

HBF Textiles Sustainability Certification & Recycled Content Summary

HBF Textiles enriches lives and spaces through the essential qualities of fabric, showcasing craftsmanship and intentional design. Our expertise lies in understanding yarn, dyeing, spinning, structure, and weave. As part of HNI Corporation, we prioritize sustainability and social responsibility—respecting people, reducing impact, and fostering transparency. We source fibers thoughtfully, buy locally, use fewer chemicals, and continually improve our processes. Beyond textiles, we build lasting relationships and honor a 200-year legacy of North Carolina manufacturing, collaborating globally to explore the endless possibilities of fabric.

HBF TEXTILES

**Some skus still contain PFAS.*

Antimicrobial, Flame retardant, PFCs and PVC free means the textile pattern (all colors) do not contain these chemicals. PVC is defined as polyvinyl chloride. PFCs are defined as a category of compounds that include long and short chain per- and poly-fluorinated alkyl compounds and fluorinated polymers. Post-Industrial recycled content is the same as Pre-consumer recycled content.
