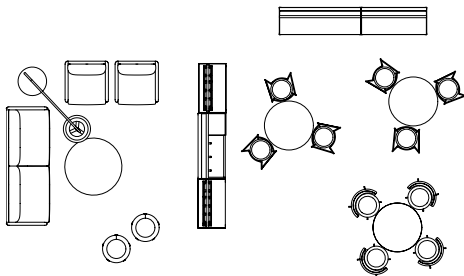

Biophilia and a place for refreshments adds comfort to the space. (Serving Kiosk & Open Planter Kiosk)

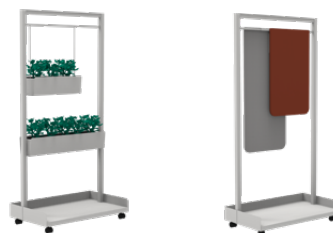

CAFÉ SETTINGS

Kiosks provide the functionality required in a café/lounge setting including a place to hang your coat, have a coffee and recycle your waste. (Mud Room Kiosk, Serving Kiosk & Recycle Kiosk)

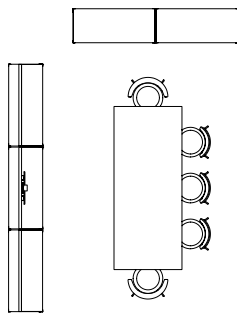

Casual open space division adds privacy between settings. (Open Planter Kiosk & Open Felt Kiosk)

kiosks planning styles

WORKSHOP/TEAM SPACE

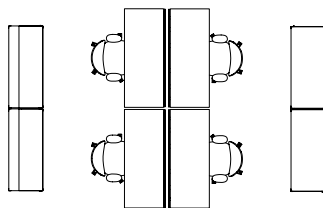

Extending beyond the traditional meeting room, gathering Kiosks together around a team-focused table instantly creates a destination for collaboration. With Kiosks, this team workshop space supports technology, personal storage and space division. (Locker Kiosk, Counter Storage Kiosk, Counter Recycling Kiosk and Media Kiosk).

TEAM FOCUS SPACE

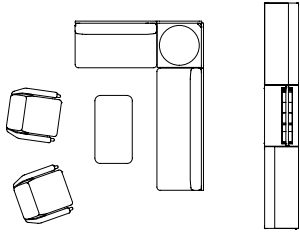

Heads down focus team space allows users to work together or independently. Surrounded by various storage solutions, tackboards or whiteboards, this type of Team Focus Space includes everything required for a productive work day. (Open Shelves Kiosk, Counter Storage Kiosk, Locker Kiosk and Gallery Kiosk)

kiosks planning styles

SOCIAL LOUNGE

Placed alone or grouping several Open Shelves Kiosks side by side forms desirable casual space division while maintaining a visual connection to areas beyond the lounge. These featured Kiosks are useful display units for showcasing items or storing materials. (Open Shelves Kiosk with Full-Height Fabric Add-on and Planter Kiosk).

planning with kiosks

The following Kiosk thought starters can be found on the Teknion Planning Tool.

 **TEKNION PLANNING TOOL – KIOSKS**

kiosk finishes

Kiosks have a curated palette of Teknion finishes.

Bases and end trims are offered in four neutral finishes and when combined with metal and laminate finishes can create a neutral backdrop or a splash of color to a layout.
