

For Residential
Low-Slope Applications

Impact and Fire Resistant Solutions

Strong and Stylish

Flintlastic® SA Cap FR, a self-adhered membrane for low-sloped roof pitches such as porches and carports, is engineered to outperform mother nature and designed to match our toughest shingles. A strong roof. A stylish home.

Flintlastic SA Cap FR membranes are manufactured with a true blend color match to our most popular Class IV Impact Resistant Shingles:

- Presidential Shake® IR
- Landmark® IR
- NorthGate®
- Belmont® IR
